Loan and grant applications will be reviewed individually to determine compliance with Agency environmental regulations and with NEPA.

#### Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), Public Law 104-4, establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments and the private sector. Under section 202 of the UMRA,

RUS generally must prepare a written statement, including a cost-benefit analysis, for proposed and final rules with Federal mandates that may result in expenditures to State, local, or tribal governments, in the aggregate, or to the private sector, of \$100 million or more in any one year. When such a statement is needed for a rule, section 205 of the UMRA generally requires RUS to identify and consider a reasonable number of regulatory alternatives and adopt the least costly, most cost-effective, or least burdensome alternative that achieves the objectives of the rule.

This final rule contains no Federal mandates (under the regulatory provisions of title II of the UMRA) for State, local, and tribal governments or the private sector. Therefore, this final rule is not subject to the requirements of sections 202 and 205 of the UMRA.

#### Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601-602) (RFA) generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements under the Administrative Procedure Act (APA) or any other statute. This final rule; however, is not subject to the APA under 5 U.S.C. 553(a)(2) and 5 U.S.C. 553(b)(3)(A) nor any other statute.

#### Executive Order 13132, Federalism

It has been determined, under E.O. 13132, Federalism, that the policies contained in this final rule do not have any substantial direct effect on states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Nor does this final rule impose substantial direct compliance costs on state and local governments. Therefore, consultation with the states is not required.

#### E-Government Act Compliance

The Agency is committed to complying with the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible and to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

**Information Collection and Recordkeeping Requirements**

In accordance with the Paperwork Reduction Act of 1995, the paperwork burden associated with this final rule has been approved by the Office of Management and Budget (OMB) under the currently approved OMB Control Number 0572-0121. The Agency has determined that the changes in the rule do not substantially change current data collection.

**Background and Discussion of the Rule**

The Rural Utilities Service's (RUS) water and waste program is administered by Water and Environmental Programs (WEP). The water and waste loan and grant programs are authorized by various sections of the Consolidated Farm and Rural Development Act (7 U.S.C. 1926 *et seq.*), as amended to provide loan and grant funds to rural areas (populations of 10,000 or less) to construct, enlarge, extend, or otherwise improve rural water, sanitary sewage, solid waste disposal, and storm wastewater disposal facilities.

Agency regulations provide for a three-tier interest rate structure for its direct water and waste disposal loans. The tiers are market, intermediate, and poverty. Currently, market rate is set using as guidance the average of the Bond Buyer (11-GO Bond) Index for the four weeks prior to the first Friday of the last month before the beginning of the quarter, with intermediate and poverty rates set as percentages of the market rate at 80 percent and 60 percent respectively. In addition to providing the interest rate for Agency direct loans, these rates play an integral part in the modeling of the subsidy rate for the program.

In order to more effectively manage the subsidy rate and reduce the need for appropriations, beginning in fiscal year 2018, the Agency is issuing a final rule to use the 20-GO Bond Index to set the market rate. In order for the Agency to respond more quickly to indices changes, the Agency is issuing a final rule to change the current reference from a specific bond index to reflect that the Agency is using as guidance the average of the Bond Buyer Index (available in any Agency office or the program's Web site) for the four weeks prior to the first Friday of the last month before the beginning of the quarter.

To implement this change the Agency will publish this as a final rule. The Administrative Procedure Act exempts from prior notice rules, "relating to agency management or personnel or to public property, loans, grants, benefits, or contracts" (5 U.S.C. 553(b)(A)).

**Summary of Changes to Rule**

*Rates and Terms (§ 1780.13)*

This section outlines how rates are set for Agency loans, qualifications for each interest rate, and, repayment terms. The Agency revises § 1780.13(e) to remove the reference to the 11-GO Bond index in order to allow greater flexibility to respond to changes in bond indices.
