Proposal To Approve Under OMB Delegated Authority the Extension for Three Years, Without Revision, of the Following Report

Report title: Application for Exemption from Prohibited Service at Savings and Loan Holding Companies.

Agency form number: FR LL-12.

OMB control number: 7100-0337.

Frequency: On occasion.

Respondents: Individuals and savings and loan holding companies.

Estimated number of respondents: 15.

Estimated average hours per response: 16.

Estimated annual burden hours: 240.

General Description of Report: The Federal Deposit Insurance (FDI) Act and Regulation LL (12 CFR part 238) prohibit individuals who have been convicted of certain criminal offenses or who have agreed to enter into a pretrial diversion or similar program in connection with a prosecution for such criminal offenses from participating in the affairs of a savings and loan holding company (SLHC) or any of its subsidiaries without the written consent of the Board. In order for such a person to participate in the conduct of the affairs of any SLHC, the SLHC or the individual must file an application seeking to obtain an exemption from the Board. The Board will use any information provided by the applicant when considering an exemption request concerning a prohibited person. Such considerations will include, but are not limited to, whether the prohibited person would participate in the major policymaking functions of the SLHC or would threaten the safety and soundness of any subsidiary insured depository institution of the SLHC or the public confidence in the insured depository institution.

Legal authorization and confidentiality: The Board has determined that this information collection is authorized by section 19(e)(2) of the FDI Act, which states that the "Board . . . may provide exemptions [from the prohibition] by regulation or order . . . if the exemption is consistent with the purposes of this subsection" (12 U.S.C. 1829(e)(2)). The Board exercises general supervision over SLHCs, which includes

examination authority and the imposition of reporting and recordkeeping requirements (12 U.S.C. 1467a(b)(2)). This information collection is required in order for prohibited persons to obtain the benefit of becoming, or continuing service as, an institution-affiliated party of an SLHC, and for an SLHC to permit that prohibited person to engage in any conduct or continue any relationship prohibited by section 19(e) of the FDI Act.

As required information, the information submitted can be withheld pursuant to sections (b)(4), (b)(6), and (b)(8) of the Freedom of Information Act (5 U.S.C. 552(b)(4), (b)(6), (b)(8)). The applicability of these exemptions would need to be determined on a case-by-case basis.

Board of Governors of the Federal Reserve System, July 18, 2017.

Margaret McCloskey Shanks,

Deputy Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: The Early Head Start Family and Child Experiences Survey 2018 (Baby FACES 2018).

OMB No.: 0970-0354.

Description: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) seeks approval to collect descriptive information for the Early Head Start Family and Child Experiences Survey 2018 (Baby FACES 2018). This information collection is to provide nationally representative data on Early Head Start (EHS) programs, centers, classrooms, staff, and families to guide program planning, technical assistance, and research.

The proposed data collection builds upon a prior study (Baby FACES 2009; OMB 0970-0354) that longitudinally followed two cohorts of children through their experience in the program. While that study provided a great deal

of information about program participation over time and about services received by children and families, it did not allow for national level estimates of service quality, nor inferences about children who enter the program after 15 months of age. To fill these knowledge gaps and to answer additional questions about how programs function, the proposed Baby FACES 2018 design will include a cross-section of a nationally representative sample of programs, centers, home visitors, teachers, classrooms, children and families. This will allow nationally representative estimates at all levels at a point in time and will include the entire age span of enrolled children.

The goal of this work is to obtain updated information on EHS programs and understand better how program processes support relationships (e.g., between home visitors and parents, between parents and children, and between teachers and children) which are hypothesized to lead to improved child and family outcomes.

Respondents: Early Head Start program directors, child care center directors, teachers and home visitors, and parents of enrolled children.
