In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219-0116.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on October 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 16, 2017 (82 FR 27728).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the DOL-Only Performance Accountability, Information, and Reporting System. The following programs will be required to report through this system: Workforce Innovation and Opportunity Act (WIOA) Adult, Dislocated Worker and Youth, Wagner Peyser Employment Service, National Farmworker Jobs, Trade Adjustment Assistance, YouthBuild, Indian and Native American, Job Corps, and Jobs for Veterans' State Grants. Requiring these programs to use a standard set of data elements, definitions, and specifications at all levels of the workforce system helps improve the quality of the performance information that is received by the DOL. While H1-B grants, the Reintegration of Ex-Offenders program, and the Trade Adjustment Assistance program are not authorized under the WIOA, these programs will be utilizing the data element definitions and reporting templates proposed in this ICR. The accuracy, reliability, and comparability of program reports submitted by states and grantees using Federal funds are fundamental elements of good public administration, and are necessary tools for maintaining and demonstrating system integrity. This ICR includes several information collection instruments—Program Performance Report, WIOA Pay-for-Performance Report, Participant Individual Record Layout, WIOA Data Element Specifications, and Job

Openings Report. This ICR has been classified as a revision, because specified data elements, sub-populations, barriers to employment, and reporting templates have changed as some reporting requirements or data element definitions have been revised in an attempt to better align definitions across DOL programs, in a larger effort to reduce overall reporting burden. WIOA section 416(d) authorizes this information collection. See 29 U.S.C. 3141(d).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0521. The current approval is scheduled to expire on August 31, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 23, 2017 (82 FR 23604).
