A. Overview of Information Collection

Title of Information Collection: Housing Discrimination Information Form ("HUD-903.1").

OMB Approval Number: 2529-0011.

Type of Request: Extension of a currently approval information collection.

Form Number: Form HUD-903.1 (English), Form HUD-903.1A (Spanish), Form HUD-903.1B (Chinese), Form HUD-903.1C (Arabic), Form HUD-903.1F (Vietnamese), Form HUD-903.1CAM (Cambodian), Form HUD-903.1KOR (Korean), Form HUD-903.1RUS (Russian), and Form HUD-903-1 (Somali).

Description of the need for the information and proposed use: HUD uses the Housing Discrimination Information Form HUD-903.1 (Form) to collect pertinent information from persons wishing to file housing discrimination complaints with HUD under the Fair Housing Act. The Fair Housing Act makes it unlawful to discriminate in the sale, rental, occupancy, advertising, or insuring of residential dwellings; or to discriminate in residential real estate-related transactions; or in the provision of brokerage services, based on race, color,

religion, sex, handicap [disability], familial status, or national origin.

Any person who claims to have been injured by a discriminatory housing practice, or any person who believes that he or she will be injured by a discriminatory housing practice that is about to occur, may file a complaint with HUD not later than one year after the alleged discriminatory housing practice occurs or terminates. The Form promotes consistency in the collection of information necessary to contact persons who file housing discrimination complaints with HUD. It also aids in the collection of information necessary for initial assessments of HUD's authority to investigate alleged discriminatory housing practices under the Fair Housing Act. This information may subsequently be provided to persons against whom complaints are filed ["respondents"], as required under section 810(a)(1)(B)(ii) of the Fair Housing Act.

Respondents (i.e., affected public): Individuals or households; businesses or other for-profit, not-for-profit institutions; State, Local, or Tribal Governments.

Estimation of the total number of hours needed to prepare the information collection, including the number of respondents, frequency of response, and hours of responses: During FY 2016, HUD staff received approximately 14,216 information submissions from persons wishing to file housing discrimination complaints with HUD. Telephone contacts accounted for 1,548 of this total. The remaining 12,668 complaint submissions were transmitted to HUD by mail, in-person, by email, and via the Internet. HUD estimates that an aggrieved person requires approximately 45 minutes in which to complete this Form. The Form is completed once by each aggrieved person. Therefore, the total number of annual burden hours for this Form is 9,501 hours.
 $12,668 \times 1$ (frequency) \times .45 minutes
 (.75 hours) = 9,501 hours.

Annualized cost burden to complainants: HUD does not provide postage-paid mailers for this information collection. Accordingly, persons who choose to submit this Form to HUD by mail must pay the prevailing cost of First Class Postage. As of the date of this Notice, the annualized cost burden per person, based on a one-time submission of this Form to HUD via First Class Postage, is Forty-Nine Cents (\$0.49) per person. During FY 2016, FHEO staff received approximately 3,450 submissions of potential complaint information by mail. Based

on this number, HUD estimates that the total annualized cost burden for aggrieved persons who submit this Form to HUD by mail is \$1,690.50. Aggrieved persons also may submit this Form to HUD in person, by facsimile, by email, or electronically via the Internet.

Status of the proposed information collection: Renewal of a currently approved collection of pertinent information from persons wishing to file Fair Housing Act complaints with HUD.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including using appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: September 13, 2017.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: ConnectHome Expansion Data Collection.

OMB Approval Number: 2528-Pending.

Type of Request: New collection.

Description of the need for the information and proposed use: The purpose of this effort is to support communities who “take-up” the ConnectHome Challenge to close the digital divide among HUD-assisted households. The ConnectHome Challenge will call on Mayors, County Executives, Tribal Leaders, Housing Agencies and other Housing Providers, and other community leaders to agree to close the digital divide among HUD-assisted households.

In signing on to The ConnectHome Challenge, a community is committing, among other things, to: (1) Establish (possibly in collaboration with their local knowledge institutions) baseline estimates of the percent of HUD-assisted households with in-home high-speed Internet that is not reliant on a smartphone; (2) collaborate with local stakeholders to establish performance targets for increasing in-home high-speed Internet adoption; (3) establish and share with HUD the local strategies for achieving in-home high-speed Internet adoption targets; and (4) develop and execute an implementation plan and share progress with HUD.
