

appropriate entries without regard to antidumping duties.

For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number will be liquidated at the PRC-wide rate.<sup>9</sup>

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing producer/exporter-specific combination rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be eligible for a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent;<sup>10</sup> and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping

duties occurred and the subsequent assessment of double antidumping duties.

We are issuing<sup>11</sup> and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).

Dated: July 24, 2017.

#### South Atlantic Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public scoping meeting.

**SUMMARY:** The South Atlantic Fishery Management Council (Council) will hold a public scoping meeting via webinar pertaining to Amendment 31 to the Coastal Migratory Pelagics Fishery Management Plan for the Atlantic and

Gulf of Mexico (FMP). The draft amendment includes options to remove Atlantic cobia from the FMP or establish complementary management of Atlantic cobia.

**DATES:** The public scoping meeting will be held via webinar on August 15, 2017 at 6 p.m. Eastern Standard Time.

**ADDRESSES:** *Council address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

**FOR FURTHER INFORMATION CONTACT:** Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: [kim.iverson@safmc.net](mailto:kim.iverson@safmc.net).

**SUPPLEMENTARY INFORMATION:** The Council is soliciting public input on options for the management of Atlantic cobia. Atlantic cobia are currently managed by the Council in federal waters from the Florida/Georgia state line north through New York. Options include continuing efforts to develop a complementary management plan with the Atlantic States Marine Fisheries Commission (ASMFC) or the complete transfer of Atlantic cobia management to the ASMFC. The recreational fishery for Atlantic cobia closed in federal waters earlier this year after NOAA Fisheries determined the annual catch limit would be met. The majority of Atlantic cobia are caught off the coasts of northeastern North Carolina and Virginia are generally harvested from state waters. The Council is considering options for management in order to allow additional flexibility for the fishery.

The public scoping webinar will consist of a presentation by Council staff, a question and answer session, and formal public comment. Written comments will also be accepted via the online comment form. Registration for the webinar is required. Registration information, briefing materials and the public comment form will be available at: <http://safmc.net/safmc-meetings/public-hearing-and-scoping-meeting-schedule/> on or before August 1, 2017. Written comments may also be submitted to the Council office (see **ADDRESSES**). Comments will be accepted until 5 p.m. on Friday, August 18, 2017.
