

Disclosure

We intend to disclose to parties in this proceeding the calculations performed for these final results within five days of the date of the publication of this notice in the **Federal Register**.⁶

Assessment Rates

In accordance with 19 CFR 351.212(b)(2), the Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results. Because we have calculated a *de minimis* countervailable subsidy rate for DSM in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to countervailing duties in accordance with 19 CFR 351.212. For Hyundai Steel and the above listed companies, we will instruct CBP to assess countervailing duties on the value of the POR entries at the rate shown above.

Cash Deposit Instructions

In accordance with section 751(a)(2)(C) of the Act, we intend to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above, for the companies listed above, with the exception of DSM, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. Because the countervailable subsidy rate for DSM is *de minimis*, the Department will instruct CBP to collect cash deposits at a rate of zero for DSM for all shipments of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms, we will instruct CBP to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Return or Destruction of Proprietary Information

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/ destruction of APO materials or

conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(d)(4) and 19 CFR 351.221(b)(5).

DATES: Written comments must be submitted on or before October 17, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at pracomment@doc.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection. Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), NOAA is responsible for management of the Nation's marine fisheries. In addition, NOAA must comply with the United States' (U.S.) obligations under the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971 *et seq.*). A Certificate of Eligibility (COE) for Billfishes is required under 50 CFR part 635 to accompany all billfish, except for a billfish landed in a Pacific state and remaining in the state of landing. This documentation certifies that the accompanying billfish was not harvested from the applicable Atlantic Ocean management unit (described on the NOAA sample certificate), and identifies the vessel landing the billfish, the vessel's homeport, the port of offloading, and the date of offloading. The certificate must accompany the billfish to any dealer or processor who subsequently receives or possesses the billfish. A standard certificate format is not currently required to document the necessary information, provided it contains all of the information required. The extension of this collection is necessary to implement the Consolidated Highly Migratory Species Fishery Management Plan, which contains conservation and management

⁶ See 19 CFR 351.224(b).

measures that limit the Atlantic billfish fishery to a recreational fishery.

On October 5, 2012, the President signed Public Law 112–183 entitled the “Billfish Conservation Act of 2012,” which prohibits the sale of billfish (or products containing billfish), or the custody, control, or possession of billfish (or products containing billfish) for purposes of sale. The only exemptions to this prohibition include billfish landed by U.S. fishing vessels in Hawaii and Pacific Insular Areas, and billfish landed by foreign fishing vessels in the Pacific Insular Areas when the foreign-caught billfish are exported to non-U.S. markets or retained within Hawaii and the Pacific Insular Areas for local consumption. NOAA is considering the development of implementing regulations for the Billfish Conservation Act. If necessary, upon publication of a proposed rule, the information collection associated with the Billfish Certificate of Eligibility (0648–0216) may need to be revised accordingly.

II. Method of Collection

A paper document is required to be completed by respondents. The document must be signed and dated by each dealer or processor who subsequently receives or possesses the billfish.

III. Data

OMB Control Number: 0648–0216.
Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 200.

Estimated Time per Response: 20 minutes for initial completion of certificate and 2 minutes for subsequent billfish purchase recordkeeping.

Estimated Total Annual Burden Hours: 43.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the

burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 15, 2017.
