SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the government's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic

mechanisms that are designed to yield quantitative results.

No comments were received by the agency in response to the 60-day notice published in the **Federal Register** of December 22, 2010 (75 FR 80542).

[Petition No. P2-17]

Petition of COSCO Shipping Lines Co., Ltd., Orient Overseas Container Line Limited, and OOCL (Europe) Limited for an Exemption From Agreement Filing; Notice of Filing And Request for Comments

Notice is hereby given that COSCO Shipping Lines Co., Ltd., Orient Overseas Container Line Limited, and OOCL (Europe) Limited ("Petitioners"), have petitioned the Commission pursuant to Section 16 of the Shipping Act of 1984, 46 U.S.C. 40103(a), 46 CFR 502.92, and 46 CFR 535.301, for an exemption from agreement filing requirements. Petitioners request an exemption "to replicate as to Cosco and OOCL the exemption automatically applicable to wholly-owned subsidiaries pursuant to 46 CFR 535.307, including its exemption from the provisions of Section 10(c) of the Act, 46 U.S.C. 41105."

The Petitioners state that a pending business transaction will make them

“. . . part of a single, common business enterprise . . .” though they will retain the brands as separate legal entities. The Petitioners speculate that “the transaction will be completed . . . potentially as early as mid-December 2017.” Petitioners state that “the exemption would apply to all agreements and activities between Cosco and OOCL that would otherwise be subject to filing under the Act, so long as the parties are commonly owned and controlled.” The Petitioners claim that “the requested exemption will not result in a substantial reduction in competition and will not be detrimental to commerce.”

In order for the Commission to make a thorough evaluation of the exemption requested in the Petition, pursuant to 46 CFR 502.92, interested parties are requested to submit views or arguments in reply to the Petition no later than December 1, 2017. Replies shall be sent to the Secretary by email to Secretary@fmc.gov or by mail to Federal Maritime Commission, 800 North Capitol Street NW., Washington, DC 20573-0001, and replies shall be served on Petitioners' counsels, David F. Jeffrey, 799 9th Street NW., Suite 500, Washington, DC 20001-5327, ejeffrey@nixonpeabody.com.

Non-confidential filings may be submitted in hard copy to the Secretary at the above address or by email as a PDF attachment to Secretary@fmc.gov and include in the subject line: P2-17 (Commenter/Company). Confidential filings should not be filed by email. A confidential filing must be filed with the Secretary in hard copy only, and be accompanied by a transmittal letter that identifies the filing as “Confidential-Restricted” and describes the nature and extent of the confidential treatment requested. The Commission will provide confidential treatment to the extent allowed by law for confidential submissions, or parts of submissions, for which confidentiality has been requested. When a confidential filing is submitted, there must also be submitted a public version of the filing. Such public filing version shall exclude confidential materials, and shall indicate on the cover page and on each affected page “Confidential materials excluded.” Public versions of confidential filings may be submitted by email. The Petition will be posted on the Commission's Web site at <http://www.fmc.gov/P2-17>.

SUPPLEMENTARY INFORMATION:

Title: FTC Cigarette and Smokeless Tobacco Data Collection.

OMB Control Number: 3084-0134.

Type of Review: Extension of currently approved collection.

On August 10, 2017, the Commission sought comment on the information collection requirements associated with the Cigarette and Smokeless Tobacco Data Collection. 82 FR 37440 (“August 10, 2017 Notice”). Pursuant to the OMB regulations, 5 CFR part 1320, that implement the PRA, 44 U.S.C. 3501 *et seq.*, the FTC is providing a second opportunity for the public to comment while seeking OMB approval to renew the existing clearance for the information the FTC proposes to seek from the largest domestic cigarette manufacturers and smokeless tobacco manufacturers.

In response to the August 10, 2017 Notice, the Commission received comments from the Campaign for Tobacco-Free Kids (“CTFK”) and Altria Client Services (“Altria”).

The CTFK comment specifically noted the utility and importance of the Commission's Cigarette and Smokeless Tobacco Reports, and urged the agency to continue collecting and reporting industry sales and marketing expenditure data, which CTFK stated provide “critical data to researchers, policymakers, advocates and the general public.” CTFK additionally observed:

The FTC is currently the primary source for data on cigarette and smokeless tobacco companies' marketing and promotional expenditures. No other agency collects and publishes such information directly from the companies, making the FTC reports the most accurate and reliable assessment of tobacco marketing and promotion expenditures available.

CTFK at 1.

CTFK, however, suggested certain modifications to the Commission's reports. Specifically, CTFK recommended that the Commission: (1) Report separately price discount expenditures for retailers and wholesalers; (2) clarify the definitions of certain expenditure categories—specifically, in which category coupons that consumers obtain online are to be counted; (3) report data on a company-
