I. Abstract

This request is for extension of a currently approved information collection.

The Alaska Commercial Operator's Annual Report (COAR) is a report that collects harvest and production information broken out by specific criteria such as gear type, area, delivery and product type, and pounds and value. The COAR is due by April 1 of the year following any buying or processing activity.

Any person or company who received a Fisheries Business License from the Alaska Department of Revenue and an Intent to Operate Permit by Alaska Department of Fish and Game (ADF&G) is required to annually submit the COAR to the ADF&G, under Alaska Administrative Code (AAC), chapter 5 AAC 39.130. In addition, any person or company who receives an Exclusive Economic Zone (EEZ)-only permit from ADF&G annually must submit a COAR to ADF&G. Any owner of a catcher/ processor or mothership with a Federal permit operating in the EEZ off Alaska is required to annually submit a COAR to ADF&G under 50 CFR 679.5(p).

The COAR contains data on seafood purchasing, production, ex-vessel values, and first wholesale values for seafood products. Containing information from shoreside processors, stationary floating processors, motherships, and catcher/processors, this data collection yields equivalent annual product value information for all respective processing sectors and provides a consistent time series according to which groundfish resources may be managed more efficiently. Use of the information generated by the COAR is coordinated between NMFS and the ADF&G.

II. Method of Collection

The COAR is available in pdf and Microsoft Word formats on the ADF&G Web site at *http://www.adfg.alaska.gov/ index.cfm?adfg=fishlicense.coar.* Respondents complete either a paper form or the fillable file available online and submit the form by mail to the ADF&G.
