Applicant asserts the following facts about Queen City:

- Queen City is an Ohio limited liability company. It operates primarily as a provider of non-regulated school bus transportation services in the area of Cincinnati, Ohio. Queen City also provides interstate and intrastate charter services under the assumed names, Charter Bus Services and Klug Bus Services. For purposes of its interstate passenger operations, it holds interstate carrier authority under MC-163846.

Applicant states that all of the issued and outstanding membership interest of Queen City is owned and held by Haid Acquisitions LLC (Seller), an Ohio limited liability company, of which Aaron M. Haid, an individual, is the sole member. Applicant further states that neither the Seller nor Mr. Haid has any direct or indirect ownership interest in any other interstate passenger motor carrier and that Queen City is not affiliated with any other passenger carriers that have interstate operating authority.

Applicant asserts that National Express would acquire all of the outstanding membership interest in Queen City, resulting in 100% control of Queen City through the membership acquisition. Applicant further states that, other than the National Express Affiliated Carriers and Queen City, there are no other affiliated carriers with regulated interstate operations that are involved in this application.

Under 49 U.S.C. 14303(b), the Board must approve and authorize a transaction that it finds consistent with the public interest, taking into consideration at least: (1) The effect of the proposed transaction on the adequacy of transportation to the public; (2) the total fixed charges that result; and (3) the interest of affected carrier employees. Applicant submitted information, as required by 49 CFR 1182.2, including information to demonstrate that the proposed transaction is consistent with the public interest under 49 U.S.C. 14303(b), see 49 CFR 1182.2(a)(7), and a statement that the aggregate gross operating revenues of the National Express Affiliated Carriers and Queen City exceeded \$2 million for the preceding 12-month period consistent with 49 U.S.C. 14303(g), see 49 CFR 1182.2(a)(5).

Applicant submits that the proposed transaction would have no material

impact on the adequacy of transportation services to the public, as Queen City would continue to provide the services it currently provides using the same names. Applicant states that Queen City “will continue to operate, but going forward, will be operating within the National Express corporate family, an organization already thoroughly experienced in passenger transportation operations.” (Appl. 14.)

According to Applicant, “[t]he addition of Queen City to the carriers held by National Express is consistent with the practices within the passenger motor carrier industry of strong, well-managed transportation organizations adapting their corporate structure to operate several different passenger carriers within the same market, but in different geographic areas.” (*Id.*) Applicant asserts that Queen City is experienced in some of the same market segments already served by some of the National Express Affiliated Carriers. Applicant expects the transaction to result in operating efficiencies and cost savings derived from economies of scale, all of which, Applicant states, would help to ensure the provision of adequate service to the public. (*Id.*) Applicant further asserts that bringing Queen City within the National Express corporate family would serve to enhance the viability of the overall organization and the operations of the National Express Affiliated Carriers, which would ensure the continued availability of adequate passenger transportation service for the public. (*Id.*)

Applicant also claims that neither competition nor the public interest would be adversely affected by the contemplated transaction. Applicant states that Queen City is “a relatively small carrier in the overall markets in which it competes: unregulated metropolitan school bus operations and regulated motor coach passenger charter services.” (*Id.* at 16.) Applicant states that, with respect to Queen City’s school bus operations, it competes directly with First Student, Inc., and other school bus service providers in the Cincinnati metropolitan area. It further explains that there are a number of motor coach passenger charter services in the Cincinnati metropolitan area, resulting in a very competitive market. (*Id.*) Applicant also explains that there is limited overlap in service areas and/or in customer bases among the National Express Affiliated Carriers and Queen City. (*Id.*) Thus, Applicant states that the impact of the contemplated transaction on the regulated motor carrier industry would be minimal at most and that neither competition nor

the public interest would be adversely affected.

Applicant asserts that there are no significant fixed charges associated with the contemplated transaction. Applicant also states that it does not anticipate a measurable reduction in force or changes in compensation levels or benefits to employees. Applicant submits, however, that staffing redundancies could result in limited downsizing of back-office or managerial level personnel.

The Board finds that the acquisition proposed in the application is consistent with the public interest and should be tentatively approved and authorized. If any opposing comments are timely filed, these findings will be deemed vacated, and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. See 49 CFR 1182.6(c). If no opposing comments are filed by the expiration of the comment period, this notice will take effect automatically and will be the final Board action.

This action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Board decisions and notices are available on our Web site at “WWW.STB.GOV”.

It is ordered:

1. The proposed transaction is approved and authorized, subject to the filing of opposing comments.

2. If opposing comments are timely filed, the findings made in this notice will be deemed vacated.

3. This notice will be effective December 27, 2017, unless opposing comments are filed by December 26, 2017.

4. A copy of this notice will be served on: (1) The U.S. Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590; (2) the U.S. Department of Justice, Antitrust Division, 10th Street & Pennsylvania Avenue NW., Washington, DC 20530; and (3) the U.S. Department of Transportation, Office of the General Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590.

Decided: November 3, 2017.

By the Board, Board Members Begeman and Miller.

Tammy Lowery,
Clearance Clerk.
