

air traffic service routes, and reporting points.

The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace extending upward from 700 feet or more above the surface within a 6-mile radius of Highland Medical Center Heliport, Scottsboro, AL, by recognizing the heliport's name change, (formerly Jackson County Hospital), and adjusting the geographic coordinates of the heliport to coincide with the FAAs aeronautical database.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ASO AL E5 Scottsboro, AL [Amended]

Scottsboro Municipal—World Field Airport, AL

(Lat. 34°41'19" N., long. 86°00'21" W.)
Highland Medical Center Heliport, Point in Space Coordinates

(Lat. 34°39'45" N., long. 86°02'48" W.)
That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Scottsboro Municipal—World Field Airport, and within 4 miles each side of the 037° bearing from Scottsboro Municipal—World Field Airport extending from the 6.5-mile radius to 10.9 miles northeast of the airport, and within 4 miles each side of the 218° bearing from Scottsboro Municipal—World Field Airport extending from the 6.5-mile radius to 11 miles Southwest of the airport; and that airspace within a 6-mile radius of the point in space (lat. 34°39'45" N., long. 86°02'48" W.) serving Highland Medical Center Heliport.

Issued in College Park, Georgia, on August 8, 2017.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2017-0610; Airspace Docket No. 17-ANE-3]

Proposed Amendment of Class E Airspace, Carrabassett, ME

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Class E airspace at Carrabassett, ME, due to the new arrival procedure established for Sugarloaf Regional Airport. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at the airport. This action also would update the geographic coordinates of the airport.

DATES: Comments must be received on or before October 2, 2017.

ADDRESSES: Send comments on this proposal to: U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE., West Bldg Ground Floor, Rm. W12-140, Washington, DC 20590; Telephone: 1-(800)-647-5527, or (202)-366-9826. You must identify the Docket No. FAA-2016-0610; Airspace Docket No. 17-ANE-3, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

FAA Order 7400.11A, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202)-267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11A at NARA, call (202)-741-6030, or go to http://www.archives.gov/federal_register/code_of_federal-regulations/ibr_locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator.

Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Sugarloaf Regional Airport, Carrabassett, ME, to support IFR operations at the airport.

Comments Invited

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers and be submitted in triplicate to the address listed above. You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2017-0610; Airspace Docket No. 17-ANE-3." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in

person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except federal holidays at the office of the Eastern Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, GA 30337.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016. FAA Order 7400.11A is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace extending upward from 700 feet or more above the surface within the 7-mile radius of Sugarloaf Regional Airport, Carrabassett, ME. A 14.3-mile extension to the north would be created extending from the 7-mile radius of the airport for the new RNAV-(GPS-A) approach for the airport, and for continued safety and management of IFR operations. The geographic coordinates of the airport also would be adjusted to coincide with the FAA's aeronautical database.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation

as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ANE ME E5 Carrabassett, ME [Amended]

Sugarloaf Regional Airport
(Lat. 45°05'08" N., long. 70°12'59" W.)
Point in Space Coordinates
(Lat. 45°06'26" N., long. 70°12'30" W.)

That airspace extending upward from 700 feet above the surface of the earth within a 6-mile radius of the Point in Space Coordinates (lat. 45°06'26" N., long. 70°12'30" W.) serving the Sugarloaf Regional Airport, and within a 7-mile radius of the airport, and within 1 mile each side of the 346° bearing from the airport, extending from the 7-mile radius to 14.3-miles north of the airport.

Issued in College Park, Georgia, on August 8, 2017.

Ryan W. Almasy,

Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

BILLING CODE 4910-13-P

LIBRARY OF CONGRESS

U.S. Copyright Office

37 CFR Part 202

[Docket No. 2017-9]

Simplifying Deposit Requirements for Certain Literary Works and Musical Compositions

AGENCY: U.S. Copyright Office, Library of Congress.

ACTION: Notice of proposed rulemaking.

SUMMARY: The United States Copyright Office is proposing to amend the regulations governing the deposit requirements for certain types of literary works and musical compositions. Specifically, the proposed rule will apply to certain types of “literary monographs,” which are defined, in part, as literary works published in one volume or a finite number of separate volumes. The proposed rule also applies to musical compositions that are published in the United States in print formats—that is, compositions published as “copies” rather than solely as phonorecords, as referenced in the Copyright Act. Under the current regulations, two copies of the best edition are generally needed to register these types of works and to comply with the mandatory deposit requirement. Under the proposed rule, copyright owners will be able to satisfy both requirements for literary monographs by submitting one copy of the best edition of the work, although the Office will retain the right to demand a second copy under the mandatory deposit provision should the Library need it. Copyright owners will also be able to satisfy both requirements for certain musical compositions by submitting one copy of the best edition. As part of these changes, the proposed rule also clarifies the deposit requirements for musical compositions published *both* in print and phonorecord formats. For musical works (*i.e.*, musical compositions) published in both formats, the Office will require the submission of the print version for purposes of copyright registration. If the musical composition is published only as a phonorecord, the applicant should submit the phonorecord. All of these changes will

improve the efficiency of registration and mandatory deposit for both the Office and copyright owners alike, ensuring that the Office has an adequate registration record and continuing to make these works available to the Library of Congress when needed for use in its collections or other disposition. The Office invites public comment on this proposal.

DATES: Comments on the proposed rule must be made in writing and must be received by the Copyright Office no later than October 2, 2017.

ADDRESSES: For reasons of government efficiency, the Copyright Office is using the regulations.gov system for the submission and posting of public comments in this proceeding. All comments are therefore to be submitted electronically through regulations.gov. Specific instructions for submitting comments are available on the Copyright Office Web site at <https://copyright.gov/rulemaking/singlecopy/>. If electronic submission of comments is not feasible due to lack of access to a computer and/or the Internet, please contact the Office using the contact information below for special instructions.

FOR FURTHER INFORMATION CONTACT: Robert J. Kasunic, Associate Register of Copyrights and Director of Registration Policy and Practice, by email at rkas@loc.gov; Erik Bertin, Deputy Director of Registration Policy and Practice, by email at ebertin@loc.gov; or Cindy Abramson, Assistant General Counsel, by email at ciab@loc.gov. All can be reached by telephone by calling 202-707-8040.

SUPPLEMENTARY INFORMATION:

Background

Under section 407 of the Copyright Act, when a work is published in the United States, the copyright owner or the owner of the exclusive right of publication is generally required to deposit two complete copies of the best edition of that work with the U.S. Copyright Office within three months after publication. 17 U.S.C. 407. “The ‘best edition’ of a work” is defined as “the edition, published in the United States at any time before the date of deposit, that the Library of Congress determines to be most suitable for its purposes.” 17 U.S.C. 101. The Act provides that copies deposited with the Office under section 407 are “for the use or disposition of the Library of Congress.” 17 U.S.C. 407(b). This is known as the “mandatory deposit” requirement.

Separately, the Copyright Act’s provision governing copyright

registration, section 408, specifies that, in the case of published works, an application for registration must be accompanied by “two complete copies or phonorecords of the best edition.” 17 U.S.C. 408(b)(2). To avoid duplication of deposits, section 408 specifies that copies or phonorecords deposited under section 407 “may be used to satisfy the deposit provisions” of section 408 if they “are accompanied by the prescribed application and fee.” 17 U.S.C. 408(b).

Because the same copies can potentially be used for both registration and mandatory deposit, the deposit requirements set forth in sections 407 and 408 are generally the same. *Compare* 17 U.S.C. 407(a)(1)–(2) (requiring two complete copies of the best edition of the work for purposes of mandatory deposit) *with* 17 U.S.C. 408(b)(2) (requiring two complete copies of the best edition for the purpose of registering a published work).

Sections 407 and 408 both give the Register of Copyrights (the “Register”) broad authority to issue regulations concerning the specific nature of the copies that must be deposited, including the ability to exempt works from these statutory requirements. As relevant here, section 408 gives the Register authority to “require or permit, for particular classes [of works], . . . the deposit of only one copy . . . where two would normally be required” for copyright registration. 17 U.S.C. 408(c)(1). Similarly, section 407 gives the Register authority to issue regulations that “require [the] deposit of only one copy” for the purpose of mandatory deposit. 17 U.S.C. 407(c).

The legislative history confirms that Congress intended the Register to exercise this authority when needed to improve efficiencies within the Copyright Office. In explaining the Register’s authority under section 407, Congress expressed the desire “to make the deposit requirements as flexible as possible, so that there will be no obligation to make deposits where it serves no purpose, so that only one copy or phonorecord may be deposited where two are not needed, and so that reasonable adjustments can be made to meet practical needs in special cases.” H.R. Rep. No. 94-1476, at 151 (1976). Similarly, the legislative history for section 408 explains that the “[d]eposit of one copy . . . rather than two would probably be justifiable . . . in any case where the Library of Congress has no need for the deposit” or where the copies “are bulky, unwieldy . . . or otherwise impractical to file and retain as records identifying the work registered.” *Id.* at 154.
