**SUPPLEMENTARY INFORMATION****A. Purpose and Background:**

In October 2013, Congress passed the HSA. The HSA requires the Department of the Interior, through the BLM Director, to offer for auction and sale annually a portion of the helium reserves owned by the United States and stored underground at the Cliffside Gas Field, near Amarillo, Texas.

On July 23, 2014, the BLM published a "Final Notice for Implementation of Helium Stewardship Act Sales and Auctions" in the **Federal Register** (79 FR 42808) (2014 Final Notice). The 2014 Final Notice contained information about the HSA, definitions of terms used in the Notice, the reasons for the action, and a process for conducting the auctions and sales in FY 2014.

On August 24, 2015, the BLM published a "Notice of Final Action: Crude Helium Sale and Auction for Fiscal Year 2016 Delivery" in the **Federal Register** (80 FR 51304) (2015 Final Notice). The 2015 Final Notice refined the process the BLM used in 2014 for conducting the auction and sale of crude helium. The BLM will use the process set forth in the 2015 Final Notice for the auction and sale of crude helium to occur in FY 2017 for FY 2018 delivery.

Both the 2014 and 2015 Final Notices are available from the Helium Stewardship, HSA Implementation page of the BLM helium Web site at [www.blm.gov/programs/energy-and-minerals/helium](http://www.blm.gov/programs/energy-and-minerals/helium).

**B. Volumes Offered in the FY 2018 Helium Auction and Sale**

Table 1 identifies the volumes to be offered for auction and sale in FY 2017 for FY 2018 delivery.

TABLE 1—PROJECTED VOLUMES FOR AUCTION AND SALES FOR FY 2018 DELIVERY

Fiscal year (FY)	Forecasted production capability (NITEC study) MMcf *	In-kind sales (sales to federal users) MMcf	Total remaining production available for sale/ auction or delivery MMcf	Volume available for auction MMcf	Volume available for non-allocated sale MMcf	Volume available for sale MMcf

\* MMcf means one million cubic feet of gas measured at standard conditions of 14.65 per square inch atmosphere (psia) and 60 degrees Fahrenheit.

\*\* 55% of total production capacity after deducting in-kind (rounded).

**C. FY 2018 Helium Auction**

*1.01 What is the minimum FY 2018 auction price and the FY 2018 sales price?*

The minimum FY 2018 auction price is \$100 per Mcf (one thousand cubic feet of gas measured at standard conditions of 14.65 psia and 60 degrees Fahrenheit). The BLM will announce the FY 2018 sale price after the auction has concluded, and the BLM completes its analysis of the auction information. The BLM will use this information to publish the crude helium price for FY 2018. The BLM publishes this crude helium price, effective October 1, 2017, in order to provide a consistent index to the world-wide helium market.

*1.02 What will happen to the helium offered but not sold in the helium auction?*

Any volume of helium offered, but not sold in the FY 2018 auction, will be added to the helium available for sale and will be offered in the FY 2019 sale.

*1.03 When will the auction and sale take place?*

The BLM will offer helium for FY 2018 according to the following schedule:

- July 19, 2017 FY 2018 helium auction held in Amarillo, Texas
- July 24, 2017 FY 2018 helium auction results published on the BLM Web site
- July 28, 2017 Invoices for auction sent on or before this date; payments due 30 days from invoice
- August 2, 2017 Invitation for offers (IFO) posted for helium sale
- August 17, 2017 Bids due from IFO
- August 21, 2017 Award announcements published on the BLM Web site
- August 25, 2017 Invoices for sale sent on or before; payments due 30 days from invoice
- September 30, 2017 Helium transferred to buyers' storage accounts (in accordance with Section 1.08)

*1.04 What is the auction format?*

The auction will be a live auction, held in the main conference room of the Amarillo Field Office at 1:00 p.m. Central Time, on July 19, 2017. The address is 801 South Fillmore, Suite 500, Amarillo, TX 79101. Anyone meeting the HSA definition of a qualified bidder may participate in the auction. The logistics for the auction and the pre-bid qualification form is included in a document entitled, "FY 2018 Helium Auction Notice and Guide" on the Helium Stewardship page of the BLM Helium Program Web site at [www.blm.gov/programs/energy-and-minerals/helium](http://www.blm.gov/programs/energy-and-minerals/helium). Questions related to the auction can be submitted by phone to the BLM at 806-356-1001.

*1.05 Who is qualified to purchase helium at the auction?*

Only qualified bidders, as defined in 50 U.S.C. 167(9), may participate in and purchase helium at the auction. The BLM will make the final determination of who is a qualified bidder using the HSA's definition of a qualified bidder, regardless of whether or not that person was previously determined to be a qualified bidder.

*1.06 How many helium lots does the BLM anticipate offering at the FY 2018 auction?*

The BLM anticipates auctioning 500 MMcf in a total of 30 lots for delivery in FY 2018. The lots would be divided as follows:

- 13 lots of 25 MMcf each;
- 9 lots of 15 MMcf each; and
- 8 lots of 5 MMcf each.

*1.07 What must I do to bid at auction?*

The BLM has described the live auction procedures, including detailed bidding instructions and pre-bid registration requirements, in a document entitled, "FY 2018 Auction Notice and Guide" available on the BLM's helium page at [www.blm.gov/programs/energy-and-minerals/helium](http://www.blm.gov/programs/energy-and-minerals/helium).

The "FY 2018 Auction Notice and Guide" is located in the Helium Stewardship, HSA Implementation page of the BLM Federal Helium Program Web site.

*1.08 When will helium that is purchased at sale or won at auction be available in the purchaser's storage account?*

The BLM will transfer the volumes purchased in the FY 2018 auction and sale to the buyer's storage accounts beginning on the first day of the month following receipt of payment.

**D. FY 2018 Helium Sale**

*2.01 Who will be allowed to purchase helium in the FY 2018 sale?*

The crude helium sale will be separated into two distinct portions, a non-allocated portion and an allocated portion. The non-allocated portion will be ten percent of the total amount offered for sale for FY 2018, and will be available to those storage contract holders who do not have ability to accept delivery of crude helium from the Federal Helium Pipeline (as defined in 50 U.S.C. 167(2)) as of May 30, 2017. The allocated portion will be ninety percent of the total amount offered for sale for FY 2018, and will be available to any person (including individuals, corporations, partnerships, or other entities) with the ability to accept delivery of crude helium from the Federal Helium Pipeline (as defined in 50 U.S.C. 167(2)).

*2.02 How will helium sold in the FY 2018 sale be allocated among those participating in the non-allocated sale?*

The non-allocated sale will be made available to all qualified offerors not eligible to participate in the allocated sales. The minimum volume that can be requested is 1 MMcf. The total volume available for the non-allocated portion of the sale is 40 MMcf. Any volumes not sold at auction will be distributed between the non-allocated (10 percent)

and the allocated sale (90 percent). Any volumes not purchased at the non-allocated sale will be sold in the allocated portion.

*2.03 How will the helium sold in the FY 2018 sale be allocated among the persons to accept delivery of crude helium from the Federal Helium Pipeline?*

Any person wishing to participate in the allocated portion of the FY 2018 sale needs to report its excess refining capacity and operational capacity a minimum of 14 calendar days prior to the sale, using the Excess Refining Capacity form. The form can be downloaded at [www.blm.gov/programs/energy-and-minerals/helium](http://www.blm.gov/programs/energy-and-minerals/helium). The form is located in the Helium Stewardship, HSA Implementation page of the Web site. Each person participating in the sale will then be allocated a proportional share based upon that person's operational capacity.

*2.04 How does a person apply for access to the Federal Helium Pipeline for the purpose of taking crude helium?*

The steps for taking crude helium are provided in the BLM's Helium Operations Web site at [www.blm.gov/programs/energy-and-minerals/helium](http://www.blm.gov/programs/energy-and-minerals/helium). The steps are contained in a document entitled, "How to Establish a Storage Contract and Pipeline Connection Point" located in the Federal Helium Operations/Helium Storage page of the Web site. Reporting forms can be downloaded at the same Web site address. Reporting forms are located in the Helium Stewardship, HSA Implementation page of the BLM Federal Helium Program Web site, and show the requirements and due dates for each report. The length of time required to apply for and obtain access to the Federal Helium Pipeline can vary based on the person's plans for plant construction, pipeline metering installation, and other variables. The BLM is available to provide technical assistance, including contact information for applying for access and meeting any applicable National Environmental Policy Act requirements.

**E. Delivery of Helium in FY 2018**

*3.01 When will I receive the helium that I purchase in a sale or win based on a successful auction bid?*

Helium purchased at the FY 2018 sale or won at the FY 2018 auction will be delivered starting September 30, 2017, in accordance with the crude helium storage contract. The intent is to ensure delivery of all helium purchased at sale

or auction up to the BLM's production capability for the year.

*3.02 How will the BLM prioritize delivery?*

The HSA gives priority to Federal in-kind helium (*i.e.*, helium sold to Federal users) (50 U.S.C. 167d(b)(1)(D)) and (b)(3)). After meeting that priority, the BLM will make delivery on a reasonable basis, as described in the crude helium storage contract, to ensure storage contract holders who have purchased or won helium at auction have the opportunity during the year to have that helium produced or refined in monthly increments.

**F. Background Documents**

Supplementary documents referenced in this Notice are available at the BLM helium operations Web site at: [www.blm.gov/programs/energy-and-minerals/helium](http://www.blm.gov/programs/energy-and-minerals/helium). They are located in the Helium Stewardship, HSA Implementation page of the Web site, and include the following documents:
