

received no comments from interested parties with respect to these claims. Therefore, because the record indicates that these companies did not export subject merchandise to the United States during the POR, we continue to find that Oman Fasteners and OISI had no shipments of subject merchandise during the POR.

Changes Since the Preliminary Results

As no parties submitted comments on the *Preliminary Results*, the Department has not modified its analysis from that presented in the *Preliminary Results*, and no decision memorandum accompanies this **Federal Register** notice. Further, the Department has made no adjustments to the determination that Overseas Distribution Services (ODS) did not cooperate to the best of its abilities to comply with the Department’s request for information. Accordingly, we continue to determine it appropriate to apply facts otherwise available with adverse inferences in accordance with sections 776(a) and (b) of the Act. For details regarding the issues raised in this proceeding, including the Department’s determination to apply adverse facts available to ODS, see the *Preliminary Results*.⁴

Final Results

The final weighted-average dumping margins are as follows:

| Exporter/producer | Weighted-average dumping margin (percent) |
|------------------------------------------|-------------------------------------------|
| Overseas Distribution Services Inc | 184.41 |

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b), the Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise and deposits of estimated duties, where applicable, in accordance with the final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this administrative review.

For ODS, we will base the assessment rate for the corresponding entries on the margin listed above. Additionally, because the Department determined that Oman Fasteners and OISI had no shipments of merchandise during the POR, any suspended entries that entered

under their name will be liquidated at the all-others rate effective during the POR.⁵

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates shown above; (2) for previously reviewed or investigated companies not listed above, as well as those companies listed in the “Determination of No Shipments” section, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment; (3) if the exporter is not a firm covered in this review, a previous review, or the original less-than-fair value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.30 percent, the all-others rate established in the investigation.⁶ These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

Normally, the Department discloses to interested parties the calculations performed in connection with the final results within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because the weighted-average dumping margin assigned to ODS for these final results is based on adverse facts available, there are no calculations to disclose.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

These final results are in accordance with sections 751(a)(a) and 777(i)(1) of the act and 19 CFR 351.213(h) and 351.221(b)(5).

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; North Pacific Observer Safety and Security Survey

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to

take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before November 13, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Special Agent Jaclyn Smith, NOAA Fisheries Office of Law Enforcement, 222 W. 7th Ave., #10, Anchorage, AK 99513, (907) 271-1869 or Jaclyn.Smith@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a new information collection.

NOAA National Marine Fisheries Service (NMFS) certified observers are a vital part of fisheries management. Observers are deployed to collect fisheries data in the field; observers often deploy to vessels and work alongside fishers for weeks and months at a time. The work environment observers find themselves in can be challenging, especially if observers find themselves a target for victim type violations such as sexual harassment, intimidation, or even assault. NOAA Fisheries' Office of Law Enforcement prioritizes investigations into allegations of sexual harassment, hostile work environment, assault and other complaints, which may affect observers individually. However, it is difficult for a person to disclose if they have been a victim of a crime, and law enforcement cannot respond if no complaint is submitted. The true number of observers who have experienced victim type crimes is unknown, and the reasons why they do not report is also unclear. More information is needed to understand how many observers per year experience victim type crimes, and why they chose not to report to law enforcement.

The Office of Law Enforcement, Alaska Division, is conducting a survey of North Pacific Observers to determine the number of observers who experienced victimizing behavior during deployments in 2016 and 2017. The survey will also investigate the reasons that prevented observers from
