Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

#### Environmental Site Review

The potential applicant and Commission staff will conduct an Environmental Site Review of the project on Thursday, July 27, 2017, starting at 9:00 a.m. All participants should meet at the Squa Pan Dam, located at Squapan Hydro Road, Masardis, Maine 04732. All participants are responsible for their own transportation. Anyone with questions about the site visit should contact Mr. James Veil of Algonquin at (207-551-9881) on or before July 13, 2017.

#### Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

#### Meeting Procedures

The meetings will be recorded by a stenographer and will be placed in the public records of the project.

Dated: June 16, 2017.

[Docket No. CP17-464-000]

#### Rover Pipeline LLC; Notice of Amendment

On May 17, 2017, Rover Pipeline LLC (Rover), 1300 Main Street, Houston, Texas 77002, filed a variance request in Docket No. CP15-93-000. The Commission is treating the variance request as an application to amend its Rover Pipeline Project under section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations, and hereby gives notice of the proposed amendment. Specifically, Rover requests authorization to install a third 3,550 horsepower natural gas compressor unit at the Majorsville Compressor Station and a new equipment run at the Majorsville Meter Station in Marshall County, West Virginia. The proposal would increase the point capacity of the Majorsville Compressor Station and the Majorsville Meter Station from 300 million cubic feet per day (MMcf/d) to 400 MMcf/d, all as more fully set forth in the request which is on file with the Commission and open to public inspection. The filing may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document.
