RIN 1545–BN92

Religious Exemptions and Accommodations for Coverage of Certain Preventive Services Under the Affordable Care Act; Proposed Rulemaking**AGENCY:** Internal Revenue Service (IRS), Treasury.**ACTION:** Notice of proposed rulemaking by cross-reference to temporary regulations.

SUMMARY: In this issue of the **Federal Register**, the Department of Treasury and the IRS are issuing two sets of temporary regulations related to section 9815 of the Internal Revenue Code. The first set of temporary regulations, as published in TD 9827, amends final regulations published under the provisions of the Patient Protection and Affordable Care Act (the Affordable Care Act) and relates to expanded exemptions to protect religious beliefs for entities and individuals with objections based on religious beliefs whose health plans are subject to a mandate of contraceptive coverage through guidance issued pursuant to the Affordable Care Act. These proposed regulations refer to that first set of temporary regulations. The second set of temporary regulations, as published in TD 9828, amends the first set of temporary regulations, as published in TD 9827, to add an exemption to protect moral convictions for entities and individuals with objections based on those beliefs whose health plans are subject to the mandate of contraceptive coverage.

DATES: Written or electronic comments and requests for a public hearing must be received by December 5, 2017.

ADDRESSES: Send submissions to: CC:PA:LPD:PR (REG–115615–17), Room 5205, Internal Revenue Service, P.O. Box 7604, Ben Franklin Station, Washington, DC 20044. SUPPLEMENTARY INFORMATION:**Background and Explanation of Provisions**

The temporary regulations published elsewhere in this issue of the **Federal Register** amend §§ 54.9815–2713 and 54.9815–2713A of the Miscellaneous Excise Tax Regulations. The temporary regulations provide guidance to certain entities and individuals whose health plans are subject to a mandate of contraceptive coverage and do not alter the discretion of the Health Resources and Services Administration, a component of the U.S. Department of Health and Human Services, to maintain the guidelines requiring contraceptive coverage where no regulatorily recognized objection exists. The temporary regulations also leave in place the accommodation process as an optional process for certain exempt entities that wish to use it voluntarily and do not alter other Federal programs that provide free or subsidized contraception for women at risk of unintended pregnancy. The proposed and temporary regulations are being published as part of a joint rulemaking with the Department of Labor and the Department of Health and Human Services (the joint rulemaking). The text of those temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations further explains the temporary regulations and these proposed regulations.

New Mailing Standards for Domestic Mailing Services Products

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: On October 3, 2017, the Postal Service (USPS) filed a notice of mailing services price adjustments with the Postal Regulatory Commission (PRC). The proposed price adjustments are scheduled to become effective on January 21, 2018. This proposed rule contains the revisions to *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* that we would adopt to implement rule changes coincident with the price adjustments.

DATES: Submit comments on or before November 13, 2017.

These records are available for review on Monday through Friday, 9 a.m.–4 p.m., by calling 202–268–2906.

FOR FURTHER INFORMATION CONTACT: Jacqueline Erwin at (202) 268–2158, or Lizbeth Dobbins at (202) 268–3789.

SUPPLEMENTARY INFORMATION: Proposed prices will be available under Docket No. R2018–1 on the Postal Regulatory Commission's Web site at www.prc.gov. The Postal Service's proposed rule includes: Changes to prices, mail classification updates, modifications to mail preparation standards, and minor revisions to the DMM to condense language and/or eliminate redundancy.

Add Bound Printed Matter Flats Up to 24 Ounces to Comail DSCF or DDU Only

Currently, the USPS allows authorized mailers to combine USPS Marketing Mail flats and Periodicals flats in a single mailing. Each mailpiece must meet the standards for the mail class, and Periodicals publications must be authorized or pending original or additional entry at the office of mailing. Mailers must prepare pieces in bundles on pallets.

The USPS proposes allowing Bound Printed Matter (BPM) Flats up to 24 ounces to be included in the current comailing structure which includes USPS Marketing Mail flats and Periodicals flats up to 24 ounces entered at a Destination Sectional Center Facility, (DSCF) or a Destination Delivery Unit, (DDU). The maximum weight of comailed BPM and Periodicals flats is 24 ounces per piece within the same bundle. Pieces within the bundle must be in line-of-travel, LOT, sequence. These bundles must not contain more than half of the heavier pieces. Note that comail bundles which contain all three classes of mail assume the service standard of USPS Marketing Mail. If bundles are made only of Periodicals and Bound Printed Matter Flats, then the service standard adopted will be the lesser of the two. This proposal includes CoPal, which allows the mixing of class-specific, bundles on the same pallet, which can also include mixed class bundles (comail). If BPM bundles are included on the same pallet, then this CoPal pallet must be DSCF or DDU entry only.

Order of Pallet Preparation for Carrier Route (CR) Pallets in Non-FSS Zones

Currently, the pallet preparation requirements for Carrier Route pallets in Non-FSS zones allows merged 5-digit scheme pallets as the first required sortation, followed by 5-digit scheme carrier routes, 5-digit scheme, and merged 5-digit pallets.

The USPS is considering updating the order of pallet preparation, to increase the number of pure CR Pallets (as opposed to 5-Digit Merged Pallets) presented in non-FSS zones. This will be accomplished by moving 5-digit Scheme Carrier Route pallets ahead of Merged 5-digit Scheme pallets. This includes both USPS Marketing Mail and Periodicals. This change would increase the amount of mail eligible for a CR pallet discount, resulting in eligibility for lower prices on the mail.

Zone Charts Revision: Priority Mail to APO/FPO/DPO Processing at Chicago ISC

The Postal Service is proposing a change to all zone charts to reflect Priority Mail to APO/FPO/DPO destinations will only be processed at the Chicago ISC.
