

In order to be prepared for an increase in referrals for shelter services, ORR will solicit proposals from one grantee to accommodate the extensive amount of referrals from DHS.

ORR has specific requirements for the provision of services. Award recipients must have the infrastructure, licensing, experience, and appropriate level of trained staff to meet those requirements. The expansion of the existing shelter services program through this supplemental award is a key strategy for ORR to be prepared to meet its responsibility of safe and timely release of Unaccompanied Alien Children referred to its care by DHS and so that the US Border Patrol can continue its vital national security mission to prevent illegal migration, trafficking, and protect the borders of the United States.

Statutory Authority: This program is authorized by—

(A) Section 462 of the Homeland Security Act of 2002, which in March 2003, transferred responsibility for the care and custody of Unaccompanied Alien Children from the Commissioner of the former Immigration and Naturalization Service (INS) to the Director of ORR of the Department of Health and Human Services (HHS).

(B) The Flores Settlement Agreement, Case No. CV85–4544RJK (C. D. Cal. 1996), as well as the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Pub. L. 110–457), which authorizes post release services under certain conditions to eligible children. All programs must comply with the Flores Settlement Agreement, Case No. CV85–4544–RJK (C.D. Cal. 1996), pertinent regulations and ORR policies and procedures.

Administration for Community Living

Agency Information Collection Activities; Proposed Collection; Public Comment Request; Extension of the Certification of Maintenance of Effort for Title III and Certification of Long-Term Care Ombudsman Program Expenditures

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing an opportunity for public comment on two proposed collections of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice.

DATES: Submit written or electronic comments on the collection of information by September 18, 2017.

ADDRESSES: Submit electronic comments on the collection of information to: Jesse E. Moore, Jr. at jesse.moore@acl.hhs.gov. Submit written comments on the collection of information to Administration for Community Living, Washington, DC 20201, attention Jesse Moore.

FOR FURTHER INFORMATION CONTACT:

Jesse E. Moore, Jr., Aging Services Program Specialist, Administration for Community Living, Washington, DC 20201, 202–795–7578.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of

information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party.

Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document. With respect to the following collection of information, ACL invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of ACL’s functions, including whether the information will have practical utility; (2) the accuracy of ACL’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology. This notice solicits comments on the information collection requirements relating to: (1) The Certification on Maintenance of Effort under Title III of the Older Americans Act (OAA); and (2) Certification of Long-Term Care Ombudsman Program Expenditures for Older Americans Act Title III and Title VII Grantees. These proposed data collections would extend the Certification of Maintenance of Effort for Title III, and make minor revisions to, and extend, the Certification of Long-Term Care Ombudsman Program

Expenditures. While separate in terms of the data gathered, the financial review and certification of funds processes that are completed to generate the information gathered on these forms are generally done at the same time by the States. To reduce burden, these forms are being presented together for renewal since both are issued under the same Program Instruction, and they have the same due date to ACL.

The Certification of Maintenance of Effort under Title III and Certification of Long-Term Care Ombudsman (LTCO) Program Expenditures provide statutorily required information regarding each state's contribution to programs funded under the Older Americans Act and compliance with legislative requirements, pertinent Federal regulations, and other applicable instructions and guidelines issued by ACL. This information will be

used for Federal oversight of Title III Programs and Title VII Ombudsman Program expenditures.

In addition to renewing OMB approval of these data collection instruments, minor changes are being proposed to the LTCO Expenditures Certification and an accompanying document which provides specific statutory references related to Ombudsman program minimum funding, non-supplanting requirements and state authorization to expend Title III-B funds on Ombudsman activities. Specifically, changes include making the reference to the Fiscal Year at the bottom of the form a fillable field to allow the date to be changed annually; listing the "Administration for Community Living (ACL)" as the intended recipient of the completed form; and updating statutory language references (*i.e.*, Section 306(a)(9))

provided on the second page, to reflect changes made during the 2016 reauthorization of the OAA.

ACL estimates the burden of this collection of information as follows: 56 State Agencies on Aging respond annually, and it takes each agency an average of one half (1/2) hour per State agency per year to complete each form for a total of twenty-eight hours for all state agencies annually. The half hour estimate is based on prior years' experience with States in completing these forms.

The proposed data collection tools may be found on the ACL Web site for review at: <https://www.acl.gov/sites/default/files/programs/2017-06/MOE%20and%20LTCO%20Certification%202017%20-%20FINAL.pdf>.

Respondent/data collection activity	Number of respondents	Responses per respondent (/year)	Hours per response	Annual burden hours
Certification on Maintenance of Effort under Title III	56	1	1/2	28
Certification of Long-Term Care Ombudsman Program Expenditures	56	1	1/2	28
Total	112	2	1	56

Dated: July 11, 2017.

Mary Lazare,
Acting Administrator and Assistant Secretary for Aging.

SUPPLEMENTARY INFORMATION: The ACHDNC provides advice to the Secretary of HHS on the development of newborn screening activities, technologies, policies, guidelines, and programs for effectively reducing morbidity and mortality in newborns and children having, or at risk for, heritable disorders. In addition, ACHDNC's recommendations regarding inclusion of additional conditions and inherited disorders for screening which have been adopted by the Secretary are then included in the Recommended Uniform Screening Panel (RUSP). Conditions listed on the RUSP constitute part of the comprehensive preventive health guidelines supported by HRSA for infants and children under section 2713 of the Public Health Service Act, codified at 42 U.S.C. 300gg-13. Under this provision, non-grandfathered health plans are required to cover screenings included in the HRSA-supported comprehensive guidelines without charging a co-payment, co-insurance, or deductible for plan years (*i.e.*, policy years) beginning on or after the date that is 1 year from the Secretary's adoption of the condition for screening.
