**DATES:** By this notice, the FHWA, on behalf of Caltrans, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal Agency Actions on the highway project will be barred unless the claim is filed on or before February 12, 2018. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

**FOR FURTHER INFORMATION CONTACT:** For Caltrans: Charles Baker, Branch Chief—Specialist Unit, Division of Environmental Analysis, California Department of Transportation—District 12, 1750 East 4th Street, Santa Ana, California, 8 a.m. to 5 p.m., (657) 328-6139, [charles\\_baker@dot.ca.gov](mailto:charles_baker@dot.ca.gov).

**SUPPLEMENTARY INFORMATION:** Effective July 1, 2007, the Federal Highway Administration (FHWA) assigned, and the California Department of Transportation (Caltrans) assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that Caltrans, has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of California. Caltrans proposes to add one general-purpose lane in the northbound and southbound directions, construct a second high-occupancy lane (HOV) in each direction between the I-405 and I-5 HOV direct connectors, and restore existing auxiliary lanes. Additionally, northbound auxiliary lanes will be constructed between the MacArthur Boulevard and Dyer Road, and the Dyer Road and Edinger Avenue interchanges. The restored auxiliary lane between the Edinger Avenue and McFadden Avenue interchanges would be extended to the northbound I-5 connector and the northbound McFadden Avenue onramp would be restricted to the northbound I-5 connector only. As a result, access from the McFadden Avenue on-ramp to northbound SR-55 and southbound I-5 would be eliminated. In the southbound direction, the existing auxiliary lane between the McFadden Avenue and Edinger Avenue interchanges would be restored to match the existing condition. The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Final Initial Study (IS) with Negative Declaration (ND)/Environmental Assessment (EA) with Finding of No Significant Impact (FONSI), approved on August 31, 2017.

The Final IS/EA with ND/FONSI, and other project records are available by contacting Caltrans at the addresses provided above. ### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2017-0243]

### Hours of Service of Drivers: Application for Exemption; Power and Communication Contractors Association (PCCA)

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of application for exemption; request for comments.

**SUMMARY:** FMCSA announces that the Power and Communication Contractors Association (PCCA) has requested an exemption from the requirement that a motor carrier install and require each of its drivers to use an electronic logging device (ELD) to record the driver's hours-of-service (HOS) no later than December 18, 2017. PCCA requests the exemption for all operators of a commercial motor vehicle (CMV) in the power and communications construction industry. Construction contractors spend considerable time working off-road on varying jobsites, and a single CMV may have several different drivers over the course of a day, moving the vehicle short distances around the jobsite. Because of the limited time within a workday that their drivers spend driving on public roads, PCCA states that ELD and record of duty status (RODS) requirements for drivers in their industries do not result in a significant safety benefit. PCCA's drivers would remain subject to the standard HOS limits and maintain a paper RODS for HOS compliance. PCCA believes that the exemption, if granted, will achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent the exemption. FMCSA requests public comment on PCCA's application for exemption.
