

not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

List of Subjects in 40 CFR Part 63

Administrative practice and procedure, air pollution control, National Emission Standards for Hazardous Air Pollutants, hazardous air pollutants.

Dated: June 14, 2017.

V. Anne Heard,

Acting Regional Administrator, Region 4.

40 CFR part 63 is amended as follows:

PART 63—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 63 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart E—Approval of State Program and Delegation of Federal Authorities

■ 2. Section 63.99 is amended by adding paragraph (a)(43) to read as follows:

§ 63.99 Delegated Federal authorities.

(a) * * *

(43) *Tennessee.* (i) The Tennessee Department of Environment and Conservation (TDEC) has “up-front” approval to implement an Equivalency by Permit (EBP) program under which TDEC may establish and enforce alternative requirements for the Ellison Surface Technologies, Inc. facility located in Morgan County, Tennessee (Ellison) in lieu of those of the National Emissions Standard for Hazardous Air Pollutants (NESHAP) for Plating and Polishing Operations at 40 CFR part 63, subpart WWWWWW, “National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Plating and Polishing Operations.” TDEC may only establish alternative requirements for Ellison that are at least as stringent as the otherwise applicable Federal requirements. TDEC must, in order to establish alternative requirements for Ellison under its EPA-approved EBP program: submit to the EPA for review pre-draft title V permit terms specifying alternative requirements that meet the criteria of 40 CFR 63.94(d), including the criterion that the alternative requirements are at least as stringent as the otherwise applicable Federal requirements; obtain the EPA’s written approval of the alternative pre-draft title V permit requirements; and issue a title V permit for Ellison that contains the approved alternative requirements. Until the EPA has approved the alternative permit terms and conditions and TDEC has

issued a final title V permit incorporating them, Ellison will remain subject to the Federal NESHAP requirements found at 40 CFR part 63, subpart WWWWWW.

(ii) Reserved.

BILLING CODE 6560–50–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA–2017–0002; Internal Agency Docket No. FEMA–8487]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA’s Community Status Book (CSB). The CSB is available at <https://www.fema.gov/national-flood-insurance-program-community-status-book>.

DATES: The effective date of each community’s scheduled suspension is the third date (“Susp.”) listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Patricia Suber, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 400 C Street SW., Washington, DC 20472, (202) 646–4149.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase

Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA’s initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required

floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. FEMA has determined that the community suspension(s) included in this rule is a non-discretionary action and therefore the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) does not apply.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective

enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of

information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

Accordingly, 44 CFR part 64 is amended as follows:

PART 64—[AMENDED]

■ 1. The authority citation for Part 64 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp.; p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp.; p. 376.

§ 64.6 [Amended]

■ 2. The tables published under the authority of § 64.6 are amended as follows:

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 73 and 76

[MB Docket No. 16-161; FCC 17-3]

Revisions to Public Inspection File Requirements—Broadcaster Correspondence File and Cable Principal Headend Location

AGENCY: Federal Communications
Commission.

ACTION: Final rule; announcement of
effective date.

SUMMARY: In this document, the Commission announces that the Office of Management and Budget (OMB) has approved, for a period of three years, some of the information collections associated with the Commission's decision, in *Report and Order*, Revisions to Public Inspection File Requirements—Broadcaster Correspondence File and Cable Principal Headend Location. Specifically, OMB has approved the Commission's decision to eliminate two public inspection file requirements: the requirement that commercial broadcast stations retain in their public inspection files copies of letters and emails from the public; and the requirement that cable operators maintain for public inspection the designation and location of the cable system's principal headend. This document is consistent with the *Report and Order*, which stated that the Commission would publish a document in the **Federal Register** announcing OMB approval and the effective date of these rule changes.

DATES: The amendments to 47 CFR 73.3526; 76.5(pp)(2); 76.1700; and 76.1708, published at 82 FR 11406 on February 23, 2017 are effective June 29, 2017.

FOR FURTHER INFORMATION CONTACT: For additional information contact Cathy Williams, *Cathy.Williams@fcc.gov*, (202) 418-2918.

SUPPLEMENTARY INFORMATION: This document announces that, on March 24, 2017 and May 25, 2017, OMB approved some of the information collection requirements contained in the

Commission's *Report and Order*, FCC 17-3, published at 82 FR 11406, February 23, 2017. The OMB Control Numbers are 3060-0214, 3060-0316, and 3060-0649. The Commission publishes this notice as an announcement of the effective date of the rules. If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce any burdens caused thereby, please contact Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street SW., Washington, DC 20554. Please include the OMB Control Numbers, 3060-1207, 3060-0214, and 3060-0316, in your correspondence. The Commission will also accept your comments via the Internet if you send them to *PRA@fcc.gov*.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to *fcc504@fcc.gov* or call the Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY).

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received OMB approval, on March 24, 2017 and May 25, 2017, for the new information collection requirements contained in the Commission's rules at 47 CFR 73.3526; 76.5(pp)(2); 76.1700; and 76.1708. Under 5 CFR part 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Numbers are 3060-0214, 3060-0316, and 3060-0649.

The foregoing notice is required by the Paperwork Reduction Act of 1995, Public Law 104-13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060-0214.

OMB Approval Date: May 25, 2017.

OMB Expiration Date: May 31, 2020.

Title: Sections 73.3526 and 73.3527, Local Public Inspection File, §§ 73.1212, 76.1701 and 73.1943, Political Files.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for profit entities; Not for profit institutions; State, local or Tribal government.

Number of Respondents and Responses: 41,695 respondents; 63,364 responses.

Estimated Time per Response: 1-52 hours per response.

Frequency of Response: On occasion reporting requirement, Recordkeeping requirement, Third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in sections 151, 152, 154(i), 303, 307, and 308 of the Communications Act of 1934, as amended.

Total Annual Burden: 2,073,048 hours.

Total Annual Cost: \$3,667,339.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment: No impact(s).

Needs and Uses: On January 31, 2017, the Commission adopted a Report and Order ("*Public Inspection File R&O*") in MB Docket No. 16-161, FCC 17-3, eliminating the requirement in §§ 73.1202 and 73.3526(e)(9) of its rules that commercial broadcast stations retain in their public inspection file copies of letters and emails from the public. The Commission concluded that this component of its public inspection file rules involves documents that do not need to be made available to the general public and that eliminating this requirement would reduce the burden of maintaining the public inspection file on commercial broadcasters. The Commission's goal is also to permit commercial television and radio broadcasters to cease maintaining a local public inspection file if they post all public file material to the online public file database and provide online access via their own Web site to back-up political file material. The Commission has previously adopted this option for other entities subject to our online public inspection file requirements. Because the correspondence file cannot be made available online for privacy reasons, removing this requirement would permit commercial broadcasters to elect to make their entire public inspection file available online and cease maintaining a local public file, thereby further reducing overall regulatory burdens on these entities.

OMB Control Number: 3060-0316.

OMB Approval Date: March 24, 2017.

OMB Expiration Date: March 31, 2020.

Title: Section 76.5, Definitions, § 76.1700, Records To Be Maintained Locally by Cable System Operators;
