#### **Overview of This Information Collection**

1. *Type of Information Collection:* Site visits, which will include individual and group interviews.

2. *The Title of the Form/Collection:* Evaluation of the Bureau of Justice Assistance Sexual Assault Kit Initiative.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The applicable component within the U.S. Department of Justice is the National Institute of Justice in the Office of Justice Programs.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Sexual assault kits (SAKs) are invaluable tools used in investigations to collect evidence such as DNA and to document injuries from alleged victims; this evidence in turn is used to identify and prosecute offenders and to exonerate innocent suspects. Despite the importance of SAKs, backlogs of

unsubmitted and untested kits have emerged in jurisdictions across the country (e.g., Peterson and Hickman, 2005; Strom et al., 2009). The Bureau of Justice Assistance (BJA) established the Sexual Assault Kit Initiative (SAKI) to provide assistance to jurisdictions who are addressing these issues. In FY 2015, 20 sites were funded through SAKI to engage in reforms intended to improve the national response to sexual assault cases.

The objectives of the current study are to conduct an evaluability assessment of all 20 FY 2015 sites to determine their readiness to participate in an evaluation of the SAKI and to develop a comprehensive and rigorous evaluation plan to ultimately determine the extent to which SAKI reforms have resulted in intended (and/or unintended) system changes. The evaluability assessment data collection process will include visits to the 20 sites, which will be comprised of individual and group interviews with a maximum of 20 respondents per site.

The types of respondents who will be asked to respond to requests for interviews will include the SAKI Site Coordinator, representatives from sectors involved in working groups (e.g., law enforcement, forensic medical personnel, forensic laboratory personnel, prosecutors, victim advocates, victim treatment providers), specialized staff (e.g., cold case detectives, police administrative support, victim compensation staff).

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated average burden for a respondent completing a site visit interview is approximately 60 minutes. A maximum of 20 respondents will be interviewed, either individually or in groups, at each of the 20 sites. Therefore, the total number of estimated respondents for the entire evaluability site visit data collection is 400 (20 sites × 20 respondents per site).

6. *An estimate of the total public burden (in hours) associated with the collection:* The maximum estimated public burden associated with this collection is 400 hours. It is estimated that each of the 400 site visit interviews will take 60 minutes to complete (400 respondents × 60 minutes = 400 hours).

*If additional information is required contact:* Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E.405A, Washington, DC 20530.

## DEPARTMENT OF LABOR

### Fiscal Year (FY) 2016 Through FY 2017 Stand Down Grant Requests

**AGENCY:** Veterans' Employment and Training Service (VETS), Department of Labor.

**ACTION:** Amendment to **Federal Register**, 80 FR 80390 (Dec. 24, 2015) [FR Doc. 2015-32406 Filed 12-23-15; 8:45 a.m.]. This amendment extends funding for Stand Down events to December 31, 2017, contingent upon funding availability, and extends the award ceiling to \$50,000 for Stand Down events planned to take place in certain designated counties where a federal major disaster has been declared by the President and where the Secretary has determined circumstances appropriate for an increased award ceiling.

**SUMMARY:** This notice amends 80 FR 80390 (Dec. 24, 2015) [FR Doc. 2015-32406 Filed 12-23-15; 8:45 a.m.]. The revised language is below:

#### IV. Award Information

In recognition of the substantial scale of such disasters as Hurricane Harvey, the Secretary has determined it appropriate, in certain circumstances where a federal major disaster has been declared, to allow entities proposing to conduct Stand Down events in areas impacted by those disasters to apply for funds in amounts up to \$50,000. It is anticipated that this expanded ceiling will be most often provided on account of disasters that are similar in scale to such events as Hurricane Harvey and that impact substantial populations. In such circumstances, as declared by the Secretary in writing, entities proposing to conduct Stand Down events (1) within those designated counties where a federal major disaster has been declared by the President, or (2) in geographical areas to which a substantial number of veterans from those declared counties have been relocated, may apply for a one-time request for funds in amounts up to \$50,000 through December 31, 2017. Applications will be processed and awarded subject to availability of funding. The general maximum award amounts of \$10,000 per applicant per fiscal year for multiple day Stand Down

events, or \$7,000 for one day events, will not apply to such requests for designated counties where a federal major disaster has been declared by the President. Acceptable uses of Stand Down grant funds have not changed. Applicants may expend these funds over a period not to exceed September 30, 2018, or if funded after October 1, 2017, applicants may expend these funds over a period not to exceed September 20, 2019, the statutory life of the appropriated funds.

The Secretary hereby declares that entities proposing to conduct Stand Down events in areas impacted by the following disasters may apply for funds in amounts up to \$50,000: (1) Within those designated counties in Texas, parishes in Louisiana, or counties in other States, where a federal major disaster has been declared by the President on account of Hurricane Harvey, Tropical Storm Harvey, or related storm systems, or in geographical areas to which a substantial number of veterans from those declared counties or parishes have been relocated; and (2) within those designated counties, municipalities, or districts in Florida, Puerto Rico, and the U.S. Virgin Islands, or counties in other States, where a federal major disaster has been declared by the President on account of Hurricane Irma, Tropical Storm Irma, or related storm systems, or in geographical areas to which a substantial number of veterans from those declared counties, municipalities, or districts have been relocated.
