

OMB Number: 3048-0017.

Type of Review: Regular.

Need and Use: The "Report of Premiums Payable for Exporters Only" form is used by exporters to report and pay premiums on insured shipments to various foreign buyers under the terms of the policy and to certify that premiums have been correctly computed and remitted. Individual transactions that an exporter may have with the same foreign borrower can be sub-totaled and entered as a single line item for the specific month provided the length of payment term is identical. The use of sub-totals reduces the administrative burden on the exporter. The 'Report of Premiums Payable for Exporters Only' is used by the Bank to determine the eligibility of the shipment(s) and to calculate the premium due to Ex-Im Bank for its support of the shipment(s) under its insurance program.

Affected Public: This form affects entities involved in the export of U.S. goods and services.

Annual Number of Respondents: 2,600.

Estimated Time per Respondent: 15 minutes.

Annual Burden Hours: 650 hours.

Frequency of Reporting or Use: Monthly.

On August 3, 2017, the Commission adopted the *MF-II Challenge Process Order* (FCC 17-102), which established the procedures for a robust challenge process to ensure that the Commission targets Mobility Fund Phase II (MF-II) support to areas that lack unsubsidized 4G LTE service. The *MF-II Challenge Process Order* adopted parameters for a one-time collection of 4G LTE coverage

data that the Commission will use, in conjunction with subsidy data, to establish the map of areas presumptively eligible for MF-II support. The instructions attached to the *4G LTE Coverage Data Collection Public Notice* fulfill the directive in the *MF-II Challenge Process Order* that the Bureaus provide filing instructions, including data specifications, formatting information, and any other necessary technical parameters for the collection, and provide the detailed information filers will need to generate and submit their 4G LTE coverage data—specifically, who must file, what must be filed, when to file, and how to file. The provider-specific information submitted as part of the data collection will be treated as confidential.

Entities subject to this information collection must submit contact information for this collection using the template posted at <https://www.fcc.gov/MF2-LTE-Collection> by October 23, 2017. Such entities must collect and submit their responses to this information collection using the process and format described in the instructions attached to the *4G LTE Coverage Data Collection Public Notice* no later than January 4, 2018, which is 90 days after the date on which the Commission published notice in the **Federal Register** of the Office of Management and Budget's approval of this information collection (see 82 FR 46494 (Oct. 5, 2017)).

Additional information about this data collection can be found on the Commission's MF-II 4G LTE Data Collection Web page at www.fcc.gov/MF2-LTE-Collection.
