

of a currently approved information collection.

Abstract: This collection of information involves the financial resource reporting requirements set forth in section 39.11 of the Commission's regulations.

Section 5b(c)(2) of the Commodity Exchange Act (CEA or Act)¹ sets forth certain core principles with which a derivatives clearing organization (DCO) must comply in order to become registered with the Commission and to maintain such registration. One of these core principles, core principle B, sets forth the financial resource requirements applicable to DCOs. Section 5b(c)(2) also requires DCOs to comply with the regulations promulgated by the Commission pursuant to section 8a(5) of the Act.² Section 39.11 of the Commission's regulations, which implements core principle B, includes the financial resource reporting requirements that are the subject of this information collection. The information collection is necessary for, and would be used by, the Commission to evaluate a DCO's compliance with the financial resource requirements for DCOs prescribed in the Commodity Exchange Act, including core principle B, and the Commission's regulations.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the

Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in section 145.9 of the Commission's regulations.³ The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the information collection requirement will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: As noted above, this information collection renewal involves the requirement that a DCO that is registered with the Commission report certain information regarding its financial resources, the value thereof, and the basis for these calculations that is necessary for the Commission to assess the DCO's compliance with the financial resource requirements of the CEA and the Commission's regulations. The reporting requirements are contained in section 39.11 of the Commission's regulations. The Commission has revised its estimate of the total annual burden hours for this collection to account for an increase in the number of respondents (from 14 to 17), but has maintained the original burden hour estimate of 10 hours per quarterly report as the reporting requirements have remain unchanged.

The respondent burden for this collection is estimated to be as follows:
