A summary of the mission is found below. Application information and more detailed mission information, including the commercial setting and sector information, can be found at the trade mission Web site: <http://export.gov/trademissions>.

For each mission, recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other Internet Web sites, press releases to general and trade media, direct mail, broadcast fax, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows.

The Following Conditions for Participation Will Be Used for Each Mission

Applicants must submit a completed and signed mission application and supplemental application materials, including adequate information on their products and/or services, primary

market objectives, and goals for participation. If the Department of Commerce receives an incomplete application, the Department may either: Reject the application, request additional information/clarification, or take the lack of information into account when evaluating the application. If the requisite minimum number of participants is not selected for a particular mission by the recruitment deadline, the mission may be cancelled.

Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the United States, or, if not, are marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content by value. In the case of a trade association or organization, the applicant must certify that, for each firm or service provider to be represented by the association/organization, the products and/or services the represented firm or service provider seeks to export are either produced in the United States or, if not, marketed under the name of a U.S. firm and have at least 51% U.S. content.

A trade association/organization applicant must certify to the above for all of the companies it seeks to represent on the mission.

In addition, each applicant must:

- Certify that the products and services that it wishes to market through the mission would be in compliance with U.S. export controls and regulations;

- Certify that it has identified any matter pending before any bureau or office in the Department of Commerce;
- Certify that it has identified any pending litigation (including any administrative proceedings) to which it is a party that involves the Department of Commerce; and

- Sign and submit an agreement that it and its affiliates (1) have not and will not engage in the bribery of foreign officials in connection with a company's/participant's involvement in this mission, and (2) maintain and enforce a policy that prohibits the bribery of foreign officials.

In the case of a trade association/organization, the applicant must certify that each firm or service provider to be represented by the association/organization can make the above certifications.

The Following Selection Criteria Will Be Used for Each Mission

Targeted mission participants are U.S. firms, services providers and trade associations/organizations providing or promoting U.S. products and services that have an interest in entering or

expanding their business in the mission's destination country. The following criteria will be evaluated in selecting participants:

- Suitability of the applicant's (or in the case of a trade association/organization, represented firm or service provider's) products or services to these markets;

- The applicant's (or in the case of a trade association/organization, represented firm or service provider's) past, present, and prospective business activity in relation to the Mission's target market(s) and sector(s);

- The applicant's (or in the case of a trade association/organization, represented firm or service provider's) potential for business in the markets, including likelihood of exports resulting from the mission; and

- Consistency of the applicant's (or in the case of a trade association/organization, represented firm or service provider's) goals and objectives with the stated scope of the mission.

Referrals from a political party or partisan political group or any information, including on the application, containing references to political contributions or other partisan political activities will be excluded from the application and will not be considered during the selection process. The sender will be notified of these exclusions.

Trade Mission Participation Fees

If and when an applicant is selected to participate on a particular mission, a payment to the Department of Commerce in the amount of the designated participation fee below is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

Participants selected for a trade mission will be expected to pay for the cost of personal expenses, including, but not limited to, international travel, lodging, meals, transportation, communication, and incidentals, unless otherwise noted. Participants will, however, be able to take advantage of U.S. Government rates for hotel rooms. In the event that a mission is cancelled, no personal expenses paid in anticipation of a mission will be reimbursed. However, participation fees for a cancelled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such visas will be the responsibility of the mission participant. Government fees and

processing expenses to obtain such visas are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain business visas.

Trade Mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice.

Definition of Small and Medium Sized Enterprise

For purposes of assessing participation fees, the Department of Commerce defines Small and Medium Sized Enterprises (SME) as a firm with 500 or fewer employees or that otherwise qualifies as a small business under SBA regulations (see <http://www.sba.gov/services/contracting/opportunities/sizestandardstocip/index.html>). Parent companies, affiliates, and subsidiaries will be considered when determining business size. The dual pricing reflects the Commercial Service's user fee schedule that became effective May 1, 2008 (see <http://www.export.gov/newsletter/march2008/initiatives.html> for additional information).

SUMMARY: The Department of Commerce (the Department) is rescinding the administrative review of the antidumping duty order on certain polyethylene terephthalate resin from India, based on the timely withdrawal of request for review. The period of review (POR) is October 15, 2015, through April 30, 2017.

DATES: Applicable September 18, 2017.

FOR FURTHER INFORMATION CONTACT: Michael J. Heaney, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4475.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2017, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order¹ of certain polyethylene terephthalate resin from India for the POR October 15, 2015, through April 30, 2017.² On May 31, 2017, the Department received a timely request for an administrative review from Ester Industries Ltd. (Ester), in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b).³ No other parties requested an administrative review. Pursuant to Ester's review request and in accordance with 19 CFR 351.221(c)(1)(i), on July 6, 2017, the Department published in the **Federal Register** a notice of initiation of an administrative review covering Ester.⁴

¹ See *Certain Polyethylene Terephthalate Resin from Canada, the People's Republic of China, India, and the Sultanate of Oman: Amended Final Affirmative Antidumping Determination (Sultanate of Oman) and Antidumping Duty Orders*, 81 FR 27979 (May 6, 2016).

² See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 82 FR 20315 (May 1, 2017).

³ See Ester letter to Secretary of Commerce, "Ester Industries Ltd: Request for Administrative Review of Anti-Dumping Duty Administrative Review," dated May 31, 2017.

⁴ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 82 FR 31292 (July 6, 2017).

However, on July 17, 2017, Ester withdrew its request for an administrative review.⁵

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party, or parties, that requested a review withdraws the requests within 90 days of the publication of the notice of initiation of the requested review. As noted above, Ester withdrew its request for review by the 90-day deadline, and no other party requested an administrative review of this order. Therefore, in response to the timely withdrawal of the request for review, and in accordance with 19 CFR 351.213(d)(1), the Department is rescinding this review.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appraisal instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply
