

“To maximize the comparability of data, time series continuity is maintained to the extent possible;” (2) the intention to retain the 2010 SOC Coding Guidelines; (3) the intention to retain the 2010 SOC Major Group structure; (4) proposals for the correction, change, or combination of 2010 SOC detailed occupations; and (5) proposals for new detailed occupations. The comment period for the May 22, 2014, **Federal Register** notice closed on July 21, 2014. Approximately 300 public comments were received in response to this May 22, 2014, notice.

OMB published the SOCPC interim recommendations in the July 22, 2016, **Federal Register** (81 FR 48306) requesting public comment on: (1) The 2018 SOC Classification Principles and Coding Guidelines recommended by the SOCPC; (2) the proposed hierarchical structure of the 2018 SOC, including changes to the major, minor, broad, and detailed occupation groups; (3) the titles, placement, and codes of new occupations that the SOCPC recommended be added in the revised 2018 SOC; and (4) preliminary definitions for revised and proposed 2018 SOC occupations. In conjunction with the publication of the July 22, 2016, **Federal Register** notice, rationales for the recommended changes in response to specific comments from the May 22, 2014, **Federal Register** notice were made available on the SOC Web site at <https://www.bls.gov/SOC/>. More than 6,300 public comments were received in response to the July 22, 2016, **Federal Register** notice.

The SOCPC’s final recommendations of additional changes to the SOC structures and definitions were shared with OMB in a report; this report will be available at <https://www.bls.gov/SOC/>.

Public Comments

Each of the more than 6,300 individual public comments in response to the July 22, 2016, **Federal Register** notice received a unique docket number when received and similar dockets were reviewed simultaneously by the workgroups and the SOCPC. In total, approximately 223 unique issues were identified in commenters’ correspondence. The SOCPC’s full set of responses to the comments received in response to the July 22, 2016, **Federal Register** notice will be available at <https://www.bls.gov/SOC/>.

In some cases, the SOCPC recommended changes to the 2018 SOC based on input from member agencies and workgroups, separate from the public comment process. Changes to titles and definitions that resulted do

not necessarily alter occupational coverage, but rather refine how occupations are described. For example, the SOCPC recommended accepting the internal suggestion for a different title, “Radiologic Technologists and Technicians” (29–2034) in place of the former 2010 SOC title, “Radiologic Technologists.”

Many proposed new occupations were found to be already covered in the definition of an existing SOC occupation, resulting in no SOCPC recommended change or a SOCPC recommended change for clarification to the title or definition.

2018 Revision for the SOC—OMB Decision

The SOCPC’s final recommendations for the 2018 revision to the SOC included a number of significant changes, including new occupations. Many recommended changes modified occupations’ titles and definitions to appropriately reflect technological advancements within the occupations. Significant recommended updates were recommended in the management, business, finance, information technology, engineering, social science, education, media, healthcare, personal care, extraction, and transportation occupations.

Through this notice, OMB announces its final decisions regarding the 2018 revision to the SOC. OMB’s final decision is to adopt all of the SOCPC’s final recommendations with the exception of one. The SOCPC recommended no change to the title of the 2010 SOC occupation 43–5031 Police, Fire, and Ambulance Dispatchers for the 2018 revision. OMB has decided not to accept the SOCPC’s recommendation in this case and to change the title of the 2010 SOC occupation 43–5031 Police, Fire, and Ambulance Dispatchers to 43–5031 Public Safety Telecommunicators for the 2018 revision to the SOC. OMB made this decision to reflect better the full scope of occupations organized under this title. All other SOCPC recommendations are adopted as part of OMB’s final decision on the 2018 revision to the SOC and are outlined on the SOC Web site at <https://www.bls.gov/SOC/>; the final 2018 SOC will be published in the online 2018 SOC Manual following publication of this notice.

Compared to the 2010 SOC, the 2018 SOC realized a net gain of 27 detailed occupations and 1 minor group. The net number of broad occupations fell by 2 and the number of major groups remained unchanged. The 2018 SOC system contains 867 detailed

occupations, aggregated into 459 broad occupations. In turn, the SOC combines these 459 broad occupations into 98 minor groups and 23 major groups. Of the 867 detailed occupations in the 2018 structure, 472 remained unchanged from 2010. Seventy detailed occupations are new to the 2018 SOC. Additional details describing the 2018 revisions are available on the SOC Web site at <https://www.bls.gov/SOC/>.

Next Steps

Implementation: Federal statistical agencies will implement the 2018 SOC as soon as is practical after its publication with the earliest implementations corresponding to collections with reference timeframes on or after January 1, 2018.

Maintaining currency. The SOCPC will continue to meet periodically following publication of the 2018 SOC Manual, particularly to consider new and emerging occupations and additional titles for the Direct Match Title File.

SOC users are reminded that the SOC coding system is designed to allow for delineation of occupations below the detailed occupation level for parties wishing to collect additional levels of detail, as stated in Coding Guideline 3, available at <https://www.bls.gov/SOC/>. OMB recommends that those needing extra detail consider using the structure of the Department of Labor’s Employment and Training Administration’s Occupational Information Network (O*NET), which adds a decimal point and additional digit (s) after the sixth digit of SOC codes.

Acting Deputy Administrator, Office of Information and Regulatory Affairs.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2018–006]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records

schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by December 28, 2017. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740–6001.

Email: request.schedule@nara.gov.

Fax: 301–837–3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740–6001, by phone at 301–837–1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: NARA publishes notice in the **Federal Register** for records schedules they no longer need to conduct agency business. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA's

approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without Archivist of the United States' approval. The Archivist approves destruction only after thoroughly considering the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, this notice lists the organizational unit(s) accumulating the records (or notes that the schedule has agency-wide applicability when schedules cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.

Schedules Pending

1. Department of Agriculture, Rural Development (DAA–0572–2017–0005, 13 items, 13 temporary items). Records documenting the Water and Environmental Loan programs,

NATIONAL FOUNDATION FOR THE ARTS AND THE HUMANITIES

Institute of Museum and Library Services

Notice of Proposed Information Collection Requests: 2019-2021 IMLS Collections Assessment for Preservation Program

AGENCY: Institute of Museum and Library Services, National Foundation for the Arts and the Humanities.

ACTION: Notice, request for comments on this collection of information.

SUMMARY: The Institute of Museum and Library Services (IMLS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act. This pre-clearance consultation program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. By this notice, IMLS is soliciting comments concerning the Collections Assessment for Preservation (CAP) Program designed to support collections assessments for small and medium-sized museums throughout the nation.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before January 24, 2018.

IMLS is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques, or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSES: Send comments to: Dr. Sandra Webb, Senior Advisor, Office of the Director, Institute of Museum and Library Services, 955 L'Enfant Plaza North SW., Suite 4000, Washington, DC 20024-2135. Dr. Webb can be reached by Telephone: 202-653-4718 Fax: 202-653-4608, or by email at swebb@imls.gov, or by teletype (TTY/TDD) for persons with hearing difficulty at 202-653-4614.

SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation's approximately 120,000 libraries and 35,000 museums and related organizations. Our mission is to inspire libraries and museums to advance innovation, lifelong learning, and cultural and civic engagement. Our grant making, policy development, and research help libraries and museums deliver valuable services that make it possible for communities and individuals to thrive. To learn more, visit www.imls.gov.

II. Current Actions

The Collections Assessment for Preservation Program (CAP) is designed to support collections assessments for small and medium-sized museums throughout the nation. The collections assessment is a study of all of the institution's collections, buildings and building systems, as well as its policies and procedures relating to collections care. Participants who complete the program receive an assessment report with prioritized recommendations to improve collections care.
