

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2016-9378; Airspace
Docket No. 16-ASW-16]

**Proposed Amendment, Revocation,
and Establishment of Class D and E
Airspace; Enid Vance AFB, OK; Enid
Woodring Municipal Airport, OK; Enid,
OK; and Vance AFB, OK**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to:
Remove Class D airspace for Enid
Woodring Municipal Airport, OK, and
Enid Vance AFB, OK; establish Class D
airspace for Enid Woodring Regional
Airport, Enid, OK, and Vance AFB,
Vance AFB, OK; amend Class E airspace
designated as a surface area for Enid
Woodring Regional Airport; establish
Class E airspace designated as a surface
area for Vance AFB; remove Class E
airspace designated as an extension of
Class D and E surface area at Enid
Woodring Municipal Airport, OK, and
Enid Vance AFB, OK; establish Class E
airspace designated as an extension of
Class D and E surface area at Enid
Woodring Regional Airport and Vance
AFB; and amend Class E airspace
extending upward from 700 feet above
the surface at Enid Woodring Regional
Airport. Due to the differing operating
hours of the two airports, the airspace
descriptions would be separated for
safety and management of instrument
flight rules (IFR) operations at these
airports. Also, airspace redesign is
necessary to accommodate new
standard instrument approach
procedures (SIAPS) at Woodring
Regional Airport.

DATES: Comments must be received on
or before August 10, 2017.

ADDRESSES: Send comments on this
proposal to the U.S. Department of
Transportation, Docket Operations,
West Building Ground Floor, Room
W12-140, 1200 New Jersey Avenue SE.,
Washington, DC 20590; telephone (202)
366-9826, or 1-800-647-5527. You
must identify FAA Docket No. FAA-
2016-9378; Airspace Docket No. 16-
ASW-16, at the beginning of your
comments. You may also submit
comments through the Internet at <http://www.regulations.gov>. You may review
the public docket containing the
proposal, any comments received, and
any final disposition in person in the
Dockets Office between 9:00 a.m. and

5:00 p.m., Monday through Friday,
except Federal holidays.

FAA Order 7400.11A, Airspace
Designations and Reporting Points, and
subsequent amendments can be viewed
online at http://www.faa.gov/air_traffic/publications/. For further information,
you can contact the Airspace Policy
Group, Federal Aviation
Administration, 800 Independence
Avenue SW., Washington, DC, 20591;
telephone: (202) 267-8783. The Order is
also available for inspection at the
National Archives and Records
Administration (NARA). For
information on the availability of FAA
Order 7400.11A at NARA, call (202)
741-6030, or go to http://www.archives.gov/federal_register/code_of_federal-regulations/ibr_locations.html.

FAA Order 7400.11, Airspace
Designations and Reporting Points, is
published yearly and effective on
September 15.

SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules
regarding aviation safety is found in
Title 49 of the United States Code.
Subtitle I, Section 106 describes the
authority of the FAA Administrator.
Subtitle VII, Aviation Programs,
describes in more detail the scope of the
agency's authority. This rulemaking is
promulgated under the authority
described in Subtitle VII, Part, A,
Subpart I, Section 40103. Under that
section, the FAA is charged with
prescribing regulations to assign the use
of airspace necessary to ensure the
safety of aircraft and the efficient use of
airspace. This regulation is within the
scope of that authority as it would
amend Class D and E airspace in the
Enid, OK, area.

Comments Invited

Interested parties are invited to
participate in this proposed rulemaking
by submitting such written data, views,
or arguments, as they may desire.
Comments that provide the factual basis
supporting the views and suggestions
presented are particularly helpful in
developing reasoned regulatory
decisions on the proposal. Comments
are specifically invited on the overall
regulatory, aeronautical, economic,
environmental, and energy-related
aspects of the proposal.

Communications should identify both
docket numbers and be submitted in
triplicate to the address listed above.
Commenters wishing the FAA to
acknowledge receipt of their comments
on this notice must submit with those
comments a self-addressed, stamped
postcard on which the following
statement is made: "Comments to
Docket No. FAA-2016-9378/Airspace
Docket No. 16-ASW-16." The postcard
will be date/time stamped and returned
to the commenter.

All communications received before
the specified closing date for comments
will be considered before taking action
on the proposed rule. The proposal
contained in this notice may be changed
in light of the comments received. A
report summarizing each substantive
public contact with FAA personnel
concerned with this rulemaking will be
filed in the docket.

Availability of NPRMs

An electronic copy of this document
may be downloaded through the
Internet at <http://www.regulations.gov>.
Recently published rulemaking
documents can also be accessed through
the FAA's Web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket
containing the proposal, any comments
received, and any final disposition in
person in the Dockets Office (see the
ADDRESSES section for the address and
phone number) between 9:00 a.m. and
5:00 p.m., Monday through Friday,
except federal holidays. An informal
docket may also be examined during
normal business hours at the Federal
Aviation Administration, Air Traffic
Organization, Central Service Center,
Operations Support Group, 10101
Hillwood Parkway, Fort Worth, TX
76177.

**Availability and Summary of
Documents for Incorporation by
Reference**

This document proposes to amend
FAA Order 7400.11A, Airspace
Designations and Reporting Points,
dated August 3, 2016, and effective
September 15, 2016. FAA Order
7400.11A is publicly available as listed
in the **ADDRESSES** section of this
document. FAA Order 7400.11A lists
Class A, B, C, D, and E airspace areas,
air traffic service routes, and reporting
points.

The Proposal

The FAA is proposing an amendment
to Title 14 Code of Federal Regulations
(14 CFR) part 71 by:

Removing Class D airspace at Enid Woodring Municipal Airport, OK;
Removing Class D airspace at Enid Vance AFB, OK;

Establishing Class D airspace at Enid Woodring Regional Airport, Enid, OK, within a 4.5-mile radius of the airport;¹

Establishing Class D airspace at Vance AFB, Vance AFB, OK, within a 5.1-mile radius of the airport;

Amending Class E airspace designated as a surface area within a 4.5-mile radius (increased from a 4.1-mile radius) of Enid Woodring Regional Airport, Enid, OK, removing the portion within a 5.1-mile radius of Vance AFB, and removing Vance AFB from the airspace description;

Establishing Class E airspace designated as a surface area within a 5.1 mile radius of Vance AFB, Vance AFB, OK;

Removing Class E airspace designated as an extension to Class D or E surface area at Enid Vance AFB, OK;

Removing Class E airspace designated as an extension to Class D or E surface area at Enid Woodring Municipal Airport, OK;

Establishing Class E airspace designated as an extension to Class D or E surface area at Enid Woodring Regional Airport, Enid, OK, with a segment each side of the VOR/DME extending from the 4.5-mile radius of the airport to 7 miles north and 7 miles south of the airport;

Establishing Class E airspace designated as an extension to Class D or E surface area at Vance AFB, Vance AFB, OK, with a segment each side of the Vance VORTAC extending from the 5.1-mile radius to 6.1 miles south of the airport; and

Amending Class E airspace extending upward from 700 feet above the surface at Enid, OK, within a 7-mile radius (increasing from a 6.6-mile radius) of Woodring Regional Airport, removing the Woodring VOR/DME extensions, and updating the name of the airport to coincide with the FAA's aeronautical database.

The FAA determined that due to the differing operating hours of the two airports, the airspace descriptions should be separated for safety and management of IFR operations at these airports. Also, after an airspace review of the Woodring Regional Airport, the FAA found airspace redesign necessary at Enid Woodring Regional Airport to

accommodate new SIAPs at the airport and for the safety and management of IFR operations at these airports. The part-time NOTAM information would be included in the airspace descriptions for the new airspace and would be retained in the legal descriptions for the amended airspace.

Class D and E airspace designations are published in paragraph 5000, 6002, 6004, and 6005, respectively, of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016, is amended as follows:

Paragraph 5000 Class D Airspace.

* * * * *

ASW OK D Enid Woodring Municipal Airport, OK [Removed]

* * * * *

ASW OK D Enid Vance AFB, OK [Removed]

* * * * *

ASW OK D Enid, OK [New]

Enid Woodring Regional Airport, OK
(Lat. 36°22'33" N., long. 97°47'22" W.)

That airspace extending upward from the surface to and including 3,800 feet within a 4.5-mile radius of Enid Woodring Regional Airport, excluding that portion of airspace west of long. 97°51'01" W. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

* * * * *

ASW OK D Vance AFB, OK [New]

Vance AFB, OK
(Lat. 36°20'22" N., long. 97°55'02" W.)
Enid Woodring Regional Airport, OK
(Lat. 36°22'33" N., long. 97°47'22" W.)

That airspace extending upward from the surface to and including 3,800 feet within a 5.1-mile radius of Vance AFB excluding that portion east of long. 97°51'01" W., and excluding within a 4.5-mile radius of Enid Woodring Regional Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

BILLING CODE 4910-13-P**DEPARTMENT OF HOMELAND SECURITY****Coast Guard****33 CFR Part 165****[Docket Number USCG-2017-0400]****RIN 1625-AA00****Safety Zone, Delaware River; Pipe-Removal****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish temporary safety zones in portions of Billingsport Range, on the Delaware River, to facilitate the removal of existing pipelines along the river bed of the Federal Navigation Channel. The safety zones would be established for the waters of Billingsport Range, on the Delaware River, in the vicinity of working vessels and associated equipment. At times the working vessels and equipment may be in close proximity or impede the navigation channel. This regulation is necessary to provide for the safety of life on navigable waters of the Delaware River, in the vicinity of pipeline-removal operations, and is intended to protect mariners from the associated hazards.

DATES: Comments and related material must be received by the Coast Guard on or before July 11, 2017.

ADDRESSES: You may submit comments identified by docket number USCG-2017-0400 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or if email Petty Officer Amanda Boone, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division, Coast Guard; telephone (215) 271-4889, email Amanda.N.Boone@uscg.mil.

SUPPLEMENTARY INFORMATION:**I. Table of Abbreviations**

CFR Code of Federal Regulations
DHS Department of Homeland Security
E.O. Executive order
FR Federal Register
Pub. L. Public Law
§ Section
U.S.C. United States Code
COTP Captain of the Port

II. Background, Purpose, and Legal Basis

Paulsboro Natural Gas Pipeline Company and Buckeye Partners, L.P. notified the Coast Guard that removal of portions of old natural gas pipelines will need to be conducted in compliance with the Army Corps of Engineers request for removal due to the upcoming widening and deepening of the Delaware River, main navigational channel, in which the depth of the channel will be taken to 45 feet. The Captain of the Port Delaware Bay has determined that potential hazards associated with the pipe-removal operational would be a safety concern for anyone within a 150-yard radius of the working vessels.

The Coast Guard is proposing to issue this rule under authority in 33 U.S.C. 1231; 33 CFR 1.05-1 and 160.5; and Department of Homeland Security Delegation No. 0170.1. The Captain of the Port, Delaware Bay, has determined that potential hazards associated with pipe-removal operations, beginning on or about July 29, 2017, will be a safety concern for vessels attempting to transit the Delaware River, along Billingsport Range. This rule is needed to protect personnel, vessels, and the marine environment on the navigable waters within the safety zone while removal of the pipeline is being conducted.

III. Discussion of Proposed Rule

The Coast Guard Captain of the Port is proposing to establish temporary safety zones on portions of the Delaware River on or about July 29, 2017, until October 31, 2017, unless cancelled earlier by the Captain of the Port, to facilitate the removal of existing pipeline on the river bed of the Delaware River, along the Billingsport Range.

With plans to widen the commercial shipping channel in the Delaware River, the U.S. Army Corp of Engineers (ACOE) has requested both Paulsboro Natural Gas Pipeline Company, LLC (PBF) and Buckeye Partners, L.P. (BPL) modify their existing pipelines across the river that could cause hazards to mariners in the expanded shipping channel. This specifically pertains to PBF's 8" natural gas pipeline and BPL's 10" and 12" pipelines that run adjacent
