SUPPLEMENTARY INFORMATION:

I. Background

The American Battle Monuments Commission (ABMC) builds and maintains suitable memorials commemorating the service of American Armed Forces and maintains permanent American military cemeteries in foreign countries. ABMC employs U.S. citizens, lawful permanent residents, and non-U.S. citizens or nationals from foreign countries. ABMC maintains the ABMC-6, Personnel and Payroll System, to manage payroll and personnel data for ABMC employees, ensure proper payment of salary and benefits to ABMC personnel, and track time worked and leave or other absences for reporting and compliance purposes. ABMC is publishing this new system of records notice to reflect updates to ABMC payroll and personnel data processes and services.

ABMC has entered into an agreement with the Department of the Interior (DOI) Interior Business Center (IBC), a Federal agency shared service provider, to provide payroll and personnel processing services through DOI's Federal Personnel and Payroll System (FPPS). Although DOI will host and process payroll and personnel data on behalf of ABMC, ABMC will retain ownership and control over its own data. ABMC has included a routine use in this notice to permit sharing of records with DOI for hosting and support services. Individuals seeking access to their records owned and maintained by ABMC must submit their requests to ABMC as outlined in the Record Access Procedures, Contesting Record Procedures, and Notification Procedures sections below.

II. Privacy Act

The Privacy Act of 1974, as amended, embodies fair information practice principles in a statutory framework governing the means by which Federal agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to records about

individuals that are maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the existence and character of each system of records that the agency maintains and the routine uses of each system. The ABMC-6, Personnel and Payroll System, system of records notice is published in its entirety below. In accordance with 5 U.S.C. 552a(r), ABMC has provided a report of this system of records to the Office of Management and Budget and to Congress.

Security controls include encryption, firewalls, audit logs, and network system security monitoring. Electronic data is protected through user identification, passwords, database permissions and software controls. Access to records in the system is limited to authorized personnel who have a need to access the records in the performance of their official duties, and each person's access is restricted to only the functions and data necessary to perform that person's job responsibilities. System administrators and authorized users for both ABMC and DOI are trained and required to follow established internal security protocols and must complete all security, privacy, and records management training, and sign Rules of Behavior for each agency.
