SUPPLEMENTARY INFORMATION: The project is located in Madera County, CA in T. 6 S.; R. 23E, 24E, Sections 13, 18, 19. Dave and Steve Torosian have one lode claim (Try Me 1) and three placer claims (Try Me 2, 3, & 5) along an unnamed perennial stream channel tributary to West Fork Chiquito Creek, above Soda Springs. Dave and Steve Torosian have submitted a proposal to mine gold bearing alluvial gravels primarily in their Try Me 2 claim. The Try Me 2 Claim is located along approximately 1,350 feet of perennial stream channel. The Sierra National Forest received a Notice of Intent (NOI) from Dave and Steve Torosian to mine gravels along an unnamed perennial stream channel, tributary to West Fork Chiquito Creek. Upon review of the NOI, it was determined that the proposal would likely result in significant impacts to the stream channel and associated surface resources and a Plan of Operation (PoO) with details of their proposal was requested. The role of the USFS regarding mining activities on National Forest system lands is to ensure that mining activities minimize adverse environmental effects to surface resources, and comply with all applicable environmental laws. Congress has not given the USFS authority to unreasonably circumscribe
