[Docket Number FRA-2017-0090]

Notice of Application for Approval To Discontinue or Modify a Railroad Signal System

Under part 235 of Title 49 of the Code of Federal Regulations and 49 U.S.C. 20502(a), this provides the public notice that in a letter dated October 4, 2017, Norfolk Southern Corporation (NS) petitioned the Federal Railroad Administration (FRA) seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA-2017-0090.

Applicant: Norfolk Southern Corporation, Mr. B. L. Sykes, Chief Engineer C&S Engineering, 1200 Peachtree Street NE., Atlanta, GA 30309
NS seeks to discontinue signal A8E-1 and A8E-2 on running tracks number 11 & 12 in the approach to control point

(CP) Harrisburg on the Pittsburgh Line at milepost PT 105 on the Harrisburg Division, Harrisburg PA.

These changes are being proposed because NS Operating Rule #93—*Main track within Yard Limits*, states “[a]ll train and engine movements within Yard Limits must be made at Restricted Speed unless operating on a block signal indication that is more favorable than an approach.” Yard limits signs are to be moved upon approval to CP Harrisburg which will require all train and engine movements to be made at Restricted Speed.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation’s (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:
