DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 1260

[Doc. # AMS-LPS-16-0071]

Beef Promotion and Research; Reapportionment

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This final rule adjusts representation on the Cattlemen's Beef Promotion and Research Board (Board), established under the Beef Promotion and Research Act of 1985 (Act), to reflect changes in domestic cattle inventories and changes in levels of imported cattle, beef, and beef products that have occurred since the Agricultural Marketing Service (AMS) last reapportioned the Board in July 2014. These adjustments are required by the Beef Promotion and Research Order (Order) and will result in a decrease in Board membership from 100 to 99, effective with the U.S. Department of Agriculture's (USDA) appointments for terms beginning early in the year 2018.

DATES: Effective July 17, 2017.

FOR FURTHER INFORMATION CONTACT: Mike Dinkel, Agricultural Marketing Specialist; Research and Promotion Division; Livestock, Poultry, and Seed Program, AMS, USDA; Room 2610-S, STOP 0249, 1400 Independence Avenue SW., Washington, DC 20250-0249; via telephone at (301) 352-7497; or by email at Michael.Dinkel@ams.usda.gov.

SUPPLEMENTARY INFORMATION:

Executive Orders 12866 and 13771, and Regulatory Flexibility Act

This rule does not meet the definition of a significant regulatory action contained in section 3(f) of Executive Order 12866 and is not subject to review by the Office of Management and Budget (OMB). Additionally, because

this rule does not meet the definition of a significant regulatory action, it does not trigger the requirements contained in Executive Order 13771. See OMB's Memorandum titled "Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017, titled 'Reducing Regulation and Controlling Regulatory Costs'" (February 2, 2017). Under the requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601-612), AMS has considered the economic impact of this action on small entities. The purpose of the RFA is to fit regulatory actions to the scale of businesses subject to such actions in order that small businesses will not be unduly or disproportionately burdened.

Executive Order 12988

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule is not intended to have a retroactive effect.

The Act prohibits states or political subdivisions of a state to impose any requirement that is in addition to, or inconsistent with, any requirement of the Act. There are no civil justice implications associated with this final rule.

Paperwork Reduction Act

In the February 2013 publication of "Farms, Land in Farms, and Livestock Operations," USDA's National Agricultural Statistics Service estimated that the number of operations in the U.S. with cattle totaled approximately 915,000 in 2012, down from 950,000 in 2009. There are approximately 270 importers who import beef or edible beef products into the United States and 198 importers who import live cattle into the United States. It is estimated that the majority of those operations subject to the Order are considered small businesses under the criteria established by the Small Business Administration (SBA) [13 CFR 121.201]. SBA generally defines small agricultural service firms as those having annual receipts of \$7.5 million or less, and small agricultural producers are generally defined as those having annual receipts of less than \$750,000.

The final rule imposes no new burden on the industry; it only adjusts representation on the Board to reflect changes in domestic cattle inventory, as well as in cattle and beef imports. The adjustments are required by the Order

and will result in a decrease in Board membership from 100 to 99.

AMS is committed to complying with the E-Government Act of 2002 to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

Background

The Act established a national beef research and promotion program—administered by the Board—that is financed through industry assessments and subject to oversight by USDA's AMS. This program of promotion and research is designed to strengthen the position of beef and beef products in the marketplace and to establish, maintain, and expand markets for beef and beef products both domestically and internationally. Domestic representation on the Board is based on cattle inventory numbers, while importer representation is based on the conversion of the volume of imported cattle, beef, and beef products into live animal equivalencies.

Section 1260.141(c) of the Order provides that at least every 3 years and not more than every 2 years, the Board shall review the geographic distribution of cattle inventories throughout the United States and the volume of imported cattle, beef, and beef products and, if warranted, shall reapportion units and/or modify the number of Board members from units to reflect the geographic distribution of cattle production volume in the United States and the volume of cattle, beef, or beef products imported into the United States.

Section 1260.141(d) of the Order authorizes the Board to recommend to the Secretary of Agriculture modifications to the number of cattle per unit necessary for representation on the Board.

Section 1260.141(e)(1) of the Order provides that each geographic unit or state that includes a total cattle inventory equal to or greater than 500,000 head of cattle shall be entitled to one representative on the Board. Section 1260.141(e)(2) provides that states that do not have total cattle inventories equal to or greater than

500,000 head shall be grouped, to the extent practicable, into geographically contiguous units, each of which has a combined total inventory of not less than 500,000 head. Such grouped units are entitled to at least one representative on the Board. Each unit is entitled to an

additional Board member for each additional 1 million head of cattle within the unit, as provided in § 1260.141(e)(4). Further, as provided in § 1260.141(e)(3), importers shall be represented by a single unit, with the number of Board members representing

such unit based on a conversion of the total volume of imported cattle, beef, or beef products into live animal equivalencies.

Representation of states and units affected by this final rule is as follows:

State/unit	Current representation	Revised representation
Virginia	2	1
Texas	13	12
Importers	6	7

The Board reapportionment will take effect with appointments to fill positions early in the year 2018.

Summary of Comments

AMS published the notice of proposed rulemaking in the **Federal Register** on January 13, 2017. The comment period closed on April 13, 2017. AMS received four timely comments. Three of the four comments were outside the scope of the rule. One commenter suggested that the latest statistical survey of cattle in Virginia released in February 2017 verifies that Virginia does in fact retain the prerequisite greater than 1.5 million head of cattle to justify two seats on the Board. For the purpose of this final rule,

domestic cattle numbers are determined by using an average of 3 years to better reflect the geographic distribution of cattle production volume in the United States. Accordingly, this comment was not adopted.

Background

On May 20, 1997, the President issued Executive Order 13047, "Prohibiting New Investment in Burma" (E.O. 13047), in which the President declared a national emergency to deal with the unusual and extraordinary threat to the national security and foreign policy of the United States posed by the actions and policies of the Government of Burma, in response to a deepening pattern of severe repression by the State Law and Order Restoration Council, the then-governing regime in Burma. In E.O. 13047, the President also determined and certified that, for purposes of section 570(b) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1997 (Public Law 104-208), the Government of Burma had committed large-scale repression of the democratic opposition in Burma after September 30, 1996, and E.O. 13047 imposed a prohibition on new investment in
