Migratory Bird Hunting; Service Regulations Committee Meeting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meeting.

SUMMARY: The U.S. Fish and Wildlife Service (hereinafter Service) will conduct an open meeting in June 2017 to identify and discuss preliminary issues concerning the 2018–19 migratory bird hunting regulations.

DATES: The meeting will be held June 21, 2017. The meeting will commence at approximately 11:00 a.m. and is open to the public.

ADDRESSES: The Service Regulations Committee meeting will be in the Rachel Carson conference room at 5275 Leesburg Pike, Falls Church, Virginia 22041.

FOR FURTHER INFORMATION CONTACT: Ron W. Kokel, U.S. Fish and Wildlife Service, Department of the Interior, MS: MB, 5275 Leesburg Pike, Falls Church, VA 22041–3803; (703) 358–1967.

SUPPLEMENTARY INFORMATION: Under the authority of the Migratory Bird Treaty Act (16 U.S.C. 703–712), the Service regulates the hunting of migratory game birds. We update the migratory game bird hunting regulations, located in title 50 of the Code of Federal Regulations in part 20, annually. Through these regulations, we establish the frameworks, or outside limits, for season lengths, bag limits, and areas for migratory game bird hunting. To help us in this process, we have administratively divided the nation into four Flyways (Atlantic, Mississippi, Central, and Pacific), each of which has a Flyway Council. Representatives from the Service, the Service's Migratory Bird Regulations Committee, and Flyway Council Consultants will meet on June 21, 2017, at 11:00 a.m. to identify preliminary issues concerning the 2018–19 migratory bird hunting regulations for discussion and review by the Flyway Councils at their August and September meetings.

In accordance with Department of the Interior (hereinafter Department) policy regarding meetings of the Service Regulations Committee attended by any person outside the Department, these meetings are open to public observation. The Service is committed to providing

access to this meeting for all participants. Please direct all requests for sign language interpreting services, closed captioning, or other accommodation needs to the person listed under **FOR FURTHER INFORMATION CONTACT**, TTY 800–877–8339, with your request by close of business on June 14, 2017.

Dated: May 15, 2017.

Jerome Ford,

Assistant Director, Migratory Birds, U.S. Fish and Wildlife Service.

Agency Information Collection Activities: OMB Control Number 1076–0177; Tribal Energy Development Capacity Program

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Assistant Secretary—Indian Affairs is seeking comments on the renewal of Office of Management and Budget (OMB) approval for the collection of information for the Tribal Energy Development Capacity (TEDC) program authorized by OMB Control Number 1076–0177. This information collection expires August 31, 2017.

DATES: Submit comments on or before August 14, 2017.

ADDRESSES: You may submit comments on the information collection to Mr. Chandler Allen, Division of Energy and Mineral Development, Office of Indian Energy and Economic Development, Assistant Secretary—Indian Affairs, 13922 Denver West Parkway, Suite 200, Lakewood, CO 80401; facsimile: (303) 969–5273; email: *Chandler.Allen@bia.gov*.

FOR FURTHER INFORMATION CONTACT: Mr. Chandler Allen, telephone: (720) 407–0607.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The Energy Policy Act of 2005 authorizes the Secretary of the Interior to provide assistance to Indian Tribes and Tribal energy resource development organizations for energy development and appropriates funds for such projects on a year-to-year basis. *See* 25 U.S.C.

3502. When funding is available, the Office of Indian Energy and Economic Development (IEED) may solicit proposals for projects for building capacity for Tribal energy resource development on Indian land from Tribal energy resource development organizations and Indian Tribes, including Alaska Native regional and village corporations under the TEDC program. For the purposes of this program, “Indian land” includes: All land within the boundaries of an Indian reservation, pueblo, or rancheria; any land outside those boundaries that is held by the United States in trust for a Tribe or individual Indian or by a Tribe or individual Indian with restrictions on alienation; and land owned by an Alaska Native regional or village corporation.

Those who would like to submit a TEDC project proposal must submit an application that includes certain information and, once funding is received must submit reports on how they are using the funding. A complete application must contain the following:

- A formal signed resolution of the governing body of the Tribe or Tribal energy resource development organization demonstrating authority to apply;
- A proposal describing the planned activities and deliverable products; and
- A detailed budget estimate, including contracted personnel costs, travel estimates, data collection and analysis costs, and other expenses.

The project proposal must include the information about the Tribe or Tribal energy resource development organization sufficient to allow IEED to evaluate the proposal based on the following criteria:

- (a) Energy resource potential;
- (b) Applicant's energy resource development history and current status;
- (c) Applicant's existing energy resource development capabilities;
- (d) Demonstrated willingness of the applicant to establish and maintain an independent energy resource development business entity;
- (e) Intent to develop and retain energy development capacity within the applicant's government or business entities; and
- (f) Applicant commitment of staff, training, or monetary resources.

The IEED requires this information to ensure that it provides funding only to those projects that meet the goals of the TEDC and the purposes for which Congress provides the appropriations.

II. Request for Comments

The IEED requests your comments on this collection concerning: (a) The

necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

III. Data

OMB Control Number: 1076–0177.

Title: Tribal Energy Development Capacity Program Grants.

Brief Description of Collection: Indian Tribes and Tribal energy resource development organizations that would like to apply for TEDC funding must submit an application that includes certain information. A complete application must contain a formal signed resolution of the governing body of the Tribe or Tribal energy resource development organization, a proposal describing the planned activities and deliverable products; and a detailed budget estimate, including contracted personnel costs, travel estimates, data collection and analysis costs, and other expenses. The IEED requires this information to ensure that it provides funding only to those projects that meet the goals of the TEDC program and purposes for which Congress provides the appropriation. Upon acceptance of an application, the successful applicant must then submit one- to two-page progress reports twice during the grant period summarizing events, accomplishments, problems and/or results in executing the project.

Type of Review: Extension without change of currently approved collection.

Respondents: Indian Tribes and Tribal energy resource development organizations under 25 U.S.C. 3502.

Number of Respondents: 27 per year, on average; 13 project participants each year, on average.

Frequency of Response: Once per year for applications; 4 times per year for progress reports.

Estimated Time per Response: 40 hours per application; 1.5 hours per progress report.

Obligation to Respond: Response is required to obtain a benefit.

Estimated Total Annual Hour Burden: 1,158 hours (1,080 for applications and 78 for progress reports).

Estimated Total Annual Non-Hour Dollar Cost: \$0.

Authority

The authorities for this action are the Energy Policy Act of 2005, 25 U.S.C. 3502, and the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*

Elizabeth K. Appel,

Director, Office of Regulatory Affairs and Collaborative Action—Indian Affairs.

Draft Environmental Impact Statement for Shasta Dam Fish Passage Evaluation, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent and scoping meetings.

SUMMARY: The Bureau of Reclamation intends to prepare an Environmental Impact Statement (EIS) for the Shasta Dam Fish Passage Evaluation. The document will evaluate the program that will be used to implement the near-term actions identified under Action V in the National Marine Fisheries Service's 2009 Biological Opinion and Conference Opinion on the Long-Term Operation of the Central Valley Project and State Water Project Reasonable and Prudent Alternative. This EIS will evaluate the near-term actions of reintroducing Federally-listed endangered winter-run Chinook salmon and potentially spring-run Chinook salmon to historical habitats.

DATES: Submit written comments on the scope of the EIS on or before July 21, 2017.

Oral and written comments will also be accepted during two scoping meetings held to solicit public input on alternatives, concerns, and issues to be addressed in the EIS:

1. Tuesday, June 27, 2017, 2–4 p.m., Sacramento, CA.

2. Wednesday, June 28, 2017, 6–8 p.m., Lakehead, CA.

ADDRESSES: Send written comments to Carolyn Bragg, Natural Resources Specialist, Bureau of Reclamation, Bay-Delta Office, 801 I Street, Suite 140, Sacramento, CA 95814–2536; fax to (916) 414–2439; or email at cbragg@usbr.gov.

The scoping meetings will be held at the following locations:

1. Sacramento—Federal Building, Cafeteria Room C–1001, 2800 Cottage Way, Sacramento, CA 95825.

2. Lakehead—Lakehead Lions Club, 20814 Mammoth Drive, Lakehead, CA 96051.

FOR FURTHER INFORMATION CONTACT:

Carolyn Bragg, (916) 414–2433, fax (916) 414–2439, or email cbragg@usbr.gov.

SUPPLEMENTARY INFORMATION:

I. Agencies Involved

The Bureau of Reclamation (Reclamation) will invite the following agencies to participate as cooperating agencies for the preparation of the EIS in accordance with the National Environmental Policy Act (NEPA): National Marine Fisheries Service, U.S. Fish and Wildlife Service, U.S. Forest Service, California Department of Fish and Wildlife, California Department of Water Resources, California State Water Resources Control Board, Shasta County, Siskiyou County, and additional Federal and State agencies with jurisdiction in the project area.

II. Why We Are Taking This Action

The National Marine Fisheries Service's 2009 Biological Opinion and Conference Opinion on the Long-term Operation of the Central Valley Project and State Water Project (NMFS BO) concluded that the continued operation of the Central Valley Project and the State Water Project were likely to jeopardize the continued existence of four anadromous species listed under the federal Endangered Species Act: Sacramento River winter-run Chinook salmon (*Oncorhynchus tshawytscha*), Central Valley spring-run Chinook salmon (*Oncorhynchus tshawytscha*), California Central Valley steelhead (*Oncorhynchus mykiss*), and the Southern Distinct Population Segment of North American green sturgeon (*Acipenser medirostris*). The NMFS BO sets forth a Reasonable and Prudent
