provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

SUPPLEMENTARY INFORMATION:

I. Background

The information collection is required by sections 212(n) and (t) and 214(c) of the Immigration and Nationality Act (INA) (8 U.S.C. 1182(n) and (t), and 1184(c)). The Department and the Department of Homeland Security have promulgated regulations to implement the INA. Specifically for this collection, 20 CFR 655 Subparts H and I, and 8 CFR 214.2(h)(4) are applicable. The INA mandates that no alien may enter the United States (U.S.) to perform work in a specialty occupation or as a fashion model unless the U.S. employer makes certain attestations to the Secretary of Labor (Secretary). Those attestations include that the working conditions for the alien will not adversely affect the working conditions of similarly employed U.S. workers; that the employer will offer a wage that is at least the higher of the prevailing wage for the occupational classification in the area of employment or the actual wage paid by the employer to all other individuals with similar experience and qualifications for the specific employment in question; that there is no strike or lockout in the course of a labor dispute in the occupational classification at the place of employment; and that the employer has provided notice of the filing of the LCA. In addition, further attestations are generally required for H-1B dependent employers and willful violators. The current ICR expires May 31, 2018. The Department is seeking revisions to the Form 9035/9035E and Form 9035CP Instructions in order to streamline parts of the current information collection to assist the regulated community with form completion; provide greater clarity of existing employer obligations under the programs; and promote greater program transparency by collecting additional information on the employment of temporary nonimmigrant workers by U.S. employers. The Department is also seeking revisions to the Form WH-4 in order to provide the form in a LIVECYCLE document to improve accessibility and compliance with Section 508 of the Rehabilitation Act (29 U.S.C. 794d), as amended by the
