was awarded to 687 recipients to coordinate the use of assistance under the Housing Choice Voucher (HCV) and Public Housing programs with public and private resources to enable participating families to increase earned income and financial literacy, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency. The list of grantees selected under this NOFA are listed in Appendix B of this notice.

The *FY2016 Jobs Plus Initiative* competition was announced in the NOFA published on [grants.gov](http://grants.gov) on April 11, 2016, FR-6000-N-14, and which closed on June 13, 2016. Applications were rated and selected for funding based on selection criteria contained in the NOFA. \$14,397,553 was awarded to six recipients to develop locally-based, job-driven approaches to increase earnings and advance employment outcomes through work readiness, employer linkages, job placement, educational advancement technology skills, and financial literacy for residents of public housing. Applications were rated and selected for funding based on selection criteria contained in the NOFA. \$2,899,177 was awarded to four recipients for programs that seek to inform policy development and implementation to improve life in American communities through conducting, supporting, and sharing research, surveys, demonstrations, program evaluations, and best practices. Applications were rated and selected for funding based on selection criteria contained in the NOFA. \$50,672,051 was awarded to 253 recipients to provide counseling and advice to tenants and homeowners, both current and prospective, regarding property maintenance, financial management/literacy, and other matters as may be appropriate to assist them in

The *FY2017 Lead-Based Paint Hazard Control Grant Program* competition was announced in the NOFA published on [grants.gov](http://grants.gov) on February 7, 2017, FR-6100-N-12, and which closed on March 23, 2017. Applications were rated and selected for funding based on selection criteria contained in the NOFA. \$66,448,640 was awarded to 28 recipients for units of state and local government to implement comprehensive programs to identify and remediate lead based paint hazards in privately owned rental or owner occupied housing. Applications were rated and selected for funding based on selection criteria contained in the NOFA. \$60,327,424 was awarded to 20 recipients for units of state and local government to implement comprehensive programs to identify and remediate lead based paint hazards in privately owned rental or owner occupied housing. HUD recognizes that one of the applicants selected for award, the City of Houston, TX, has been subject to devastation caused by Hurricane Harvey and that the City will be facing overwhelming challenges for an extended period. Accordingly, and with the City's agreement, instead of considering obligating FY 2017/2018 funds for their grant, pending successful completion of negotiations, HUD will reserve FY 2018/2019 funds when appropriated, apportioned, and allotted, for obligation pending successful completion of negotiations in FY 2018. The FY 2017/2018 funds will be used for other lead hazard control grants, as permitted by the Consolidated Appropriations Act, 2017, specifically for additional partial funding of Lead-Based Paint Hazard Control grants to the City of Brockton, MA, and the Malden Redevelopment Authority, Malden, MA. The list of grantees selected under this NOFA are listed in Appendix G of this notice.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, 42 U.S.C. 3545(a)(4)(C)), the Department is publishing the awardees and the

**SUPPLEMENTARY INFORMATION:** The BLM Uncompahgre Field Office received a proposed MDP for natural gas exploration and development from SG Interests I, Ltd. (SGI) for the Bull Mountain Unit. An MDP provides information common to multiple planned wells, including drilling plans, Surface Use Plans of Operations, and plans for future production.

The Bull Mountain Unit MDP ROD identifies the Preferred Alternative (Alternative D from the Final EIS), with minor modifications, as the BLM's Selected Alternative. Approval of the Preferred Alternative as described in the Final EIS (2016) meets the BLM's purpose and need, provides for natural gas exploration and development, and approves the Federal 12-89-7-1 Application for Permit to Drill (APD). The Selected Alternative approves a plan for the exploration and development of up to 146 natural gas wells, four water disposal wells, and associated infrastructure on Federal and private mineral leases within a Federally-unitized area known as the Bull Mountain Unit. SGI requested and obtained the BLM's approval of the unit after exploration wells demonstrated the potential for economically viable reserves of natural gas.

The Bull Mountain Unit is located within the Colorado River basin, approximately 30 miles northeast of the Town of Paonia, and is bisected by State Highway 133. The boundaries of the unit encompass approximately 19,670 acres of Federal and private oil and gas mineral estate in Gunnison County, Colorado. The unit consists of 440 acres of BLM Federal surface lands and subsurface mineral estate; 12,900 acres of split-estate lands consisting of private surface and Federal mineral estate administered by the BLM; and 6,330 acres of fee land consisting of private surface and private mineral estate. Work on the MDP began with a preliminary Environmental Assessment in 2008. In 2012, the BLM determined that an EIS was necessary due to potential

significant impacts to air quality in nearby Class 1 air sheds, water, socioeconomics, and wildlife. The BLM released the Draft EIS on January 16, 2015, for a 90-day public comment period (80 FR 2438). The BLM received 565 unique comment letters and 83 form letters. Based on these public comments, internal reviews, and cooperating agency input, the BLM revised the Draft EIS and published the Final EIS on July 8, 2016 (81 FR 44652).

The BLM also consulted with the U.S. Fish and Wildlife Service (FWS), which concurred with the BLM's finding that the project "may affect, but is not likely to adversely affect" the green lineage Colorado River cutthroat trout and Canada Lynx and designated habitat for both species, and that it "may affect, is likely to adversely affect" four endangered Colorado River fish, but that anticipated water depletions from the Colorado River basin are within the amounts addressed in the FWS's 2008 programmatic biological opinion. Finally, the BLM consulted with the Colorado State Historic Preservation Office, which raised no concerns as to the project's potential to affect historic properties.

Based on public comments, internal BLM comments, and updated information provided by SGI, the BLM selected the BLM's Preferred Alternative (Alternative D), as modified, for approval in the ROD. The decision includes a suite of design features, mitigation measures and best management practices that specifically address impacts to air resources and air quality related values, water resources, and wildlife.

The BLM's decision, which is based on Alternative D in the Final EIS, is the environmentally preferred action because it best meets the following criteria:

- Satisfies statutory requirements (true for all alternatives).
- Represents what the BLM considers to be the best combination of actions and best meets the purpose and need as described in Chapter 1 of the Final EIS.
- Provides the best approach to address key resource and planning issues.
