

jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing these actions and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. These actions are not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of these

actions must be filed in the United States Court of Appeals for the appropriate circuit by December 11, 2017. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of these actions for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. These actions may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

[EPA-R04-OAR-2017-0174; FRL-9969-25—Region 4]

Air Plan Approval: Alabama; Transportation Conformity

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to the receipt of an adverse comment, the Environmental Protection Agency (EPA) is withdrawing the August 17, 2017, direct final rule that approves an Alabama state implementation plan (SIP) revision related to transportation conformity requirements. EPA will address the comment in a subsequent final action based upon the proposed rulemaking action, also published on August 17, 2017. EPA will not institute a second comment period on this action.

DATES: The direct final rule published at 82 FR 30935, on August 17, 2017, is withdrawn effective October 12, 2017.

SUPPLEMENTARY INFORMATION: On August 17, 2017 (82 FR 39035), EPA published a direct final rule approving a SIP revision submitted by the State of Alabama, through the Alabama Department of Environmental Management. EPA took a direct final action to approve the portions of the May 8, 2013, submission that removes specific provisions of Alabama Administrative Code section 335-3-17-.01, “*Transportation Conformity*,” from the SIP that are no longer required.

In the direct final rule, EPA explained that the Agency was publishing the rule without prior proposal because the Agency viewed the submittal as a non-controversial SIP amendment and anticipated no adverse comments. Further, EPA explained that the Agency was publishing a separate document in the proposed rules section of the **Federal Register** to serve as the proposal to approve the SIP revision should an adverse comment be filed. EPA also noted that the rule would be effective generally 30 days after the close of the public comment period, without further notice unless the Agency received adverse comment by the close of the public comment period. EPA explained that if the Agency received such comments, then EPA would publish a document withdrawing the final rule and informing the public that the rule would not take effect. It was also explained that all public comments received would then be addressed in a subsequent final rule based on the proposed rule, and that EPA would not institute a second comment period on this action.

EPA received one adverse comment from a single Commenter on the aforementioned rule. As a result of the comment received, EPA is withdrawing the direct final rule approving the aforementioned changes to the Alabama SIPs. EPA will address the comment in a separate final action based on the proposed action also published on August 17, 2017 (82 FR 39078). EPA

will not open a second comment period for this action.
