## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### Notice of Availability of The Great Lakes and Mississippi River Interbasin Study—Brandon Road Draft Integrated Feasibility Study and Environmental Impact Statement—Will County, Illinois

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Extension of public comment period.

**SUMMARY:** The U.S. Army Corps of Engineers (USACE) is extending the comment period for the report “The Great Lakes and Mississippi River Interbasin Study—Brandon Road Draft Integrated Feasibility Study and Environmental Impact Statement—Will County, Illinois” (GLMRIS-Brandon Road) for 45 days in response to stakeholder requests for an extension, from October 2, 2017 to November 16, 2017.

**DATES:** The comment period is extended for the draft GLMRIS-Brandon Road report published in the **Federal Register** on August 7, 2017 (82 FR 36760). Comments must be received or postmarked by November 16, 2017.

**ADDRESSES:** Comments may be submitted in the following ways:

*GLMRIS Project Web site:* Use the Web comment function found at <http://glmr.is.anl.gov>.

*Mail:* Send comments to U.S. Army Corps of Engineers, Chicago District, ATTN: GLMRIS-Brandon Road Comments, 231 S. LaSalle St., Suite 1500, Chicago, IL 60604.

**FOR FURTHER INFORMATION CONTACT:** Contact Andrew Leichty, Program Manager, by mail: U.S. Army Corps of Engineers, Rock Island District, Clock Tower Building (ATTN: Leichty), P.O. Box 2004, Rock Island, IL 61204-2004, by phone: 309-794-5399; or by email: [Andrew.L.Leichty@usace.army.mil](mailto:Andrew.L.Leichty@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** The GLMRIS authority directed USACE to identify the range of options and technologies available to prevent the spread of aquatic nuisance species between the Great Lakes and Mississippi River Basins through the Chicago Sanitary and Ship Canal and other aquatic pathways. The goal of the GLMRIS-Brandon Road Study is to prevent the upstream transfer of aquatic

nuisance species while minimizing impacts to existing waterways uses and users.

Comments, including the names and addresses of those who comment, received during the comment period will be posted on the GLMRIS project Web site. Comments submitted anonymously will be accepted, considered, and posted. Commenters may indicate that they do not wish to have their name or other personal information made available on the Web site. However, USACE cannot guarantee that information withheld from the Web site will be maintained as confidential. Persons requesting confidentiality should be aware that, under the Freedom of Information Act, confidentiality may be granted in only limited circumstances.

Dated: September 18, 2017.

**Dennis W. Hamilton,**

*Chief, Programs and Project Management Division.*

## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### Record of Decision for Final Supplement I to the Final Environmental Statement, Mississippi River Between the Ohio and Missouri Rivers (Regulating Works), Missouri and Illinois

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Record of Decision.

**SUMMARY:** The U.S. Army Corps of Engineers (USACE), St. Louis District, is issuing this notice to advise Federal, state, and local government agencies, affected Tribes, and the public that USACE has signed a Record of Decision (ROD) for *Final Supplement I to the Final Environmental Statement, Mississippi River between the Ohio and Missouri Rivers (Regulating Works)*. The ROD was rendered to declare that, after careful consideration of the purpose of and need for the Regulating Works Project, the analysis contained in Final Supplement I, input from the public, affected Tribes, state and Federal agencies, and other interested parties, and based on the Regulating Works Project’s Congressional authority and continued benefit of remaining construction, USACE has determined that the public interest will best be served by implementing the Continue

Construction Alternative (hereafter, the Selected Plan).

**DATES:** The USACE Mississippi Valley Division Commander, Major General Michael C. Wehr, signed the ROD on August 31, 2017.

**ADDRESSES:** U.S. Army Corps of Engineers, Regional Planning and Environmental Division North, CEMVP-PD-P (Attn: Mr. Kip Runyon), 1222 Spruce St., St. Louis, MO 63103-2833.

**FOR FURTHER INFORMATION CONTACT:** Kip Runyon, Environmental Planner, Regional Planning and Environmental Division North, at 314-331-8396 or by email at [RegWorksSEIS@usace.army.mil](mailto:RegWorksSEIS@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** USACE is charged with obtaining and maintaining a navigation channel on the Middle Mississippi River (MMR) that is nine feet deep and 300 feet wide with additional width in bends as necessary (commonly called the Regulating Works Project). As authorized by Congress, the Regulating Works Project is obtained by construction of revetment, rock removal, and river training structures to maintain bank stability and ensure adequate, reliable navigation depth and width. The Regulating Works Project is maintained through dredging and any needed maintenance to constructed features. The long-term goal of the Regulating Works Project, as authorized by Congress, is to obtain and maintain a navigation channel at the authorized dimensions and to reduce federal expenditures by alleviating the amount of annual maintenance dredging through the construction of river training structures. The Selected Plan consists of continuing with construction of new river training structures and revetment for navigation purposes until such time as the costs of placing more structures, including costs for any mitigation, are no longer justified by the resultant reduction in repetitive dredging quantities and associated costs. The Selected Plan also involves continuing to dredge as necessary, completing known bankline stabilization work to reduce the risk of a channel cutoff, placing additional revetment, and continuing to maintain existing structures.

The remaining construction associated with the Selected Plan is currently estimated from programmatic analysis to require approximately 4.4 million tons (2.9 million cubic yards) of rock. Dredge quantities are expected to decrease from their current average annual quantity of approximately 4 million cubic yards to approximately 2.4 million cubic yards after construction of new river training

structures and any compensatory mitigation is complete. These estimates are based on assumptions of Congressional funding levels, rock prices, dredging costs, sediment loads, mitigation costs, etc. Because these assumptions are uncertain, the estimated quantity of construction could differ from actual implementation.

Environmental impacts of the work associated with the Selected Plan will continue to be avoided and minimized to the extent practicable. Placement of river training structures is expected to increase the acreage of low-velocity habitat that is considered important habitat for many MMR fish species. However, placement of river training structures is also expected to reduce shallow to moderate-depth, moderate-to high-velocity habitat that is important for some MMR fish guilds. Analysis of the impacts of the Selected Plan to main channel border habitat suggests that future construction of river training structures will result in the consideration of compensatory mitigation measures. The specific impacts of each work area and any necessary compensatory mitigation measures will be covered in Tier II Site Specific Environmental Assessments, as appropriate.

The ROD, Final Supplement I, and supporting documentation are available at: <http://www.mvs.usace.army.mil/Missions/Navigation/SEIS/Library.aspx>.

**Brian L. Johnson,**

Chief, Environmental Compliance Branch,  
Regional Planning and Environmental  
Division North.

## DELAWARE RIVER BASIN COMMISSION

### Notice of Proposed Methodology for the 2018 Delaware River and Bay Water Quality Assessment Report

**AGENCY:** Delaware River Basin  
Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the methodology proposed to be used in the 2018 Delaware River and Bay Water Quality Assessment Report is available for review and comment.

**DATES:** Comments on the assessment methodology or recommendations for the consideration of data sets should be submitted in writing before 5:00 p.m. EST on December 31, 2017.

**ADDRESSES:** Comments will be accepted via email to [john.yagecic@drbc.nj.gov](mailto:john.yagecic@drbc.nj.gov),

with "Water Quality Assessment 2018" as the subject line; via fax to 609-883-9522; via U.S. Mail to DRBC, Attn: Water Quality Assessment 2016, P.O. Box 7360, West Trenton, NJ 08628-0360; via private carrier to DRBC, Attn: Water Quality Assessment 2016, 25 Cosey Road, West Trenton, NJ 08628-0360; or by hand to the latter address. All submissions should have the phrase "Water Quality Assessment 2018" in the subject line and should include the name, address (street address optional) and affiliation, if any, of the commenter.

**FOR FURTHER INFORMATION CONTACT:** Mr. John Yagecic, Manager, Water Quality Assessment, [john.yagecic@drbc.nj.gov](mailto:john.yagecic@drbc.nj.gov), 609-883-9500, ext. 271.

**SUPPLEMENTARY INFORMATION:** The Delaware River Basin Commission ("DRBC" or "Commission") is an interstate and federal compact agency that was created in 1961 by concurrent legislation of the States of Delaware, New Jersey, and New York, the Commonwealth of Pennsylvania and the United States Government for purpose of jointly managing the water resources of the Delaware River Basin.

DRBC currently is compiling data for the 2018 Delaware River and Bay Water Quality Assessment Report ("2018 Assessment") required by the federal Clean Water Act ("CWA"). The 2018 Assessment will present the extent to which waters of the Delaware River and Bay are attaining designated uses in accordance with Section 305(b) of the CWA and the Commission's Water Quality Regulations, 18 CFR part 410, and will identify impaired waters, which consist of waters in which surface water quality standards are not being met.

The proposed assessment methodology to be used in the 2018 Assessment is available for review at the following URL:

[http://www.nj.gov/drbc/library/documents/WQAssessmentReport2018\\_MethodologyDRAFTsept2017.pdf](http://www.nj.gov/drbc/library/documents/WQAssessmentReport2018_MethodologyDRAFTsept2017.pdf).

Dated: September 21, 2017.

**Pamela M. Bush,**

Commission Secretary.

## DEPARTMENT OF EDUCATION

[Docket No.: ED-2017-ICCD-0098]

### Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; State Lead Agency Record Keeping and Reporting Requirements Under Part C of the Individuals With Disabilities Education Act (IDEA)

**AGENCY:** Office of Special Education and Rehabilitative Services (OSERS),  
Department of Education (ED).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.

**DATES:** Interested persons are invited to submit comments on or before October 27, 2017.

**ADDRESSES:** To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2017-ICCD-0098. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 216-32, Washington, DC 20202-4537.

**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Rebecca Walawender, 202-245-7399.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed
