¹ The motion was filed under docket number 16-CRB-0014 DART-SRF (CO) (2015). CO stands for Copyright Owners subfund. The motion should have included a second docket number because it includes a request regarding both the CO subfund and another subfund (the Featured Recording Artists (FRA) subfund). An additional docket number, 16-CRB-0022-DART-SRF (FRA) (2015), has been assigned to the motion. (Note that the docket number for the Copyright Owners fund has been revised to add an F after SR to bring it into conformity with eCRB docket numbering protocols.)

SUPPLEMENTARY INFORMATION: On June 23, 2017, the Alliance of Artists and Recording Companies (AARC), on behalf of itself and claimants with which it has reached settlements (Settling Claimants) filed with the Copyright Royalty Judges (Judges) a Notice of Settlement and Request for Partial Distribution of the 2015 DART Sound Recordings Fund Featured Recording Artists and Copyright Owners Subfunds Royalties (Notice and Request). In the Notice and Request, AARC states that the Settling Claimants have agreed among themselves concerning distribution of the 2015 DART Sound Recordings Fund royalties from two subfunds: Copyright Owners and Featured Recording Artists.

With respect to the Featured Recording Artists Subfund, AARC represents that it has reached settlements with all but one claimant (Herman Kelly). AARC contends that Mr. Kelly had sales of approximately 157,000 out of a total of 1 billion sold for the year. Notice and Request at 2.

With respect to the Copyright Owners Subfund, AARC represents that it has reached settlements with all but four claimants (Herman Kelly, Eugene Curry, George Clinton, and C. Kunspruchy-George Clinton). AARC contends that the combined sales of the non-settling copyright owners is approximately 192,000 units out of approximately 1 billion sold for the year. *Id.* at 3.

AARC requests a partial distribution of 98% from the Copyright Owners Subfund and an equal percentage from the Featured Recording Artists Subfund pursuant to Section 801(b)(3)(C) of the Copyright Act. Under that section of the Copyright Act, before ruling on a partial distribution motion the Judges must publish a notice in the **Federal Register** seeking responses to the motion to ascertain whether any claimant entitled to receive such royalty fees has a reasonable objection to the proposed distribution. 17 U.S.C. 801(b)(3)(C). Consequently, this Notice seeks comments from interested claimants on whether any reasonable objection exists that would preclude the distribution from the 2015 DART Sound Recordings Fund of 98% of the royalties in the Featured Recording Artists Subfund and 98% of the royalties in the Copyright Owners Subfund to the Settling Claimants. Any party wishing to advise the Judges of the existence and extent of an objection must do so, in writing, by the end of the comment period. The Judges will not consider any objections to the partial distribution motion that are raised after the close of that period.

Dated: August 9, 2017.

Suzanne M. Barnett,

Chief U.S. Copyright Royalty Judge.

II. Notice of Consideration of Issuance of Amendments to Facility Operating Licenses and Combined Licenses and Proposed No Significant Hazards Consideration Determination

The Commission has made a proposed determination that the following amendment requests involve no significant hazards consideration. Under the Commission's regulations in § 50.92 of title 10 of the *Code of Federal Regulations* (10 CFR), this means that operation of the facility in accordance with the proposed amendment would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated, or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety. The basis for this proposed determination for each amendment request is shown below.

The Commission is seeking public comments on this proposed determination. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determination.

Normally, the Commission will not issue the amendment until the expiration of 60 days after the date of publication of this notice. The Commission may issue the license amendment before expiration of the 60-day period provided that its final determination is that the amendment involves no significant hazards consideration. In addition, the Commission may issue the amendment prior to the expiration of the 30-day comment period if circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example in derating or shutdown of the facility. If the Commission takes action prior to the expiration of either the comment period or the notice period, it will publish in the **Federal Register** a notice of issuance. If the Commission makes a final no significant hazards consideration determination, any hearing will take place after issuance.
