SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Wisconsin Department of Transportation (WisDOT), will prepare a new LS SEIS in accordance with 23 CFR 771.130(f) and 40 CFR 1502.9 for proposed improvements along approximately 19 miles of WIS 23 from U.S. Highway 151 in the City of Fond du Lac to County Highway P in the City of Plymouth, in Fond du Lac and Sheboygan Counties, Wisconsin. In accordance with its regulations, FHWA will evaluate and provide additional analysis, if needed, on any new or changed impacts to the human and natural environment since the issuance of the March 17, 2014 Limited Scope Supplemental Final Environmental Impact Statement. In addition, the new LS SEIS will update and explain the methodology used to develop the traffic forecasts, explain the role of demographic data in traffic forecasts, as well as review the evaluation of reasonable alternatives.

The new LS SEIS will follow the same process and format as the original LS SEIS (Draft, Final, and Record of Decision [ROD]), except that scoping is not required. The original LS SEIS and other project documents will be available on the WIS 23 project Web site at <https://wisconsin.dot.gov/Pages/projects/by-region/ne/wis23exp/default>. After public review of the Draft LS SEIS document and public hearing(s), FHWA and WisDOT will issue a Final LS SEIS and ROD. The Final LS SEIS and ROD are anticipated to be issued as one combined document pursuant to 23 U.S.C. 139(n)(2), unless criteria are met for issuing the documents separately. Completion of the Final LS SEIS and ROD is anticipated in 2018.

The Draft LS SEIS will be available for public and agency review and comment prior to a public hearing. Public notice of the Draft LS SEIS and the date and time of the public hearing(s) will be posted on the project Web site and in local newspapers. To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Federal Highway Administration

Notice of Rescinding the Record of Decision (ROD) for the State Route 704, Cross Base Highway Project in Pierce County, Washington

AGENCY: Federal Highway Administration, DOT.

ACTION: Rescinding the Record of Decision.

SUMMARY: The Federal Highway Administration is issuing this notice to advise the public that the Record of Decision for the proposed State Route 704 Cross Base Highway in Pierce County, Washington is being rescinded.

FOR FURTHER INFORMATION CONTACT: Mr. Dean Moberg, Area Engineer, Washington Division, Federal Highway Administration, 711 Capitol Way, Suite 501, Olympia, WA 98501.

SUPPLEMENTARY INFORMATION: The FHWA, as the lead federal agency, in cooperation with the Washington State Department of Transportation and Pierce County published a Record of Decision (ROD) on August 2, 2004 for the State Route 704 Cross Base Highway

Project. This project involved a new arterial highway between State Route 7 and Interstate 5 in Pierce County. Since that time, WSDOT has only advanced one of five project stages, but has not advanced further design, right of way acquisition or construction of the other stages since 2007 due to public policy, litigation and transportation demand reasons. The FHWA has determined that the ROD dated August 2, 2004 for the September 2003 Final Environmental Impact Statement on this project is no longer a valid document without further environment analysis and review pursuant to the requirements of the National Environmental Policy Act pursuant to 42 U.S.C. 4321, *et seq.* and 23 Code of Federal Regulations 771 and therefore will be rescinded. Comments and questions concerning this proposed action should be directed to FHWA at the address provided above.

Issued on: August 22, 2017.

Daniel M. Mathis,

Division Administrator, Washington Division, Federal Highway Administration.
