

Ramorum” (7 CFR 301.92 through 301.92–12, referred to as the regulation), USDA’s Animal and Plant Health Inspection Service (APHIS) restricts the interstate movement of certain regulated and restricted articles from quarantined areas in California and Oregon and regulated areas from California, Oregon, and Washington to prevent the artificial spread of *Phytophthora ramorum*, the pathogen that causes the plant disease commonly known as sudden oak death, ramorum leaf blight, and ramorum dieback.

Need and Use of the Information: APHIS will collect information through a compliance agreement to establish restrictions on the interstate movement of nursery stock from nurseries in non-quarantined counties in California, Oregon, and Washington. If California, Oregon, and Washington State did not comply with provisions by signing a compliance agreement, *P. ramorum* would have the potential to spread to eastern forests adversely impacting the ecosystem balances, foreign/domestic nursery stocks, and lumber markets.

Description of Respondents: Business or other for-profit and States.

Number of Respondents: 29.

Frequency of Responses: Recordkeeping; Reporting; On occasion.

Total Burden Hours: 199.

Animal and Plant Health Inspection Service

Title: Importation of Pomegranates from Chile under a System Approach.

OMB Control Number: 0579–0375.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701–7772), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into the United States or their dissemination within the United States. The regulations in “Subpart-Fruit and Vegetables” (7 CFR 319.56–58), prohibit or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination within the United States. The importation of pomegranates from Chile, into the continental United States, is under a system approach in which the fruit must be grown in a place of production that is registered with the Government of Chile and certified as having a low prevalence of *Brevipalpus chilensis*. The fruit undergoes pre-harvest sampling at the registered production site. After the post-harvest process, the fruit is inspected in Chile at an approved inspection site.

Need and Use of the Information: The Animal and Plant Health Inspection Service will use the following activities to collect information: Phytosanitary Certificate with/Additional Declaration, Production Site Registration, Marking of Cartons with Registration Number, and List of Certified Production Sites. Falling to collect this information would cripple APHIS’ ability to ensure pomegranates from Chile are not carrying plant pests.

Description of Respondents: State, Local or Tribal Government; Federal Government.

Number of Respondents: 5.

Frequency of Responses: Reporting; On occasion.

Total Burden Hours: 480.

Animal and Plant Health Inspection Service

Title: Bovine Spongiform Encephalopathy (BSE); Importation of Animals and Animal Products.

OMB Control Number: 0579–0393.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The Secretary may also prohibit or restrict import or export of any animal or related material if necessary to prevent the spread of any livestock or poultry pest or disease. The AHPA is contained in Title X, Subtitle E, Sections 10401–18 of Public Law 107–171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. The Animal and Plant Health Inspection Service (APHIS) regulates the importation of animals and animal products into the United States to guard against the introduction of animal diseases. The regulations in 9 CFR parts 92 through 98, govern the importation of certain animals, birds, poultry, meat, other animal products and byproducts, hay, and straw. It also contains measures for preventing the introduction of various diseases into the United States.

Need and Use of the Information: To ensure BSE is not introduced into the United States, the regulations place specific conditions on the importation of animals and animal products. These requirements necessitate the use of several information collection activities, including, but not limited to, certification, official identification, request for and retention of classification as negligible or controlled risk, declaration of importation, import and export certificates, applications, import and movement permits,

agreements, certification statements, seals, notifications, and recordkeeping. Failure to collect this information would make it impossible for APHIS to effectively prevent BSE-contaminated animals and animal products from entering the United States, and to track movement of any imported BSE-contaminated animals or products within the United States post-arrival.

Description of respondents: Business or other for-profit; Federal Government.

Number of Respondents: 2,225.

Frequency of Responses: Reporting; On occasion.

Total Burden Hours: 275,821.

Ruth Brown,

Department Information Collection Clearance Officer.

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

Meetings

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Notice of meetings.

SUMMARY: The Architectural and Transportation Barriers Compliance Board (Access Board) plans to hold its regular committee and Board meetings in Washington, DC, Monday through Wednesday, July 10–12, 2017 at the times and location listed below.

DATES: The schedule of events is as follows:

Monday, July 10, 2017

10:30 a.m.–11:00 a.m.—Budget Committee

11:00 a.m.–Noon—Ad Hoc Committee on Frontier Issues

1:30 p.m.–2:00 p.m.—Ad Hoc Committee on Design Guidance

2:00 p.m.–4:00 p.m.—Planning and Evaluation

Tuesday, July 11, 2017

9:30 a.m.–10:30 a.m.—Technical Programs Committee

Wednesday, July 12, 2017

9:30 a.m.–Noon—Stakeholders’ Meeting

1:30 p.m.–3:00 p.m.—Board Meeting

ADDRESSES: Meetings will be held at the Access Board Conference Room, 1331 F Street NW., Suite 800, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: For further information regarding the meetings, please contact David Capozzi,

Executive Director, (202) 272–0010 (voice); (202) 272–0054 (TTY).

SUPPLEMENTARY INFORMATION: At the Board meeting scheduled on the afternoon of Wednesday, July 12, 2017, the Access Board will consider the following agenda items:

- Approval of the draft March 15, 2017 meeting minutes (vote)
- Ad Hoc Committee Reports: Design Guidance and Frontier Issues
- Budget Committee
- Planning and Evaluation Committee
- Technical Programs Committee
- Election Assistance Commission Report
- Executive Director's Report
- Public Comment (final 15 minutes of the meeting)

Members of the public can provide comments either in-person or over the telephone during the final 15 minutes of the Board meeting on Wednesday, July 12, 2017. Any individual interested in providing comment is asked to pre-register by sending an email to bunales@access-board.gov with the subject line "Access Board meeting—Public Comment" with your name, organization, state, and topic of comment included in the body of your email. All emails to register for public comment must be received by Wednesday, July 5, 2017. Registered commenters will be provided with a call-in number and passcode before the meeting. Commenters will be called on in the order by which they pre-registered. Due to time constraints, each commenter is limited to two minutes. Commenters on the telephone will be in a listen-only capacity until they are called on.

All meetings are accessible to persons with disabilities. An assistive listening system, Communication Access Realtime Translation (CART), and sign language interpreters will be available at the Board meeting and committee meetings.

Persons attending Board meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/the-board/policies/fragrance-free-environment for more information).

You may view the Wednesday, July 12, 2017 meeting through a live webcast from 1:30 p.m. to 3:00 p.m. at: www.access-board.gov/webcast.

David M. Capozzi,
Executive Director.

DEPARTMENT OF COMMERCE

Bureau of the Census

[Docket Number 170412386–7386–01]

2020 Census Redistricting Data Program Commencement of Phase 2: The Voting District Project

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of program.

SUMMARY: This notice announces the commencement of Phase 2 of the 2020 Census Redistricting Data Program: The Voting District Project. This second phase specifically provides States the opportunity to provide the Census Bureau with their voting district boundaries (election precincts, wards, etc.). In addition, States have the opportunity to suggest to the Census Bureau legal boundary updates. State participation in Phase 2 of the Redistricting Data Program is voluntary.

DATES: Comments on this notice must be received by July 28, 2017. The deadline for States to notify the Census Bureau that they wish to participate in Phase 2: The Voting District Project is December 15, 2017.

ADDRESSES: Please address all written comments to James Whitehorne, Chief of the Census Redistricting and Voting Rights Data Office, U.S. Census Bureau, 4600 Silver Hill Road, Room 4H057, Washington, DC 20233.

FOR FURTHER INFORMATION CONTACT: James Whitehorne, Chief of the Census Redistricting and Voting Rights Data Office, U.S. Census Bureau, Room 4H057, Washington, DC 20233, telephone (301) 763–4039.

SUPPLEMENTARY INFORMATION: Under the provisions of Public Law 94–171, as amended (Title 13, United States Code (U.S.C.), Section 141(c)), the Director of the Census Bureau is required to provide the “officers or public bodies with initial responsibility for legislative apportionment or districting of each state . . .” with the opportunity to specify small geographic areas (e.g., voting districts, wards, and election precincts) for which they wish to receive decennial census population totals for the purpose of reapportionment and redistricting.

By April 1 of the year following the census, the Secretary is required to furnish those State officials or their designees with population counts for counties, cities, census blocks, and State-specified congressional districts, legislative districts, and voting districts.

In accordance with the provisions of Title 13, U.S.C. Section 141(c), and on

behalf of the Secretary of Commerce, the Director announces the commencement of Phase 2 of the 2020 Census Redistricting Data Program. The purpose of this notice is to provide further information on the commencement of the 2020 Census Redistricting Data Program, Phase 2—The Voting District Project. Future **Federal Register** notices will address the other phases of the 2020 Program.

The 2020 Census Redistricting Data Program was initially announced on July 15, 2014, in the **Federal Register** (79 FR 41258). This notice described the program that the Census Bureau proposed to adopt for the 2020 Census. As seen in the 1990, 2000, and 2010 censuses, the 2020 Census Redistricting Data Program is partitioned into several phases. Phase 1: The Block Boundary Suggestion Project was announced in a **Federal Register** notice on June 26, 2015 (80 FR 36765). This notice described the procedures for the States to provide the Census Bureau with their suggestions for the 2020 Census tabulation block inventory.

Beginning in late summer of 2017, and by separate letter, the Census Bureau will invite each state to participate in Phase 2, the Voting District Project, through their previously designated liaison. This phase will include an opportunity to submit voting districts and then verify the submitted voting districts prior to release of the 2020 redistricting data tabulations in Phase 3. For each State responding by December 15, 2017, that wishes to participate in Phase 2, the Census Bureau will provide data from the Master Address File/Topologically Integrated Geographic Encoding and Referencing system (MAF/TIGER), an optional software tool (Geographic Update Partnership Software (GUPS)), and the procedures necessary for each State to begin work on Phase 2. States are not required to use the GUPS; however, they are required to provide their Phase 2 submission to the Census Bureau electronically in Census Bureau specified formats. During the submission period, the Census Bureau will provide training in the use of the GUPS and assist the states in understanding the procedures necessary for processing files for their submission.

The Census Bureau will continue to communicate with each State to ensure they are well informed on the benefits of working with the Census Bureau towards a successful 2020 Census. In addition, the Redistricting Data Office will continue to work with each State to ensure they are prepared to participate in all phases of the Redistricting Data Program. Every State, regardless of their
