BILLING CODE 3510-22-P

broadband network (NPSBN) that allows law enforcement officers, fire fighters, emergency medical service professionals, and other public safety officials to effectively communicate with each other across agencies and jurisdictions. Public safety workers have long been hindered in their ability to respond in a crisis situation because of incompatible communications networks and often outdated communications equipment.

The Act established the First Responder Network Authority (FirstNet) as an independent authority within NTIA and authorizes it to take all actions necessary to ensure the design, construction, and operation of the NPSBN, based on a single, national network architecture.

The Act also charged NTIA with establishing a grant program, the State and Local Implementation Grant Program (SLIGP), to assist State, regional, tribal, and local jurisdictions with identifying, planning, and implementing the most efficient and effective means to use and integrate the infrastructure, equipment, and other architecture associated with the NPSBN to satisfy the wireless broadband and data services needs of their jurisdictions. NTIA originally awarded \$116.5 million in grant funds to 54 state and territorial recipients between July and September 2013. The original SLIGP grant awards end on February 28, 2018.

With an available balance of up to \$43.4 million from the original SLIGP fund of \$116.5 million, NTIA will continue to provide funding through SLIGP 2.0 grants to assist State, regional, tribal, and local jurisdictions to engage effectively with FirstNet and provide it with information needed to continue with planning the NPSBN and the deployment of the Radio Access Network (RAN) in an effective and timely manner, as required by the Act. NTIA will use the collection of information to monitor and evaluate how SLIGP 2.0 grant recipients are achieving the core purposes of the program established by the Act.

NTIA received one comment during the 60-Day PRA Notice comment period. The Bureau of Communications and Information Services of the Pennsylvania State Police submitted comments to NTIA. Two of its comments are in agreement with NTIA's proposed data collection and the estimated burden of hours and costs to submit required reporting for SLIGP 2.0 grantees.

It also commented on comparing quarterly progress to a grantee's baseline, allowing a single quarterly

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Billfish Tagging Report.

OMB Control Number: 0648-0009.

Form Number(s): 88-162.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 1,000.

Average Hours per Response: 5 minutes.

Burden Hours: 83.

Needs and Uses: This request is for extension of a currently approved information collection. The National Oceanic and Atmospheric Administration's Southwest Fisheries Science Center operates a billfish tagging program. Tagging supplies are provided to volunteer anglers. When anglers catch and release a tagged fish they submit a brief report on the fish

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Agency Information Collection Activities; Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Telecommunications and Information Administration.

Title: State and Local Implementation Grant Program 2.0 Reporting Requirements.

OMB Control Number: None.

Form Number(s): None.

Type of Request: Regular submission.

Number of Respondents: 56.

Average Hours per Response:

Quarterly reports 12.5 hours.

Burden Hours: 2,800.

Needs and Uses: The Middle Class Tax Relief and Job Creation Act of 2012 (Act, Pub. L. 112-96, 126 Stat. 156 (2012)) was enacted in February, 2012. The Act meets a long-standing national priority, as well as a critical national infrastructure need, to create a single, interoperable, nationwide public safety
