SUPPLEMENTARY INFORMATION: President Barack Obama signed Executive Order 13607 on April 27, 2012 to address the problem of aggressive and deceptive targeting of Service members, veterans, and their families by some educational institutions. Section 4 of the Executive Order specifically calls for the creation of a robust, centralized complaint process for students receiving Federal military and veterans' educational benefits.

DoD, along with the participating Federal agencies identified in the Executive Order have determined that this complaint process, in addition to taking in complaints about abusive or deceptive practices by schools, must

create an opportunity for schools to resolve those complaints, and must ensure that complaint data is accessible both to the relevant components at the Departments of Defense, Veterans Affairs, and Education that review schools for compliance and program eligibility, as well as the relevant law enforcement agencies that will prosecute any illegal practices. Beyond creation of this complaint process, the agencies seek to prevent abusive, deceptive, and fraudulent marketing practices through the following mechanisms: Establishment of risk-based program reviews; limits on access to military installations by educational institutions; and the use of intellectual property and other legal protections to ensure Web sites and programs are not deceptively suggesting military affiliation or endorsement.

The centralized complaint system will provide a resource for students receiving military and veteran educational benefits to effectively submit complaints against institutions they feel have acted deceptively or fraudulently. The first step is to make it easier for prospective and current military students and spouse-students to raise these concerns.
