Agency Information Collection Activities; Proposed Renewal of an Existing Collection; Comment Request

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this document announces that EPA is planning to submit an Information Collection Request (ICR) to the Office of Management and Budget (OMB). The ICR, entitled: “Safer Detergent Stewardship Initiative (SDSI) Program” and identified by EPA ICR No. 2261.04 and OMB Control No. 2070-0171, represents the renewal of an existing ICR that is scheduled to expire on March 31, 2018. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection that is summarized in this document. The ICR and accompanying material are available in the docket for public review and comment.

DATES: Comments must be received on or before December 11, 2017.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2017-0297, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

SUPPLEMENTARY INFORMATION:**I. What information is EPA particularly interested in?**

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Safer Detergent Stewardship Initiative (SDSI) Program.

ICR number: EPA ICR No. 2261.04.

OMB control number: OMB Control No. 2070-0171.

ICR status: This ICR is currently scheduled to expire on March 31, 2018. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the

related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The Safer Detergent Stewardship Initiative (SDSI) is a voluntary program administered by the EPA to offer resources and recognition to businesses involved in the transition to safer surfactants. Surfactants are a major ingredient in cleaning products such as detergents, cleaners, airplane deicers and fire-fighting foams. Safer surfactants are those that break down quickly to non-polluting compounds. Under SDSI, businesses that have fully transitioned to safer surfactants, or (for non-profits, academic institutions, etc.), and document outstanding efforts to encourage the use of safer surfactants, are granted Champion status. At this level, the participant is listed on the EPA SDSI Web site as a champion and may use a special logo in their literature to help explain their participation in the program. Businesses that commit to a full and timely transition to safer surfactants, and/or (for non-profits, academic institutions, etc.), document outstanding efforts to encourage the use of safer surfactants, are granted Partner status. This category provides recognition of significant accomplishments towards the use of safer surfactants. Partners will be listed on the EPA SDSI Web site and may be granted recognition as a Champion in the future if appropriate. This information collection addresses reporting activities that support the administration of the SDSI program.

Responses to this collection of information are voluntary. Respondents may claim all or part of a response confidential. EPA will disclose information that is covered by a claim of confidentiality only to the extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 10 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/Affected Entities: Entities potentially affected by this ICR are establishments or organizations engaged in formulating, producing, purchasing or distributing surfactants or products containing surfactants.

Estimated total number of potential respondents: 4.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 40 hours.

Estimated total annual costs: \$2,788. This includes an estimated burden cost of \$2,788 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is a decrease of 100 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects EPA's expectation, based on past experience, that significantly fewer respondents will apply for recognition as Champions or Partners in the next three years. This change is an adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: September 22, 2017.

Louise P. Wise,

Deputy Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

Tetrachlorvinphos; Notice of Receipt of Request To Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of a request by the

registrant to voluntarily cancel their registrations of certain products containing the pesticide tetrachlorvinphos (TCVP). The request would not terminate the last TCVP products registered for use in the United States. EPA intends to grant this request at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the request, or unless the registrant withdraws its request. If this request is granted, any sale, distribution, or use of products listed in this notice will be permitted after the registration has been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order.

DATES: Comments must be received on or before November 9, 2017.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2008-0316, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale,

distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. Background on the Receipt of Request To Cancel

This notice announces receipt by EPA of a request from the registrant Bayer Healthcare, LLC to cancel certain TCVP product registrations. TCVP is an organophosphate insecticide registered for use on livestock and livestock premises and as pet collars and pet dust/powders in residential settings. In a letter dated July 7, 2017, Bayer Healthcare, LLC requested EPA to cancel certain pesticide product registrations identified in Table 1 of Unit III. Specifically, Bayer stated that the pesticide product registrations identified in Table 1 were TCVP pet collar products that were never commercialized. Bayer noted that since the products identified in Table 1 were not in the channels of trade, no existing stocks provision is required for these products. The registrant's request will not terminate the last TCVP products registered in the United States.

III. What action is the agency taking?

This notice announces receipt by EPA of a request from a registrant to cancel certain TCVP product registrations. The affected products and the registrant making the request are identified in Tables 1 and 2 of this unit.

Unless a request is withdrawn by the registrant or if the Agency determines
