## DEPARTMENT OF LABOR

**AGENCY:** Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed.

Currently, the Department of Labor is soliciting comments concerning the collection of follow-up survey data about the Evaluation of the Youth CareerConnect (YCC) Grant Program [SGA/DFA PY-13-01]. A copy of the proposed Information Collection

#### SUPPLEMENTARY INFORMATION:

*I. Background:* The proposed information collection activities described in this notice will provide data for the randomized controlled trial (RCT) and quasi-experimentally designed (QED) studies and implementation evaluation of the Youth CareerConnect program. In spring 2014, the Employment and Training Administration (ETA) in the U.S. Department of Labor (DOL) awarded a total of \$107 million to 24 grantees to implement the YCC program. The program is a high school based initiative aimed at improving students' college and career readiness in particular employment sectors. The programs are redesigning the high school experience through partnerships with colleges and employers to provide skill-developing and work-based learning opportunities to help students prepare for jobs in high-demand occupations.

The evaluation will address three main research questions: (1) What was the impact of the YCC programs on students' short-term outcomes? (2) How were the YCC programs implemented? and (3) Did the effectiveness of YCC programs vary by student characteristics? The RCT and QED will estimate program effectiveness and will
