

(2) *Mail*. Submit written comments to Docket Manager, Office of Chief Counsel, DHS/FEMA, 500 C Street SW., 8NE, Washington, DC 20472–3100.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available via the link in the footer of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Leah Davis, Program Manager, Disaster Management Support Environment, Recovery Technology Programs Division, 540–686–3227. You may contact the Records Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93–288, as amended, is the legal basis for FEMA to provide financial assistance and services to individuals who apply for disaster assistance benefits in the event of a federally-declared disaster. 44 CFR 206.110 implements the policy and procedures set forth in section 408 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5174, as amended by the Disaster Mitigation Act of 2000. This program provides financial assistance and, if necessary, direct assistance to eligible individuals and households who, as a direct result of a major disaster or emergency, have uninsured or under-insured necessary expenses and serious needs and are unable to meet such expenses or needs through other means. Individuals and households that apply for this assistance must provide information detailing their losses and need.

FEMA requires the ability to collect information regarding the housing needs of survivors in shelters to provide services and assistance to transition them out of shelters and into temporary housing solutions as quickly as possible. Survivor-specific data collected in the shelters would be compared to survivor registration data to determine:

- Has the survivor in the shelter registered for FEMA assistance?
- If registered, what is the status of the survivor's registration? Do they have resources such as Transitional

Sheltering Assistance (TSA) eligibility or financial rental assistance, available to them?

- If registered and not eligible for FEMA assistance, is there casework that could be performed to find eligibility?

- If not registered, information would be provided to the Joint Field Office (JFO) to have a registration strike team travel to the shelter and register the survivor.

Aggregated reports resulting from the individualized data collection will support JFO planning activities for shelter depopulation to ensure that survivors are transitioned as quickly as possible to housing solutions that best meet their need.

Collection of Information

Title: Survivor Sheltering Assessment.

Type of Information Collection:

Currently approved information collection with change.

OMB Number: OMB No. 1660–0142.

FEMA Form(s): FEMA Form 09–0–42, Survivor Sheltering Assessment.

Abstract: When a Presidential federally declared disaster or emergency occurs, impacted survivors often find themselves temporarily housed in shelters until they are able to return to their homes or find other housing solutions while they recovery. A FEMA employee will interview individual survivors located in shelters regarding the registration status and housing situation using an electronic copy of FEMA Form 009–0–42 Survivor Sheltering Assessment to record the information in the Disaster Management Support Environment Cloud Environment (DMSE CE) database. The purpose of this survey is to help FEMA understand how best it can support survivors as they transition out of temporary shelters. No information given will be used to determine eligibility for assistance. Eligibility for assistance will only be determined through the separate registration process.

Affected Public: Individuals and Households.

Estimated Number of Respondents: 31,200.

Estimated Number of Responses: 31,200.

Estimated Total Annual Burden Hours: 5,201.

Estimated Total Annual Respondent Cost: \$181,203.

Estimated Respondents' Operation and Maintenance Costs: None.

Estimated Respondents' Capital and Start-Up Costs: None.

Estimated Total Annual Cost to the Federal Government: \$273,356.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Dated: November 15, 2017.

Tammi Hines,

Records Management Program Chief, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111–23–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2017–0002; Internal Agency Docket No. FEMA–B–1760]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in

accordance with Title 44, Part 65 of the Code of Federal Regulations (44 CFR part 65). The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA

Map Service Center at <https://msc.fema.gov> for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in

effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Candidate Conservation Agreements With Assurances Policy

AGENCY: U.S. Fish and Wildlife Service (FWS), Interior; National Marine Fisheries Service (NMFS), Commerce.

ACTION: Policy review; request for comments.

SUMMARY: The U.S. Fish and Wildlife Service and the National Marine Fisheries Service (Services when referring to both, and Service when referring to an action taken by one agency), announce the intention to review and potentially revise the

Candidate Conservation Agreements with Assurances policy under the Endangered Species Act of 1973, as amended. In a separate document published in today's **Federal Register**, the U.S. Fish and Wildlife Service announces the intention to review and potentially revise its regulations regarding Candidate Conservation Agreements with Assurances to make them consistent with any changes to the policy.

DATES: We will accept comments that we receive on or before January 22, 2018. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES**) must be received by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES: You may submit comments by either of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. In the Search box, enter docket number FWS-HQ-ES-2017-0074. Then, click on the Search button. On the resulting page, you may enter a comment by clicking on "Comment Now!" Please ensure that you have found the correct document before submitting your comment.
