

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Agricultural Research Service

Notice of Intent To Grant Exclusive License

AGENCY: Agricultural Research Service, USDA.

ACTION: Notice of intent.

SUMMARY: Notice is hereby given that the U.S. Department of Agriculture, Agricultural Research Service, intends to grant to Zoetis, LLC, of Kalamazoo, Michigan, an exclusive license to U.S. Patent No. 8,765,141, "DEVELOPMENT OF A MARKER FOOT AND MOUTH DISEASE VIRUS VACCINE CANDIDATE THAT IS ATTENUATED IN THE NATURAL HOST", issued on July 1, 2014, and U.S. Patent No. 9,180,179, "DEVELOPMENT OF A MARKER FOOT AND MOUTH DISEASE VIRUS VACCINE CANDIDATE THAT IS ATTENUATED IN THE NATURAL HOST", issued on November 10, 2015.

DATES: Comments must be received on or before August 23, 2017.

ADDRESSES: Send comments to: USDA, ARS, Office of Technology Transfer, 5601 Sunnyside Avenue, Rm. 4-1174, Beltsville, Maryland 20705-5131.

FOR FURTHER INFORMATION CONTACT: Brian T. Nakanishi of the Office of Technology Transfer at the Beltsville address given above; telephone: 301-504-5989.

SUPPLEMENTARY INFORMATION: The Federal Government's patent rights in these inventions are assigned to the United States of America, as represented by the Secretary of Agriculture. It is in the public interest to so license these inventions as Zoetis, LLC, of Kalamazoo, Michigan, has submitted a complete and sufficient application for a license. The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The

prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published Notice, the Agricultural Research Service receives written evidence and argument which establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Robert Griesbach,

Deputy Assistant Administrator.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

August 3, 2017.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by September 7, 2017 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of

the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Title: National Animal Health Monitoring System; Beef 2017 Study.

OMB Control Number: 0579-0326.

Summary of Collection: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to protect the health of the U.S. Livestock and poultry populations by preventing the introduction and interstate spread of serious diseases and pest of livestock and by eradicating such diseases from the United States when feasible. In connection with this mission, APHIS operates the National Animal Health Monitoring System (NAHMS), which collects data on the prevalence and economic importance of livestock diseases and associated risk factors.

Need and Use of the Information: APHIS plans to conduct the Beef 2017 Study as part of an ongoing series of NAHMS studies on the U.S. livestock population. The purpose of this study is to collect information, through questionnaires and biologic sampling, to: Describe trends in beef cow-calf health and management practices; describe management practices and producer beliefs related animal welfare, emergency preparedness, environmental stewardship, recordkeeping, and animal identification; and describe antimicrobial use practices (stewardship) and determine the prevalence and antimicrobial resistance patterns of potential food-safety pathogens.

This information will help the United States detect trends in the management, production, and health status of the Nation's beef industry over time.

Description of Respondents: Business or Other For-Profit.

Number of Respondents: 4,000.

Frequency of Responses: Reporting: On Occasion.
