Certain Steel Nails From Taiwan: Notice of Court Decision Not in Harmony With Final Determination in Less Than Fair Value Investigation and Notice of Amended Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On October 4, 2017, the United States Court of International Trade (CIT) issued final judgment in *Mid Continent Steel & Wire, Inc. v. United States, et al.*, consolidated Court No. 15-00213, sustaining the Department of Commerce's (the Department's) final results of redetermination pursuant to remand. The Department is notifying the public that the final judgment in this case is not in harmony with the Department's

final determination in the less than fair value investigation of certain steel nails from Taiwan, and is amending the final determination with respect to the weighted-average dumping margins assigned to mandatory respondent PT Enterprise Inc. and all other producers and exporters.

Applicable: October 14, 2017.

FOR FURTHER INFORMATION CONTACT:

Scott Hoefke or Victoria Cho, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4947 or (202) 482-5075, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 20, 2015, the Department published its affirmative final determination of sales at less than fair value, in which it determined a weighted-average dumping margin of 2.24 percent for exporter PT Enterprise Inc. and its affiliated producer, Pro-Team Coil Nail Enterprise Inc. (Pro-Team) (collectively, PT).¹ The antidumping duty order was published on July 13, 2015.² Mid Continent Steel & Wire, Inc. (the petitioner); PT; and Unicatch Industrial Co., Ltd., WTA International Co., Ltd., Zon Mon Co., Ltd., Hor Liang Industrial Corporation, President Industrial Inc., and Liang Chyuan Industrial Co., Ltd. (collectively, Taiwan Plaintiffs) appealed certain aspects of the *Final Determination* to the CIT. On March 23, 2017, the CIT sustained in part, and remanded in part, the Department's *Final Determination*.³ In particular, the CIT remanded for further explanation or redetermination the issue of PT's general and administrative (G&A) expense ratio calculation.

On June 21, 2017, the Department issued its final results of redetermination pursuant to remand.⁴ The Department provided additional

explanation and made certain revisions with respect to PT's G&A expense ratio calculation.⁵ Specifically, the Department explained that it calculates the G&A expense ratio based on the company-wide G&A expenses of the company (*i.e.*, the operating expenses, per the audited financial statements, which are those costs that do not relate directly to the manufacture of products during the period of investigation or review, but, instead, relate to the general operations of the company during this period) allocated over the company's company-wide cost of sales, or cost of goods sold (COGS) (*i.e.*, the operating costs, per the audited financial statements, which directly relate to the manufacture of specific products). With respect to the specific costs and expenses at issue, the Department further explained that it allocated the costs and expenses by looking at how Pro-Team allocated such costs in its audited financial statements. Concerning a subsidy received by Pro-Team to support its steam production products business, the Department reconsidered its prior determination and included the subsidy as part of Pro-Team's G&A expenses, as opposed to its COGS. The Department explained that it revised its treatment of the subsidy because, as supported by Pro-Team's own books and records, the subsidy related to general, not operating expenses. As a result of these changes, the Department determined a weighted-average dumping margin of 2.16 percent for PT, which also resulted in a revised rate of 2.16 percent for all other producers and exporters.⁶

On October 4, 2017, the CIT entered judgment sustaining the Department's *Remand Results*.⁷

Amended Final Results

Because there is now a final court decision, the Department amends the *Final Determination* with respect to the margin assigned to PT and for all other producers and exporters.¹⁰

Cash Deposit Requirements

Since the *Final Determination*, the Department has not established a new cash deposit rate for PT or all other producers and exporters. As a result, in accordance with section 735(c)(1)(B) of the Act, the Department will instruct U.S. Customs and Border Protection to collect cash deposits at the rates for entries of subject merchandise in accordance with the rates for exporters and producers listed above in this notice, effective October 14, 2017.

¹¹ In the *Final Determination* and the *Order*, the Department only listed PT Enterprise Inc., an exporter, and did not include its affiliated producer, Pro-Team Coil Nail Enterprise, Inc., in the chart reflecting final weighted-average dumping margins. For clarity and for purposes of issuing our cash deposit instructions to CBP, we now include reference to Pro-Team Coil Nail Enterprise, Inc. in this amended final determination.

Low Melt Polyester Staple Fiber From the Republic of Korea and Taiwan: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective November 20, 2017.

FOR FURTHER INFORMATION CONTACT: Alice Maldonado at (202) 482-4682 (Republic of Korea (Korea)) or Rebecca M. Janz at (202) 482-4682 (Taiwan), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 17, 2017, the Department of Commerce (the Department) initiated less-than-fair-value (LTFV) investigations of imports of low melt polyester staple fiber (low melt PSF) from Korea and Taiwan.¹ Currently, the preliminary determinations are due no later than December 4, 2017.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in an LTFV investigation within 140 days after the date on which the Department initiated the investigation. However, section 733(c)(1) of the Act permits the Department to postpone the preliminary determination until no later than 190 days after the date on which the Department initiated the investigation if: (A) the petitioner² makes a timely request for a postponement; or (B) the Department concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must

state the reasons for the request. The Department will grant the request unless it finds compelling reasons to deny the request. See 19 CFR 351.205(e).

On November 7, 2017, the petitioner submitted a timely request that the Department postpone the preliminary determinations in these LTFV investigations.³ The petitioner stated that it requests postponement because the Department is still gathering data and questionnaire responses, and additional time is necessary for the Department and interested parties to review and analyze all questionnaire responses, as well as for interested parties to comment on these responses.⁴

For the reasons stated above and because there are no compelling reasons to deny the request, the Department, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, the Department will issue its preliminary determinations no later than January 23, 2018. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 14, 2017.
