

Subpart CC, the Commission adopted definitions of ambiguous terms, procedural requirements, and remedies to provide guidance to all stakeholders on the proper interpretation of the provision and to enforce its requirements, reducing delays in the review process for wireless infrastructure modifications and facilitating the rapid deployment of wireless infrastructure.

The following are the information collection requirements in connection with Subpart CC of Part 1 of the Commission's rules:

- 47 CFR 1.40001(c)(3)(i)—To toll the 60-day review timeframe on grounds that an application is incomplete, the reviewing State or local government must provide written notice to the applicant within 30 days of receipt of the application, clearly and specifically delineating all missing documents or information. Such delineated information is limited to documents or information meeting the standard under paragraph (c)(1) of Section 1.140001.

- 47 CFR 1.140001(c)(3)(iii)—Following a supplemental submission from the applicant, the State or local government will have 10 days to notify the applicant in writing if the supplemental submission did not provide the information identified in the State or local government's original notice delineating missing information. The timeframe for review is tolled in the case of second or subsequent notices of incompleteness pursuant to the procedures identified in paragraph (c)(3). Second or subsequent notices of incompleteness may not specify missing documents or information that were not delineated in the original notice of incompleteness.

- 47 CFR 1.140001(c)(4)—If a request is deemed granted because of a failure to timely approve or deny the request, the deemed grant does not become effective until the applicant notifies the applicable reviewing authority in writing after the review period has expired (accounting for any tolling) that the application has been deemed granted.

These collections are necessary to effectuate the rule changes that implement and enforce the requirements of Section 6409(a).

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0084]

Information Collection Approved by the Office of Management and Budget (OMB)

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval, via a non-substantive change request, of changes to information collection requirements associated with FCC Form 323-E (Ownership Report for Noncommercial Broadcast Stations), which the Commission adopted in the *Order on Reconsideration*, FCC 17-42, published at 82 FR 21718, May 10, 2017. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid control number. Comments concerning the accuracy of the burden estimates and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: Cathy Williams, *Cathy.Williams@fcc.gov*, (202) 418-2918.

SUPPLEMENTARY INFORMATION:

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060-0084.

OMB Approval Date: May 31, 2017.

OMB Expiration Date: November 30, 2019.

Title: Ownership Report for Noncommercial Educational Broadcast Stations, FCC Form 323-E; Section 73.3615, Ownership Reports.

Form Number: FCC Form 323-E.

Respondents: Not-for-profit institutions.

Number of Respondents and Responses: 2,636 respondents; 2,636 responses.

Estimated Time per Response: 1 to 1.5 hours.

Frequency of Response: On occasion reporting requirement; biennial reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152(a), 154(i), 257, 303(r), 307, 308, 309, and 310.

Total Annual Burden: 3,867 hours.

Total Annual Cost: \$2,319,900.

Nature and Extent of Confidentiality: FCC Form 323-E collects two types of information from respondents: PII in the form of names, addresses, job titles and demographic information; and FCC Registration Numbers (FRNs).

The FCC/MB-1 SORN, which was approved on November 28, 2016 (81 FR 72047), covers the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on Form 323-E, as required under the *Privacy Act of 1974*, as amended (5 U.S.C. 552a). The Commission is drafting a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the Commission has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060-0917). Form 160 currently requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic Commission Registration System (CORES) then provides each registrant with a CORES FRN, which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy. Form 160 requires applicants for Restricted Use FRNs to provide an alternative set of identifying information that does not include the individual's full SSN: His/her full name, residential address, date of birth, and only the last four digits of his/her SSN. Restricted Use FRNs may be used in lieu of CORES FRNs only on broadcast ownership reports and only for individuals (not entities) reported as attributable interest holders. The Commission maintains a SORN, FCC/OMB-25, Financial Operations Information System (FOIS), to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on Form 160. Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

Privacy Act: The Commission is drafting a Privacy Impact Assessment (PIA) for the personally identifiable information (PII) that is covered by the system of records notice (SORN), FCC/MB-1, Ownership Reports for Commercial and Noncommercial Broadcast Stations. Upon completion of the PIA, it will be posted on the FCC's Web site, as required by the Office of Management and Budget (OMB)

Memorandum, M–03–22 (September 22, 2003).

Needs and Uses: On January 20, 2016, the Commission released a *Report and Order, Second Report and Order, and Order on Reconsideration* in MB Docket Nos. 07–294, 10–103, and MD Docket No. 10–234 (*323 and 323–E Order*). The *323 and 323–E Order* refines the collection of data reported on FCC Form 323, Ownership Report for Commercial Broadcast Stations, and FCC Form 323–E, Ownership Report for Noncommercial Broadcast Stations. Specifically, the *323 and 323–E Order* implements a Restricted Use FRN (RUFNRN) within the Commission’s Registration System (CORES) that individuals may use solely for the purpose of broadcast ownership report filings; eliminates the availability of the Special Use FRN (SUFNRN) for broadcast station ownership reports, except in very limited circumstances; prescribes revisions to Form 323–E that conform to the reporting requirements for noncommercial educational (NCE) broadcast stations more closely to those for commercial stations; and makes a number of significant changes to the Commission’s reporting requirements that reduce the filing burdens on broadcasters, streamline the process, and improve data quality.

On April 21, 2017, the Commission released an *Order on Reconsideration* in MB Docket No. 07–294 and MD Docket No. 10–23 (*323–E Reconsideration Order*). The *323–E Reconsideration Order* expands the option to use

SUFNRNs on Form 323–E. This action addresses several petitions for reconsideration of the *323 and 323–E Order* and properly balances the Commission’s need to improve the integrity and usability of its broadcast ownership data with the concerns raised in the petitions for reconsideration.

Licensees of noncommercial educational AM, FM, and television broadcast stations must file FCC Form 323–E every two years. Pursuant to the new filing procedures adopted in the *323 and 323–E Order*, Form 323–E shall be filed by December 1 in all odd-numbered years. Form 323 shall be filed by December 1 in all odd-numbered years. On September 1, 2017, the Commission’s Media Bureau released an Order in MB Docket No. 07–294, DA 17–813, postponing the opening of the 2017 biennial filing window for the submission of broadcast ownership reports on FCC Forms 323 and 323–E and extending the 2017 filing deadline. Biennial Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed.

In addition, Licensees and Permittees of noncommercial educational AM, FM, and television stations must file Form 323–E following the consummation of a transfer of control or an assignment of a noncommercial educational AM, FM, or television station license or construction permit; a Permittee of a new noncommercial educational AM, FM, or television station must file Form 323–E within 30 days after the grant of

the construction permit; and a Permittee of a new noncommercial educational AM, FM, or television station must file Form 323–E to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate Form 323–E must be filed for each entity in the organizational structure that has an attributable interest in the Licensee or Permittee.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

Open Commission Meeting, Thursday, November 16, 2017

November 9, 2017.

The Federal Communications Commission will hold an Open Meeting on the subjects listed below on Thursday, November 16, 2017 which is scheduled to commence at 10:30 a.m. in Room TW–C305, at 445 12th Street SW., Washington, DC.

Item No.	Bureau	Subject
1	CONSUMER & GOVERNMENTAL AFFAIRS.	<i>Title:</i> Advanced Methods to Target and Eliminate Unlawful Robocalls (CG Docket No. 17–59)). <i>Summary:</i> The Commission will consider a Report and Order that would expressly authorize voice service providers to block certain types of robocalls that falsely appear to be from telephone numbers that do not or cannot make outgoing calls. It also would prohibit voice service providers from blocking 911 calls under these rules, encourage voice service providers to provide a mechanism to allow subscribers whose legitimate calls are blocked in error to stop such blocking, and clarify that providers may exclude calls blocked under these rules from their call completion reports.
2	OFFICE OF ENGINEERING & TECHNOLOGY, INTERNATIONAL AND WIRELESS TELECOMMUNICATIONS.	<i>Title:</i> Use of Spectrum Bands Above 24 GHz For Mobile Radio Services (GN Docket No. 14–177); Establishing a More Flexible Framework to Facilitate Satellite Operations in the 27.5–28.35 GHz and 37.5–40 GHz Bands (IB Docket No. 15–256); Amendment of Parts 1, 22, 24, 27, 74, 80, 90, 95, and 101 To Establish Uniform License Renewal, Discontinuance of Operation, and Geographic Partitioning and Spectrum Disaggregation Rules and Policies for Certain Wireless Radio Services (WT Docket No. 10–112); Allocation and Designation of Spectrum for Fixed-Satellite Services in the 37.5–38.5 GHz, 40.5–41.5 GHz and 48.2–50.2 GHz Frequency Bands; Allocation of Spectrum to Upgrade Fixed and Mobile Allocations in the 40.5–42.5 GHz Frequency Band; Allocations of Spectrum in the 46.9–47.0 GHz Frequency Band for Wireless Services; and Allocation of Spectrum in the 37.0–38.0 and 40.0–40.5 GHz for Government Operations (IB Docket No 97–95). <i>Summary:</i> The Commission will consider a Second Report and Order, Second Further Notice of Proposed Rulemaking, Order on Reconsideration, and Memorandum Opinion and Order that would make available 1,700 MHz of additional high-frequency spectrum for flexible terrestrial wireless use; provide 4 gigahertz for satellite use; and adopt, refine, or affirm a number of service rules to promote robust deployment in these bands, and a Second Further Notice of Proposed Rulemaking seeking comment on certain related earth station, buildout, and licensing issues.
3	WIRELINE TELECOMMUNICATIONS.	<i>Title:</i> Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment (WT Docket No. 17–79).
