

connection with a distress termination filing, and

- A plan administrator or plan sponsor must disclose information it has submitted to PBGC in connection with a PBGC-initiated termination.

PBGC is also required to disclose the administrative record relating to a PBGC-initiated termination upon request by an affected party. The above provisions are applicable to terminations initiated on or after August 17, 2006. The applicable regulatory provisions can be found at 29 CFR 4041.51 and 4042.5.

This collection of information was most recently approved by OMB under control number 1212-0065. PBGC is requesting that OMB approve the collection of information for three years, without change. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

On September 7, 2017 (82 FR 42366), PBGC published a notice informing the public that it intended to request OMB approval and soliciting public comment. No comments were received.

Based on information for calendar years 2014–2016, PBGC estimates that approximately 75 plans will terminate as distress or PBGC-initiated terminations each year. A survey conducted by PBGC of nine plans found that two of the nine plans surveyed received requests for termination information. Based on the foregoing, PBGC estimates that two participants or other affected parties of every nine distress terminations or PBGC-initiated terminations filed will annually make

requests for termination information, or 2% of 75 (approximately 17 per year).

Based on information derived from the survey of nine plans, PBGC estimates that the hour burden for plan administrators and sponsors will be about 20 hours, with the aggregate, annual burden estimated to be 340 hours (17 plans*20 hours). The dollar equivalent of the hour burden is estimated to be \$25,500 (340 hours*\$75 per hour) based on an assumed blended hourly rate of \$75 for administrative, clerical, and supervisory time per hour for the staff of plan administrators and sponsors.

PBGC expects that all the work will be performed in-house by the staff of plan administrators and sponsors PBGC expects costs to be recovered from affected parties because plan administrators and plan sponsors may charge a reasonable fee for non-electronic disclosure. Therefore, the annual cost to the plan administrators and sponsors is estimated to be \$0.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–82068; File No. SR–NASDAQ–2017–120]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7018

November 14, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on November 1, 2017, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange’s transaction fees at Rule 7018 to: (i) Change the volume threshold needed to qualify for one of the credits for displayed quotes and orders that provide liquidity on the Exchange; and (ii) add a new credit for both providing liquidity to, and removing liquidity from, the Exchange.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaq.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these

statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to (i) change the volume threshold needed to qualify for one of the credits for displayed quotes and orders that provide liquidity on the Exchange; and (ii) add a new credit for displayed quotes and orders that provide liquidity to, and remove liquidity from, the Exchange.

Rule 7018 sets forth the fees and credits for use of the order execution and routing services of Nasdaq for securities priced at \$1 or more. Rule 7018(a)(1) sets forth the fees and credits for the execution and routing of orders in Nasdaq-listed securities; Rule 7018(a)(2) sets forth the fees and credits for the execution and routing of securities listed on the New York Stock Exchange LLC (“NYSE”), and Rule 7018(a)(3) sets forth the fees and credits for the execution and routing of securities listed on exchanges other than Nasdaq and NYSE (“Tape B Securities”).

Currently, Nasdaq pays a credit of \$0.0029 per share executed for securities listed on Nasdaq, NYSE and Tape B Securities when the member adds liquidity in all securities through one or more of its Nasdaq Market Center MPIDs that represents more than 0.45% of Consolidated Volume during the month.³ Nasdaq now proposes to change this requirement so that the member must add liquidity in all securities through one or more of its Nasdaq Market Center MPIDs that represents more than 0.60% of Consolidated Volume during the month for securities listed on Nasdaq, NYSE and Tape B Securities. Nasdaq is therefore amending the relevant language in Rule 7018(a)(1), (a)(2) and

³ Rule 7018(a) defines Consolidated Volume to mean “the total consolidated volume reported to all consolidated transaction reporting plans by all exchanges and trade reporting facilities during a month in equity securities, excluding executed orders with a size of less than one round lot. For purposes of calculating Consolidated Volume and the extent of a member’s trading activity the date of the annual reconstitution of the Russell Investments Indexes shall be excluded from both total Consolidated Volume and the member’s trading activity.”

(a)(3) to reflect this change. The amount of the credit remains unchanged.

Nasdaq is making this change because it believes the new volume requirement is more closely aligned to the amount of the credit. This increase is also reflective of the Exchange’s desire to provide incentives to attract order flow to the Exchange in return for significant market-improving behavior. By modestly increasing the volume of liquidity that a member must add during the month in order to qualify for the corresponding credit, this change will help ensure that members are providing significant market-improving behavior in return for credits.

Nasdaq is also proposing to add a new credit for securities that are listed on Nasdaq, NYSE and Tape B Securities. Specifically, the member will qualify for a rebate of \$0.0029 per share executed if the member (i) removes liquidity in all securities through one or more of its Nasdaq Market Center MPIDs that represents more than 0.70% of Consolidated Volume during the month, and (ii) adds liquidity in all securities through one or more of its Nasdaq Market Center MPIDs that represents more than 0.50% of Total Consolidated Volume during the month. Nasdaq is therefore amending the relevant language in Rule 7018(a)(1), (a)(2) and (a)(3) to reflect this change. Nasdaq is adding this rebate to incentivize members to both add and remove liquidity on the Exchange in Nasdaq and NYSE-listed securities and Tape B securities, and to provide members with another way in which they may qualify for a rebate.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that changing the requirement that members add liquidity that represents more than 0.45% of Consolidated Volume to require members to add liquidity that represents more than 0.60% of Consolidated Volume during the month in order to qualify for the \$0.0029 credit is reasonable. The Exchange notes that it is not changing the amount of the
