

notification of proposed production activity to the FTZ Board on behalf of DNP Imagingcomm America Corporation (DNP), operator of Subzone 57C, located in Concord, North Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 30, 2017.

DNP already has authority to slit foreign jumbo rolls of thermal transfer ribbons, dye sublimation transfer ribbon (STR), and assemble STR photo printer components (including photo printer packages—printer cartridges and paper) within Subzone 57C. DNP's new activity would add foreign status coatings and lamination to semi-completed coated paper to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt DNP from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, DNP would be able to choose the duty rate during customs entry procedures that applies to the finished products in the existing scope of authority for the foreign-status materials/components noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Polyurethane composed of urethane resin, m-xylylene diisocyanate and ethyl acetate; catalyst for sealant and adhesive formulation; polyurethane resin; binding agent for polyurethane coatings; propylene film; coated wood-free paper; chemical reaction initiators; components of printing ink; plastic film; chemical binders; and, resin—binder used in ink (duty rate ranges from free to 6.5%)

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 2, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

#### **Foreign-Trade Zone 57—Mecklenburg County, North Carolina; Application for Production Authority; Gildan Yarns, LLC (Cotton and Cotton/Polyester Yarns); Salisbury, North Carolina**

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Charlotte Regional Partnership, Inc., grantee of FTZ 57, requesting export-only production authority on behalf of Gildan Yarns, LLC (Gildan), located in Salisbury, North Carolina. The application conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.23) was docketed on June 16, 2017.

The Gildan facility (400 employees, 104 acres) is located within Site 19 of FTZ 57. The facility is used to produce spun cotton and cotton/polyester yarns for export. Production under FTZ procedures could exempt Gildan from customs duty payments on the foreign component used in export production. The sole foreign-origin material (representing 10% of the value of the finished product) to be used in the export production is polyester staple fiber (duty rate 4.3%). Customs duties also could possibly be deferred or reduced on foreign-status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the FTZ Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is August 22, 2017. Rebuttal comments in response to material submitted during
