### Consultation

A detailed assessment of the human remains was made by the Robert S. Peabody Museum of Archaeology professional staff in consultation with representatives of the Wampanoag Repatriation Confederation, representing the Mashpee Wampanoag Tribe (previously listed as the Mashpee Wampanoag Indian Tribal Council, Inc.) and the Wampanoag Tribe of Gay Head (Aquinnah) as well as the Assonet Band of the Wampanoag Nation and the Nipmuc Nation (non-federally recognized Indian groups).

### History and Description of the Remains

In June 1959, 188 associated funerary objects were removed from the Mansion Inn site (19-MD-210) in Middlesex County, MA. At that time, human remains and funerary objects were removed from the site by a number of individuals when construction activity at the site of the old Mansion Inn revealed the presence of archeological features. The site was looted by local children, their parents, and friends, assisted by local collectors. Many kept what they had excavated, though some human remains and funerary objects were preserved in museum collections. Frederick Johnson, curator of the Robert S. Peabody Foundation for Archaeology (now the Robert S. Peabody Museum of Archaeology) undertook salvage excavations to recover some information about the site. Human remains and funerary objects removed by Johnson, Curtis Chapin, and others were ultimately preserved in the Robert S. Peabody Museum of Archaeology and the Massachusetts Archaeological Society/Robbins Museum. The 188 associated funerary objects are 3 adze fragments, 1 axe fragment, 61 bifaces and biface fragments, 25 flakes/debitage, 1 hammerstone, 2 charred nut hulls and charcoal, 22 pebbles, and 73 stone fragments.

Excavations, studies, and one radiocarbon assay on organic material date the site from approximately 2111 to 1697 B.C. This is consistent with the Watertown Phase and subsequent Coburn Group of the Late Archaic Susquehanna Tradition. Multiple lines of evidence guided by tribal consultations, including geographic location, maps, oral tradition, linguistic, and archeological data, demonstrate a shared group identity between the human remains and associated funerary objects in this notice and the Wampanoag Repatriation Confederation, representing the Mashpee Wampanoag Indian Tribe (previously listed as the Mashpee Wampanoag Indian Tribal Council, Inc.) and the Wampanoag Tribe of Gay Head (Aquinnah) as well as the Assonet Band of the Wampanoag Nation and the Nipmuc Nation (non-federally recognized Indian groups).

### Determinations Made by the Robert S. Peabody Museum of Archaeology

Officials of the Robert S. Peabody Museum of Archaeology have determined that:

- Pursuant to 25 U.S.C. 3001(3)(A), the 188 objects described in this notice are reasonably believed to have been placed with or near individual human

remains at the time of death or later as part of the death rite or ceremony.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American associated funerary objects and the Wampanoag Repatriation Confederation, representing the Mashpee Wampanoag Indian Tribe (previously listed as the Mashpee Wampanoag Indian Tribal Council, Inc.) and the Wampanoag Tribe of Gay Head (Aquinnah). Additionally, a cultural relationship is determined to exist between the human remains and the Assonet Band of the Wampanoag Nation and Nipmuc Nation, which are non-federally recognized Indian groups.

### Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these associated funerary objects should submit a written request with information in support of the request to Ryan Wheeler, Robert S. Peabody Museum of Archaeology, 180 Main Street, Andover MA 01810, telephone (978) 749-4490, email [rwheeler@andover.edu](mailto:rwheeler@andover.edu), by October 23, 2017. After that date, if no additional requestors have come forward, transfer of control of the associated funerary objects to the Wampanoag Repatriation Confederation, representing the Mashpee Wampanoag Indian Tribe (previously listed as the Mashpee Wampanoag Indian Tribal Council, Inc.) and the Wampanoag Tribe of Gay Head (Aquinnah), and, if joined to one or more of the culturally affiliated tribes, the Assonet Band of the Wampanoag Nation and Nipmuc Nation, which are non-federally recognized Indian groups, may proceed.

The Robert S. Peabody Museum of Archaeology is responsible for notifying the Wampanoag Repatriation Confederation, representing the Mashpee Wampanoag Indian Tribe (previously listed as the Mashpee Wampanoag Indian Tribal Council, Inc.) and the Wampanoag Tribe of Gay Head (Aquinnah) as well as the Assonet Band of the Wampanoag Nation and the Nipmuc Nation (non-federally recognized Indian groups) that this notice has been published.
