

60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.”

Agencies must specifically solicit comments to (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information that ONRR collects; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting “non-hour cost” burden to respondents or record-keepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods that you use to estimate (1) major cost factors, including system and technology acquisition, (2) expected useful life of capital equipment, (3) discount rate(s), and (4) the period over which you incur costs. Capital and startup costs include, among other items, computers and software that you purchase to prepare for collecting information and monitoring, sampling, and testing equipment, and record-storage facilities. Generally, your estimates should not include equipment or services purchased (i) before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Federal government; or (iv) as part of customary and usual business, or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you, without charge, upon request. We also will post the ICR at http://www.onrr.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy: ONRR will post all comments, including names and addresses of respondents at <http://www.regulations.gov>. Before including Personally Identifiable Information (PII), such as your address, phone number, email address, or other personal

information in your comment(s), you should be aware that your entire comment (including PII) may be made available to the public at any time. While you may ask us, in your comment, to withhold PII from public view, we cannot guarantee that we will be able to do so.

ONRR Information Collection Coordinator: Armand Southall (303) 231-3221.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Partial Consent Decree Under the Clean Water Act

On July 19, 2017, the Department of Justice lodged a proposed Partial Consent Decree with the United States District Court for the Northern District of Ohio in the lawsuit entitled *United States v. The City of Cleveland Heights, Ohio and The State of Ohio*, Civil Action No. 17-cv-1517.

The United States filed this lawsuit under the Clean Water Act. The United States' complaint alleges that the City of Cleveland Heights, Ohio violated the Clean Water Act and the City's stormwater permit by allowing discharges of untreated sanitary sewage into local streams flowing to Lake Erie. The complaint seeks injunctive relief and civil penalties. The State of Ohio is named as a defendant solely to satisfy Section 309(e) of the Clean Water Act 33 U.S.C. 1319(e).

The Partial Consent Decree requires Cleveland Heights to perform a comprehensive study of its sewer system and submit a plan, for EPA approval, to eliminate sanitary sewer overflows. The agreement also requires certain early action projects to reduce sanitary sewage overflows and improvements to the City's sewer system operations. The Partial Consent Decree does not resolve the United States' claims. The schedule for implementing the approved plan and

the civil penalty for the City's violations will be established separately.

The publication of this notice opens a period for public comment on the Partial Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. The City of Cleveland Heights, Ohio and The State of Ohio*, D.J. Ref. No. 90-5-1-1-10457. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
