

- Procedures for the granting of import licenses.
- Other negotiations to identify the underlying cause of the increased imports to alleviate the injury or threat thereof.

- Legislative proposals that would facilitate a positive adjustment.
- Other action consistent with the President's authority.

- Any combination of these actions.

USTR offers these potential remedies for further consideration by domestic producers, importers, exporters, and other interested parties, and invites views and evidence on whether a proposed remedy is appropriate and in the public interest. In commenting on the action to take, we request that you address:

1. The appropriateness of any other proposed action and how it would be in the public interest;

2. the short- and long-term effects the proposed action is likely to have on the domestic CSPV industry, other domestic industries, and downstream consumers; and

3. the short- and long-term effects that not taking the proposed action is likely to have on the domestic CSPV industry, its workers, and on other domestic industries and communities.

The TPSC will convene a public hearing on December 6, 2017, at 9:30 a.m. EST in Rooms 1 and 2, 1724 F Street NW., Washington DC. We will provide information about the format and schedule for the hearing to interested parties. Requests to testify must include the following information: (1) Name, address, telephone number, email address, and firm or affiliation of the individual wishing to testify, and (2) a brief summary of the proposed oral presentation.

III. Submission Instructions

USTR seeks public comments with respect to the issues described in Section II. To be assured of consideration, you must submit written comments by midnight EST on November 20, 2017, and any written responses to those comments by midnight EST on November 29, 2017. All comments must be in English and must identify on the reference line of the first page of the submission "Potential Action: CSPV Cells."

We strongly encourage commenters to make on-line submissions, using the www.regulations.gov Web site. To submit comments via www.regulations.gov, enter docket number USTR-2017-0020 on the home page and click "search." The site will provide a search-results page listing all documents associated with this docket.

Find a reference to this notice and click on the link entitled "Comment Now!" For further information on using www.regulations.gov, please consult the resources provided on the Web site by clicking "How to Use *Regulations.gov*" on the bottom of the home page. We will not accept hand-delivered submissions.

The www.regulations.gov Web site allows users to provide comments by filling in a "Type Comment" field, or by attaching a document using an "Upload File" field. We prefer that you provide comments as an attached document in Microsoft Word (.doc) or Adobe Acrobat (.pdf) format. If the submission is in another file format, please indicate the name of the software application in the "Type Comment" field. File names should reflect the name of the person or entity submitting the comments. Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the comment itself, rather than submitting them as separate files.

For any comments submitted electronically that contain business confidential information, the file name of the business confidential version should begin with the characters "BC". Any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page and the submission should clearly indicate, via brackets, highlighting, or other means, the specific information that is business confidential. A filer requesting business confidential treatment must certify that the information is business confidential and would not customarily be released to the public by the submitter.

Filers of submissions containing business confidential information also must submit a public version of their comments. The file name of the public version should begin with the character "P". Follow the "BC" and "P" with the name of the person or entity submitting the comments. Filers submitting comments containing no business confidential information should name their file using the name of the person or entity submitting the comments.

As noted, we strongly urge submitters to file comments through www.regulations.gov. You must make arrangements for any alternative method of submission with Yvonne Jamison at (202) 395-9666 in advance of transmitting a comment. You can find general information about USTR at www.ustr.gov.

We will post comments in the docket for public inspection, except business confidential information. You can view comments on www.regulations.gov by entering the relevant docket number in the search field on the home page.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions of Proposed Highway/Interchange Improvement in Ohio; Statute of Limitations on Claims

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by the Ohio Department of Transportation (ODOT), pursuant to 23 U.S.C. 327.

SUMMARY: The FHWA, on behalf of ODOT, is issuing this notice to announce actions taken by ODOT that are final. The actions relate to the proposed modification of the existing interchange at Interstate Route 71 (I-71), United States Route 36 (US-36), and State Route 37 (SR-37) in the County of Delaware, State of Ohio. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA, of behalf of ODOT, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal Agency Actions on the highway project will be barred unless the claim is filed on or before March 26, 2018. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter period of time still applies.

FOR FURTHER INFORMATION CONTACT: For ODOT: Timothy M. Hill, Administrator, Office of Environmental Services, Ohio Department of Transportation, 1980 West Broad Street, Columbus, Ohio, 43223, 614-644-0377, Tim.Hill@dot.ohio.gov.

SUPPLEMENTARY INFORMATION: Effective December 11, 2015, the Federal Highway Administration (FHWA) assigned, and the Ohio Department of Transportation (ODOT) assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that ODOT, has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of Ohio. The project will involve construction of an interchange at I-71, south of the existing US 36/SR 37 interchange. This interchange will carry the new Sunbury Parkway over I-71 and run east and west of the interstate, operating in conjunction with the existing interchange to the north at US 36/SR37. Specifically, the revisions to the interchange will include a relocated I-71 northbound off-ramp which will provide access to both Sunbury Parkway and US 36/SR 37 and will occur south of the current northbound off ramp. Access to US 36/SR 37 from northbound I-71 will be accommodated by a collector-distributor road. Access to I-71 northbound from Sunbury Parkway will also occur via the collector/distributor road. Southbound on-ramps to I-71 from Sunbury Parkway

eastbound and westbound will be provided. The existing interchange at US 36/SR 37 will remain, but as stated above, the northbound exit from I-71 to access both Sunbury Parkway and US 36/SR 37 will be at the same exiting point.

The project will also construct Sunbury Parkway from Africa Road at US 36/SR 37 east to Wilson Road as a six lane road with a median, multi-use path and sidewalk. The Africa Road intersection with US 36/SR 37 will be realigned to create a four-legged intersection with Sunbury Parkway. 3B's & K Road south of Sunbury Parkway will be relocated to create an intersection with Sunbury Parkway and the future Fourwinds Drive, which will be extended south by others. A cul-de-sac will be constructed on 3B's & K Road, north of Sunbury Parkway.

East of Wilson Road, a new arterial roadway, also identified as Sunbury Parkway, is listed on the Village of Sunbury's Comprehensive Plan which was adopted by Village of Sunbury Council on November 2, 2016. This project is currently on the Mid-Ohio Regional Planning Commission (MORPC) 2018-2021 Transportation Improvement Plan (TIP) for construction by the Village of Sunbury New Community Authority 1 (NCA1), by 2019. This project, the "Committed Sunbury Parkway," will be built with two travel lanes (one in each direction), with left turn lanes at the intersections with South Galena Road, Domigan Road, and US 36/SR 37 (Cherry Street). Because a five-lane corridor will eventually be necessary to meet the future traffic needs of development, all the right-of-way and grading along the Committed Sunbury Parkway will be for the ultimate (five-lane) configuration. All culverts and the bridge over Little Walnut Creek, will also be built wide enough for the ultimate (five-lane) configuration.

The ODOT project will widen on the inside of the Committed Sunbury Parkway in order to provide five lanes with a grass median from Wilson Road to US 36/SR 37 (Cherry Street) along with constructing additional turn lanes to accommodate the future traffic demands at Galena Road. ODOT's project east of Wilson Road will not involve construction of bridges or culverts or include any earth disturbing activity outside of the right-of-way previously established for the Committed Sunbury Parkway.

Subsequent to the distribution of the June 20, 2017 EA and the July 11, 2017 public hearing, several roadway design features were altered to improve roadside safety. These alterations were
