

percentage of the FMRs in effect at the time of the request. I understand that any approved exception payment standard will remain in effect until HUD revises the FMRs for the area. I also understand that increased per-family costs resulting from the use of such exception payment standard may result in a reduction in the number of families assisted or may require my agency to adopt other cost-saving measures.

L. 24 CFR 982.401(d) (Housing quality standards; Space and security). (Housing Voucher Management and Operations)

My agency requests a waiver of 24 CFR 982.401(d) so that we may allow families to occupy units that are smaller than our occupancy standards would otherwise dictate. I understand that this waiver is in effect only for HAPs entered into during the 12-month period following the date of HUD approval, and then only with the written consent of the family.

M. 24 CFR 982.633(a) (Occupancy of home). (Housing Voucher Management and Operations)

My agency requests a waiver of 24 CFR 982.633(a) so that we may continue HAP for homeownership for families displaced from their homes if needed to comply with mortgage terms or make necessary repairs. We have determined that the family is not receiving assistance from another source. I understand that such payments must cease if the family remains absent from their home for more than 180 consecutive calendar days.

N. 24 CFR 984.303(d) (Contract of participation; contract extension).

(Public Housing Management and Occupancy; Housing Voucher Management and Operations)
My agency requests a waiver of 24 CFR 984.303(d) so that a family's contract of participation may be extended for up to 3 years. I understand that such extensions may be made only during the 12-month period following the date of HUD approval.

O. 24 CFR 985.101(a) (Section 8 Management Assessment Program (SEMAP)). (Housing Voucher Management and Operations)

My agency requests a waiver of 24 CFR 985.101(a) so that our SEMAP score from the previous year may be carried over. My agency has a fiscal year end of 9/30/17, 12/31/17, or 3/31/18.

P. Notice PIH 2012-10, Section 8(c) (Verification of the Social Security Number (SSN)) (REAC)

My agency requests a waiver of section 8(c) of Notice PIH 2012-10 to allow for the submission of Form HUD-50058 90 calendars days from receipt of an applicant's or participant's SSN documentation. I understand that this waiver will be in effect for a period not to exceed 12 months from the date of HUD approval.

Q. Waivers not identified in FR-6050-N-01.

My agency seeks waivers of the HUD requirements listed below. I have included documentation justifying the need for the waivers.

Regulation	Description
Example: 24 CFR 982.54.	Example: A waiver of this regulation will facilitate our agency's capacity to participate in relief and recovery efforts by . . .

Draft Environmental Assessment and Draft Habitat Conservation Plan for the San Antonio Water System's Micron and Water Resources Integration Program Water Pipelines; Bexar County, Texas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), make available the draft Environmental Assessment (dEA) for the San Antonio Water System (SAWS) draft Habitat Conservation Plan (dHCP) for construction of two water pipelines (Micron and Water Resources Integration Program (WRIP)) in Bexar County, Texas. SAWS (applicant) has applied to the Service for an incidental take permit (ITP) under the Endangered Species Act (ESA).

DATES: To ensure consideration, written comments must be received or postmarked on or before November 6, 2017.

ADDRESSES: Availability of Documents:
Internet: You may obtain copies of the all documents at the Service's Web site at <http://www.fws.gov/southwest/es/AustinTexas/>.

U.S. Mail: A limited number of CD-ROM and printed copies of the draft EA and draft HCP are available, by request, from Mr. Adam Zerrenner, Austin Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, TX 78758-4460; telephone 512-490-0057; fax 512-490-0974. Please note that your request is in reference to the SAWS dHCP (TE 36242C-0).

The ITP application is available by mail from the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Room 6034, Albuquerque, NM 87103.

- *In-Person:* Copies of the dEA and dHCP are also available for public inspection and review at the following locations, by appointment and written request only, 8 a.m. to 4:30 p.m.:

- U.S. Fish and Wildlife Service, 500 Gold Avenue SW., Room 6034, Albuquerque, NM 87102.

- U.S. Fish and Wildlife Service, 10711 Burnet Road, Suite 200, Austin, TX 78758.

Comment submission: You may submit written comments by one of the following methods:

- *Electronically:* Submit electronic comments to FW2_AUES_Consult@fws.gov. Please note that your request is in reference to the SAWS dHCP (TE 36242C-0).

- *By hard copy:* Mr. Adam Zerrenner, Austin Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, TX 78758-4460; telephone 512-490-0057; fax 512-490-0974. Please note that your request is in reference to the SAWS dHCP (TE 36242C-0).

We request that you send comments by only the methods described above.

FOR FURTHER INFORMATION CONTACT: Adam Zerrenner, Field Supervisor, U.S. Fish and Wildlife Service, 10711 Burnet Road, Suite 200, Austin, TX 78758 or (512) 490-0057.

SUPPLEMENTARY INFORMATION:

Introduction

We, the U.S. Fish and Wildlife Service (Service), make available the draft Environmental Assessment (dEA) for the San Antonio Water System (SAWS) draft Habitat Conservation Plan (dHCP) for construction of two water pipelines (Micron and Water Resources Integration Program (WRIP)) in Bexar County, Texas. SAWS (applicant) has applied to the Service for an incidental take permit (ITP; TE 36242C-0) under section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*; ESA). The applicant requests a 15-year term permit to authorize incidental take of the following five federally listed karst invertebrates:

- Madla's Cave meshweaver (*Cicurina madla*)
- Robber Baron Cave meshweaver (*Cicurina baronia*)
- Braken Bat Cave meshweaver (*Cicurina venii*)
- ground beetles with no common name (*Rhadine exilis* and *Rhadine infernalis*).

The proposed take would occur within SAWS's rights-of-way (permit area) during construction of two water pipelines (by Micron and WRIP) in Bexar County, Texas, as a result of vegetation disturbance; excavation; temporary placement of excavated material; permanent placement of pipe, casings, and stabilizing materials; backfilling of excavated trenches; and restoration of surface conditions (covered activities). The permit area is 160.4 acres.

Documents Available for Review

In accordance with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*; NEPA), we advise the public that:

1. We have gathered the information necessary to determine impacts and formulate alternatives for the dEA related to potential issuance of an ITP to the applicant; and

2. The applicant has developed a dHCP as part of the application for an ITP, which describes the measures the applicant has agreed to take to minimize and mitigate the effects of incidental take of the covered species to the maximum extent practicable pursuant to section 10(a)(1)(B) of the ESA.

As described in the dHCP, the proposed incidental take would occur within the rights-of-way of two proposed water pipelines in Bexar County, Texas, and would result from activities associated with otherwise lawful activities.

Proposed Action

The proposed action involves the issuance of an ITP by the Service for the covered activities in the permit area, pursuant to section 10(a)(1)(B) of the ESA. The ITP would cover incidental take of the covered species associated with construction of the Micron and WRIP water pipelines within the permit area.

To meet the requirements of a section 10(a)(1)(B) ITP, the applicant has developed and proposes to implement its dHCP, which describes the conservation measures the applicant has agreed to undertake to minimize and mitigate for the impacts of the proposed incidental take of the covered species to the maximum extent practicable, and ensures that incidental take will not appreciably reduce the likelihood of the survival and recovery of these species in the wild.

The applicant proposes to mitigate with the perpetual protection,

management, and monitoring of 57.6 acres of the undeveloped portion of SAWS's Anderson Pump Station, which is adjacent to the proposed pipelines.

Alternatives

Two alternatives to the proposed action we are considering as part of this process are:

1. No Action: No ITP would be issued. Under a No Action alternative, the Service would not issue the requested ITP, and SAWS would not construct the Micron and WRIP water pipelines. Therefore, the applicant would not implement the conservation measures described in the dHCP.

2. Reduced Take and Reduced Mitigation: The Reduced Take and Reduced Mitigation alternative is similar to the Proposed Action in that the Service would issue an ITP for the proposed projects. However, the HCP under this alternative would be modified to cover a reduced area of karst zone impacts and thus would subsequently reduce the amount of conservation to offset the impacts. All other aspects of the proposed project and the HCP would remain the same.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under section 10(c) of the ESA and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA and its implementing regulations (40 CFR 1506.6).

Joy E. Nicholopoulos,

Acting Regional Director, Southwest Region, Albuquerque, New Mexico.

Foreign Endangered Species Issuance of Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permits.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have issued the following permits to conduct certain activities with endangered species, marine mammals, or both. We issue these permits under the Endangered Species Act (ESA) and the Marine Mammal Protection Act (MMPA).

ADDRESSES: Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents to the U.S. Fish and Wildlife Service, Division of Management Authority, Branch of Permits, MS: IA, 5275 Leesburg Pike, Falls Church, VA 22041; fax (703) 358-2281. To locate the **Federal Register** notice that announced our receipt of the application for each permit listed in this document, go to www.regulations.gov and search on the permit number provided in the tables in **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Joyce Russell, (703) 358-2023 (telephone); (703) 358-2281 (fax); or DMAFR@fws.gov (email).

SUPPLEMENTARY INFORMATION: On the dates below, as authorized by the provisions of the ESA, as amended (16 U.S.C. 1531 *et seq.*; ESA), we issued requested permits subject to certain conditions set forth therein. For each permit for an endangered species, we found that (1) the application was filed in good faith, (2) the granted permit would not operate to the disadvantage of the endangered species, and (3) the granted permit would be consistent with the purposes and policy set forth in section 2 of the ESA.
