Carbon and Certain Alloy Steel Wire Rod From Mexico: Preliminary Results and Preliminary Determination of No Shipments; 2015-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) is conducting an administrative review of the antidumping duty order on carbon and certain alloy steel wire rod (wire rod) from Mexico. The period of review (POR) is October 1, 2015, through September 30, 2016. This review covers two producers/exporters of the subject merchandise: Deacero S.A.P.I. de C.V. (Deacero) and ArcelorMittal Las Truchas, S.A. de C.V. (AMLT). We preliminarily determine that Deacero

made sales of subject merchandise at less than normal value (NV) during the POR. We also preliminarily determine that AMLT made no shipments of subject merchandise during the POR. We invite interested parties to comment on these preliminary results.

DATES: *Applicable:* November 8, 2017.

FOR FURTHER INFORMATION CONTACT: Keith Haynes, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5139.

SUPPLEMENTARY INFORMATION:

Background

On December 16, 2016, the Department initiated an administrative review of the antidumping duty order of wire rod from Mexico for three producer/exporters.¹ On February 27, 2017, based on a timely withdrawal request, the Department rescinded the review for one producer/exporter for which the review was initiated.² On June 30, 2017, the Department extended the time limit for the preliminary results by 60 days³ and on August 9, 2017, the Department extended the time limit for the preliminary results by an additional 60 days, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), to October 31, 2017.⁴ For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁵ A list of topics included in the Preliminary Decision Memorandum is included as an Appendix to this notice.

Scope of the Order⁶

The product covered by the order is wire rod, in coils, of approximately

round cross section, 5.00 mm or more, but less than 19.00 mm, in solid cross-sectional diameter.⁷ The subject merchandise is currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7213.91.3000, 7213.91.3010, 7213.91.3011, 7213.91.3015, 7213.91.3020, 7213.91.3090, 7213.91.3091, 7213.91.3092, 7213.91.3093, 7213.91.4500, 7213.91.4510, 7213.91.4590, 7213.91.6000, 7213.91.6010, 7213.91.6090, 7213.99.0030, 7213.99.0031, 7213.99.0038, 7213.99.0090, 7227.20.0000, 7227.20.0010, 7227.20.0020, 7227.20.0030, 7227.20.0080, 7227.20.0090, 7227.20.0095, 7227.90.6010, 7227.90.6020, 7227.90.6030, 7227.90.6035, 7227.90.6050, 7227.90.6051, 7227.90.6053, 7227.90.6058, 7227.90.6059, 7227.90.6080, and 7227.90.6085. The HTSUS subheadings are provided for convenience and customs purposes only; the written product description remains dispositive.

Preliminary Determination of No Shipments

On January 3, 2017, we received a timely-filed submission from AMLT reporting to the Department that it made no exports, sales, or entries of subject merchandise to the United States during the POR.⁸ To confirm AMLT's no shipment claim, the Department issued a no-shipment inquiry to U.S. Customs and Border Protection (CBP) requesting that it review AMLT's no-shipment claim.⁹ CBP did not report that it had any information to contradict AMLT's claim of no shipments during the POR. Based on record evidence, we preliminarily determine that AMLT had

⁶ For the full text of the scope of the order, see the Preliminary Decision Memorandum.

⁷ The Department determined that Deacero's shipments to the United States of narrow gauge wire rod (4.75 mm to 5.00 mm) constitute merchandise altered in form or appearance in such minor respects that it is subject merchandise. See *Carbon and Certain Alloy Steel Wire Rod From Mexico: Affirmative Final Determination of Circumvention of the Antidumping Order*, 77 FR 59892 (October 1, 2012) and accompanying Issues and Decision Memorandum. This determination was upheld by the Federal Circuit; see *Deacero S.A. de C.V. v. United States*, No. 15-1362 (Federal Circuit) (April 5, 2016) at 12. Because there were no changes to the facts which supported that decision since that determination, we continue to find Deacero's narrow gauge wire rod (4.75 mm to 5.00 mm) subject merchandise.

⁸ See letter from AMLT, "Antidumping Duty Administrative Review of Carbon and Certain Alloy Steel Wire Rod from Mexico: AMLT No-shipment Certification," dated January 3, 2017 (AMLT No-shipment Certification).

made no shipments during the POR. Consistent with the Department's practice, we will not rescind the review with respect to AMLT but, rather, will complete the review and issue instructions to CBP based on the final results.¹⁰ For additional information on our preliminary determination of no reviewable entries, see the Preliminary Decision Memorandum.

Methodology

The Department is conducting this review in accordance with section 751(a)(1) and (2) of the Act. Export and constructed export price were calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Review

The Department preliminarily determines the following weighted-average dumping margin exists for the POR:

Exporter/producer	Weighted-average dumping margins (percent)
Deacero S.A.P.I. de C.V.	6.22

¹⁰ See, e.g., *Certain Frozen Warmwater Shrimp from Thailand; Preliminary Results of Antidumping Duty Administrative Review, Partial Rescission of Review, Preliminary Determination of No Shipments; 2012–2013*, 79 FR 15951, 15952 (March 24, 2014), unchanged in *Certain Frozen Warmwater Shrimp from Thailand: Final Results of Antidumping Duty Administrative Review, Final Determination of No Shipments, and Partial Rescission of Review; 2012–2013*, 79 FR 51306, 51306–07 (August 28, 2014).

Assessment Rates

Upon issuance of the final results, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. If the weighted-average dumping margin for Deacero is not zero or *de minimis* (i.e., less than 0.5 percent), we will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importers examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹¹ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., 0.5 percent). Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review where applicable.

In accordance with the Department's "automatic assessment" practice, for entries of subject merchandise during the POR produced by each respondent for which they did not know that their merchandise was destined for the United States, we will instruct CBP to liquidate entries not reviewed at the all-others rate of 20.11 percent¹² if there is no rate for the intermediate company(ies) involved in the transaction. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of wire rod from Mexico entered, or withdrawn from warehouse, for consumption on or after the date of publication provided by section 751(a)(2) of the Act: (1) The cash

¹¹ In this preliminary results, the Department applied the assessment rate calculation method adopted in Antidumping Proceedings: *Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

¹² See *Notice of Antidumping Duty Orders: Carbon and Certain Alloy Steel Wire Rod from Brazil, Indonesia, Mexico, Moldova, Trinidad and Tobago, and Ukraine*, 67 FR 65945 (October 29, 2002).

deposit rate for Deacero will be equal to the dumping margins established in the final results of this review except if the ultimate rates are *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rates will be zero; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 20.11 percent, the all-others rate established in the antidumping investigation.¹³ These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

The Department will disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days of the date of publication of these preliminary results.¹⁴ Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁵ Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with the argument: (1) A statement of the issue, (2) a summary of the argument, and (3) a table of authorities.¹⁶ All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by the Department's electronic records system, ACCESS.

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, using Enforcement and Compliance's ACCESS system within 30 days of publication of this notice.¹⁷ Requests should contain the party's name, address, and

telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined.¹⁸ Parties should confirm by telephone the date, time, and location of the hearing.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their case briefs, within 120 days after issuance of these preliminary results.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This preliminary results of review is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: October 31, 2017.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

ACTION: Notice of SEDAR 52 in-person workshop for Gulf of Mexico Red Snapper.

SUMMARY: The SEDAR 52 assessment of the Gulf of Mexico Red Snapper will consist of one in-person workshop and a series of webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 52 in-person workshop will be held from 1 p.m. on November 29, 2017 until 12 p.m. December 1, 2017.

ADDRESSES:

Meeting address: The SEDAR 45 Workshop will be held at the Sonesta Coconut Grove, 2889 McFarlane Road, Miami, FL 33133 phone: (305) 529-2828 or 1-800-766-3782.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; phone: (843) 571-4366; email: Julie.neer@safinc.net.

SUPPLEMENTARY INFORMATION:

The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data/Assessment Workshop, and (2) a series of webinars. The product of the Data/Assessment Workshop is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses, and describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and

monitoring needs. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Assessment Process webinars are as follows:

1. An assessment data set and associated documentation will be developed during the workshop.
2. Participants will evaluate proposed data and select appropriate sources for providing information on life history characteristics, catch statistics, discard estimates, length and age composition, and fishery dependent and fishery independent measures of stock abundance.
3. Using datasets selected, participants will develop population models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.
4. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 10 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.
